Less for Food**

By United Press

WASHINGTON, Jan. 8.—The American housewife, according to labor department statistics, is paying less for her food today than she has in years.

Latest figures available, compiled from averages of actual selling prices, show that retail food prices in November, 1931, were 17.5 per cent less than in the corresponding month of 1930.

November prices averaged 2 per cent lower than those of October, 1931, and only 11.3 per cent higher than November, 1930.

A pound of butter can be bought for a cent less than it cost eighteen years ago. The department's figures show butter was 37.4 cents per pound last November, 38.7 cents in November, 1931, and 45.4 cents in November, 1930.

Fresh eggs were 10 cents cheaper last November than they were in the corresponding month of 1931. Potatoes showed a fractional decrease under prices of eighteen years ago.

**Despondent, Listless Girls**

SHE LOOKS despondent, worn-out and depressed. Young girls budding into womanhood often get quiet and listless. Lassitude overtakes them. *They should be watched!*

"I have a headache," they quietly complain. "My back bothers me... I guess I'll lie down."
