

'NOW GIVE US JOBS,' WAGNER URGES HOOVER

President's Bills Enacted, Democrats Ask Support for Building Program.

By Scripps-Hoover Newspaper Alliance
WASHINGTON, Jan. 26.—President Hoover today was called upon by Senator Wagner (Dem., N. Y.) to provide jobs for the jobless now that the administration's two chief anti-depression measures have passed congress with the help of the New Yorker's party.

At the same time, Professor John Dewey, president of the People's Lobby, was on record as saying that the impending vote on the Costigan-La Follette relief bill would not only be the head but the heart of the senate.

These two statements as the week began presaged an effort by Progressives and Liberals to get Democratic leaders to agree on a formal and definite relief program.

Building Program Argued

They pointed first to the fact that the Democratic-controlled house has not yet been given a chance to pass on the Capper wheat bill or any other similar measure which would permit free distribution of some of the federal farm board's wheat.

Then, proponents of these bills recognize, will not settle the problem of hunger. But they believe it will stave off starvation until congress agrees to some program of wider scope.

"What," asked Wagner, "can the federal government do to help the jobless?" He answered his own query, saying:

"The federal government can forthwith launch an extensive building and improvement program large enough to put to work about a million men directly and many more indirectly.

Hoover Held Responsible

"For more than six months, the federal employment stabilization board, created by one of the employment bills which I introduced in the last congress, has been collecting plans and specifications from more than a hundred federal bureaus which engage in some form of federal construction.

"In the hands of these bureaus are thousands of projects which need to be constructed. The plans are in readiness. Congressional authorization for these projects has been given.

"The next and immediate step is for the President, in accordance with law, to submit estimates to congress for required appropriations of money to carry the work forward."

Dewey pointed to passage of the administration's two billion dollar reconstruction finance corporation bill, and said the various credit measures advocated by President Hoover "primarily are directed to help property owners."

WIFE MURDERER AGAIN PETITIONS FOR CLEMENCY

Sent to State Prison 15 Years Ago for Life; Tried Suicide.

After fifteen years in state prison, Oscar Cartwright, serving a life sentence for murder of his wife, again seeks parole and has asked that his case be reviewed by the prison pardon board Thursday.

He has served longer than any of twelve other Marion county prisoners whose cases come before the board at that time.

Police alleged Cartwright made two attempts to end his own life following the fatal shooting of his wife, Jennie, Sept. 29, 1916. He was sentenced Dec. 7, 1916.

Among cases coming up for consideration is that of Hilton Crouch, sentenced Feb. 2, to serve five to twenty-one years on a charge of auto bandit.

Crouch is alleged to have participated in robbery of the Duesenberg plant's \$3,000 pay roll.

Other Marion county cases before the board Thursday are:

Carl Brown, Jan. 29, 1929, 5 to 21 years, criminal attack; commutation, Esther Bykes, Sept. 20, 1930, 2 to 14 years, forgery, commutation; George Elmore, Jan. 8, 1930, 10 years, robbery, commutation; Kenneth Hulbert, Nov. 26, 1927, 5 to 21 years, criminal attack, parole; Earl

"Peace descends among my friends"

Guests have their pets
In cigarettes.
I once kept fifteen brands or twenty
To please each taste.
Now I've replaced
That flock of brands with one—
that's plenty!

People who choose
Brand "A" refuse
To smoke brand "B"—with indignation!
"B" smokers say:
"I loathe brand 'A'"
But—OLD GOLDS save the situation.

Thus peace descends
Among my friends
And stops the growlings of the croakers,
No one is glum
They've all become
Enthusiastic OLD GOLD smokers.
