

# RACKET KILLING SPURS CLEANING INDUSTRY PROBE

Trade War Is Blamed for Murder of Chicago Inventor, Gang Foe.

By United Press  
CHICAGO, Jan. 13.—The slaying of a crusading inventor today brought a searching investigation of the cleaning industry, termed racket-killing by state investigators.

Revelations given by Mrs. Daisy Rosenberg, iron-nerved widow of thirty-six hours, whose husband's death was laid to warfare among cleaners, gave impetus to the inquiry.

Raiding squads arrested two suspects in the brutal killing and were hunting two leaders in the Capone gang for questioning. It was Al Capone who several years ago was hired by one cleaner to protect his plant and trucks from attacks of gangsters who sought to control the lucrative industry.

Edwin Dufficy, assistant state's attorney, called the Rosenberg killing a challenge to the industry to purge itself of the gangster elements recently engaged in a campaign of intimidation against independent dealers.

Rosenberg had been forced from the cleaning and dyeing business once when he refused to submit to union demands, his widow said. Then he invented a new process for dry cleaning overalls. Despite death threats he carried on.

Acid was thrown on clothes in his plants and he was to have been a witness in the trial of two men charged with the violence.

Rosenberg became a crusader in his fight against the racketeers. He was author of a pamphlet flaying introduction of rackets in the cleaning industry and revealing methods by which gangsters sought to coerce honest dealers into line.

Police were convinced he was slain either to prevent his testifying in the acid-throwing trial or to end his crusade against racketeers.

**Accused**  
Held on board a warship at Pearl Harbor, Hawaii, Lieutenant Thomas H. Massie, above, is one of four persons charged with the murder of a native. The latter had been named by Mrs. Massie as one of five men who attacked her.

## Gone, but Not Forgotten

Automobiles reported to police as stolen belong to:  
Carl King, Elwood, Chrysler, from Walnut and Pennsylvania streets.  
Charles Wiggins, 2256 Indianapolis avenue, Chrysler coupe, 32-759 (1931), from front of 1909 North West street.  
C. C. Adams, 1811 Central avenue, Ford sedan, 61-694, from Market and East streets.  
J. D. Faxston, 332 Dorman street, Whippet sedan, 737-288 (1931), from Michigan street and Capitol avenue.  
John Messick, 3525 Washington boulevard, Hudson sedan, 47-259 (1931), from Michigan and Meridian streets.  
Indianapolis Live Stock Journal, Stockyards, reported by Philip Lewis, Ford coupe, 86-032 (1931), from St. Clair and Meridian streets.  
James Cox, 1833 Newland avenue, Chevrolet sedan, 80-780 (1931), from Eleventh street and College avenue.  
J. C. Anthony, 2156 South Emerson avenue, Ford coach, 41-738 (1931), from Walcott avenue and Michigan street.  
W. C. Cook, Cincinnati, DeSoto roadster, from in front of Antler's hotel.

## BACK HOME AGAIN

Stolen automobiles recovered by police belong to:  
Jack Carr, 3439 Wumbros avenue, Ford coupe, found at Burdall, Beckway and Barnes avenue.  
Durant coach, M-357, found at Thirtieth and Delaware streets.  
John O'Connor, 2247 Broadway, Chevrolet sedan, found at 1232 Yandra street.  
M. Goldberg, 867 Highland drive, Buick sedan, found at Tenth street and Massachusetts avenue.

# SEVEN HURT IN AUTO CRASHES; SEEK 2 DRIVERS

One Hit-Run Motorist Is Believed to Have Been a Woman.

Automobile accidents on slippery streets Tuesday night resulted in injuries to seven persons. Police today are seeking two hit-and-run drivers.

Struck by an automobile near his home, Robert Cornwell, 9, of 336 Prospect street, suffered a broken left leg and eye cuts late Tuesday. He was sent to city hospital. Carl W. Resles, 928 Garfield drive, operator of the automobile, was not held.

A hit-and-run driver, believed to be a woman, who struck Miss Caroline Davis, 418 East Troy avenue, near her home Tuesday night, is the object of police search. Miss Davis

was knocked to the pavement and incurred head bruises.  
Ed Quackenbush, 61, was cut and bruised when struck by a hit-and-run driver as he crossed the Kentucky avenue White river bridge Tuesday night. He was treated at city hospital.

When the car in which she was riding struck a utility pole, Miss Mary McIntosh, 15, of 1839 North Rural street, sustained severe chest injuries. Driver of the car was Arthur Viewegh, 21, of 1339 South-eastern avenue.

Willie Tibbs, 336 Hanson avenue, suffered head cuts and was arrested for failure to have a driver's license, after a collision at Delaware and St. Clair streets. His nephew, Willie Tibbs, 9, also was cut and bruised.

Walter Harris, 25, of 221 East Ninth street, Apt. 1, incurred a broken leg when struck by an auto at Ft. Wayne avenue and Alabama street. B. E. McCoy, 1655 North Alabama street, Apt. 36, driver of the car, was not held.

Head and body cuts and bruises were incurred by Austin Wright, 42, of 1210 East Tenth street, when he was struck by an auto at Tenth and Dorman streets.

Cocktails are, according to an English expert, about the worst form in which alcohol can be taken.

# LOOT IS SMALL IN BURGLARIES

Homes, Stores Yield Less Than \$200, Police Say.

Looting homes and stores Tuesday night, thieves obtained less than \$200, police reports disclosed today.

Office equipment valued at \$135 was stolen from the Gold Bank Bakers Supply Company, 28 South Cruse street, John Shroyer, manager, reported to detectives.

Thieves who smashed a window at the J. E. Gahn drug store, Thirtieth street and Cornell avenue, stole a quantity of cigarettes and candy.

Others reporting thefts and losses are: Miss Cecile Fountain, 1301 North Alabama street, \$26; Harry Gold, 1601 Columbia avenue, \$18; Mrs. Edward Bock, 4602 East Tenth street, unestimated; Capitol Motors Company, 447 North Capitol avenue, unestimated; and E. F. Shearer, 254 West Ray street, \$10.

**TWICE A DAY TO PREVENT COLDS**

**66% reduction in number**

We offer you this suggestion for the use of Listerine in the hope that it may spare you or members of your family an uncomfortable, costly, and possibly dangerous siege of illness.

**From 50% to 66% Fewer Colds**

Prolonged tests conducted under medical supervision on 204 persons in normal health uncover truths no sensible person should overlook. Standing forth is Listerine's remarkable ability to prevent colds. And to lessen their severity.

They prove that those who gargled with full strength Listerine twice a day contracted only half as many colds—and in some cases one-third as many colds—as those who did not gargle at all. A

reduction between 50% and 66%!

When colds did develop among Listerine users, they lasted only one-third as long and were one-quarter as severe. Bear that in mind.

**Ordinary Mouthwashes Fail**

Such performance, of course, could not be expected from harsh mouthwashes which, by irritating the tissue, allow germs easier entrance. Nor could they be expected from weak, watered imitations of Listerine often devoid of any germicidal power whatever.

Only full strength Listerine, under clinical tests, has shown such preventive action and curative effect.

**Effective Because Safe**

Such amazing results are due to

the fact that Listerine kills germs in the mouth in the fastest time without injury to tissue. Unlike that of harsh mouthwashes, its effect is actually healing.

So, while Listerine attacks the cause of infection, it relieves the irritation that accompanies it.

**Be Systematic**

Make a habit of gargling full strength Listerine every morning and every night. Thus, you keep your breath beyond suspicion and help Nature to ward off colds and sore throat. Once a cold threatens to become serious, increase the frequency of the gargle to once every two hours, meanwhile calling your doctor. Lambert Pharmaceutical Co., St. Louis, Mo., U. S. A.

**Choose Mouthwashes Carefully**

Some are watered—others dangerous

Of 203 Listerine imitations which were analyzed, 94 were non-antiseptic, 107 could not kill germs in 3 minutes. 143 were unable to kill germs in 1 minute. Some, used with water, were useless. Others were so harsh they irritated mouth tissue and were, therefore, dangerous.

**LISTERINE effective because SAFE**
