Daily Recipe

STEAMED APRICOT PUDDING

1-2 pound dried apricots
1 1-2 cups sifted soft-wheat flour
1-2 cup suet
1-2 cup sugar
1 egg
2 teaspoons baking powder
1-4 teaspoon salt
1-2 cup milk

Wash the apricots, chop fine, and mix with 2 table-spoons of the flour. Sift the remaining flour with the baking powder and salt. Cream the fat, add the sugar, and well-beaten eggs, and add alternately with the milk to the sifted dry ingredients. Stir in the apricots. Pour into a greased mold, cover, and steam for 2 hours. Serve with vanilla sauce.

CHES SHOULD GO BY 5TH HOUR

Mustard safe "counter-irritant" is often effective after first application and usually draws out muscular soreness and pain by 5th hour.

MUSTEROLE

MODEL FOR FASHION SHOW

Miss Janet Adams, debutant daughter of Mr. and Mrs. Roy Elder Adams, 4145 Washington boulevard, is one of the "daughters" who will model southern wear and new spring styles at the fashion dinner of the Indianapolis Athletic Club Wednesday night.

Miss Adams is pictured wearing a sheath gown of white Irish crochet with a diminutive shoulder cape, the low décolletage finished in back with a flame-colored flower and in front with a cowl. Miss Adams, with other daughters of members, supplemented by Ayres mannequins, will model beach, sports and street wear, afternoon and evening gowns, from 6 to 9.

OMEGA PHI TAUS TO HOLD BRIDGE PARTY

Mrs. Ralph Maddux, 5317 Lawrence avenue, will entertain members of Omega Phi Tau sorority at her home Wednesday night with a bridge party and shower in honor of Mrs. John R. Craig, a member of the sorority. Before her recent marriage, Mrs. Craig was Miss Alice Brady.

Decorations and appointments will be in the sorority colors, violet and gold. Mrs. Craig will be presented with a gift from the sorority.

Mrs. Ervin Renamed

Mrs. Alice Ervin was re-elected president of the Sesame Club at a meeting held Monday afternoon at the home of Mrs. Lewis Finch, 44 Layman avenue. New officers chosen were: Mrs. Roy Gorton, vice-president; Mrs. Lester M. Poarch, secretary-treasurer, and Mrs. C. J. Summers, assistant secretary-treasurer.

Auxiliary Will Meet

Mrs. E. W. Cowley, 1216 Central avenue, will be hostess to a luncheon meeting of the auxiliary to the Thirty-eighth division at 12 Wednesday. A program will follow the luncheon.

Arrange Party

Annual membership spread of Beta chapter, Omega Phi Tau sorority, will be held at 7:30 tonight at Brookside park community house, with Miss Fern Van Voorst in charge of arrangements, assisted by Miss Amy Herman.

KEEPS little AILMENTS from growing into BIG ONES!

It may be just a coated tongue tonight... with dull eyes, bad color and breath. But by these symptoms Nature is telling you that you may have a sick child tomorrow.

Help tonight is simple. Tomorrow it may be harder. A single simple dose of Castoria is usually all that's needed to bring relief; it often keeps a serious illness from developing.

Castoria, you know, is the children's own remedy—made specially to give the gentle help their delicate organs must have. It is a pure vegetable preparation; contains no harsh drugs, no narcotics.

In any starting illness such as a cold, a little fever, a food upset, a first-aid dose of Castoria is always a wise precaution.

It's never hard to get children to take Castoria. They love its taste, and are grateful for the relief it always brings to tied-up systems.

For babies or for older children, depend on Castoria's gentle regulation. It has kept many a little ailment from growing into a serious one! Genuine Castoria always has the name Chas. H. Fletcher on the package.

Prohibition Blamed for Corruption

Marking the twelfth anniversary of National prohibition in the United States, the Women's Organization for National Prohibition Reform has issued a summary of prophecies and pledges made by prohibitionists in the ratification campaign and a contrasting summary of the record of national prohibition during the last twelve years.

"This is the situation in which the government of the United States finds itself after twelve years' experiment with national prohibition," Mrs. Charles H. Sabin, president of the organization, asserts.

The latter report shows a 300 per cent increase of speakeasies in place of saloons with an increase of more than a billion dollars in the nation's drink bill, and attributes the present regime of corruption to the introduction of liquor traffic.

Deaths from alcoholism have increased 4 per cent generally, and 400 per cent among women, and arrests from drunkenness have in-

creased 300 per cent, the report disclosed.

The cost of crime in the United States amounts to more than three million dollars a day, resulting in overcrowding federal prisons, and an increase of more than 160 per cent in total prison expenditures, the report continues, stating that there are 990 boys and girls in prisons today for violating the prohibition law.

The federal government spends \$40,000,000 a year to enforce the law, loses \$862,000,000 annually in federal revenues, and \$1,000,000 in state revenues.

"Thirty-two states," the report states further, "refuse to spend one cent to enforce the law; twenty-two states never have made any appropriation for the enforcement of national prohibition and ten additional states have ceased to appropriate any money for enforcement since 1927."

Promises attributed to the drys by the women's organizations, and quoted from the prohibition ratification's handbook, are: The saloons will be closed; drinking will be reduced; drunkenness will disappear; crime will be reduced at least one-half; constantly increasing cost of taxpayers in providing for saloon-made convicts, insane, imbecile and delinquent will be stopped; politics will be cleaned up with the removal of the liquor menace, and team work will be shown between states in fighting the drink evil.

How to Reduce Colds and Their Costs This Winter

One of Family's Biggest Problems Met With Vick "Control-of-Colds" Plan

Actual Test of the Plan Is Offered By Indianapolis Druggists, on a Trial Guarantee.

To most families this winter, the high costs of colds are an extra burden. Loss of time, health and money are involved. To reduce the drain of this burdensome family "Colds-Tax" is the purpose of the Vick Plan for better "Control-of-Colds"—to lessen their number, severity and duration.

Plan Follows New Discovery

The Vick Plan is made possible with Vicks Nose and Throat Drops. Based on a new idea for "preventing" colds, this new Vick discovery is companion to Vicks VapoRub, the modern way of "treating" colds. Each aids and supplements the other for better "Control-of-Colds."

Here, briefly, is the Vick Plan:

1.—Before a Cold Starts
Watch yourself whenever you have been exposed to anything that you know is apt to give you a cold, such as—

Contact with others having fresh colds—colds, stuffy ill-ventilated rooms, public places—a night on a Pullman or a dusty automobile ride—sudden changes in temperature—inhaling smoke, dust, gases—excesses in living, such as over-eating, smoking or drinking, which reduce body resistance—after a hard day when you are over tired.

Then—if you feel that stuffy, sneezy irritation of the nasal pass-

sages, Nature's usual signal that a cold is coming on—use Vicks Nose Drops at once—just a few drops up each nostril. Repeat every hour or so if needed. This will prevent many colds by stopping them before they get beyond the nose and throat—where most colds start.

2.—After a Cold Starts

At night, massage the throat and chest well with Vicks VapoRub (now available in white "stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck so that the medicated vapors arising can be inhaled all night long.

If the air-passages are badly clogged with mucus, melt some VapoRub in a bowl of hot water and inhale the steaming vapors for several minutes. (If there is a cough, you will like the new Vicks Cough Drop—actually medicated with ingredients of Vicks VapoRub.) During the day—any time, any place—use Vicks Nose Drops every few hours as needed. This gives you full 24-hour treatment and without the risks of too much internal "dosing," which so often upsets digestion—especially of children.

Offer By Local Druggists

Your druggist is offering Vicks Nose Drops and Vicks VapoRub on the following trial guarantee: Use these preparations together as directed in the Vick Plan for better "Control-of-Colds." Unless you are delighted with results, your money will be refunded.—Advertisement.
