

FIFTY MILLION DEFICIT FACED IN SOUTHEAST

8 States, From Virginia to Louisiana, Suffer from Dwindling Revenues.

The southeastern states share the economic woes of the nation. But they are going about the business of pulling out of the predicament with optimism and faith in the bright future of Dixie. This installment of a series tells what is being done below the Mason-Dixon line to combat governmental extravagance.

ATLANTA, Jan. 28.—Governmental economy in the southeastern tier of states, from Virginia to Louisiana, is being undertaken in the historic spirit of reconstruction days.

A combined deficit of more than \$50,000,000 confronts the administrations of eight states, while a ninth, Virginia, is out of the red.

Drastically reduced revenues and legislative extravagance of other years produced the situation which has slowed up the machinery of government and forced a general re-counting.

In every state programs have been launched to meet the immediate emergency in such a way as to insure a sound foundation for the future.

Budgets have been curtailed sharply, governmental "frills" slashed, salaries reduced, pay rolls pruned. "Pay as you go" is the watchword.

Georgia, with an inherited deficit of \$5,000,000, has taken the most drastic action and its sponsors, from Governor Richard B. Russell Jr. on down, believe it worthy of emulation by all other states.

Georgia Calls a Halt

Under a law enacted at the last legislative session, it will be impossible for the state to legislate itself into debt beyond its assured capacity to pay. Means to wipe out the existing deficit over a period of years have been worked out. Appropriations, under a new budget bureau, are \$3,000,000 below last year.

The situation in other states:

Virginia—Without a deficit, the Old Dominion's assembly convened Jan. 13 and, on suggestion of Governor John Garland Pollard, the senate voted a 10 per cent reduction in members' salaries. Similar action by the house is expected. Governor Pollard voluntarily submitted to a similar reduction and has recommended that public school teachers' salaries be reduced.

North Carolina—"Cost of government must be reduced and the budget balanced," said Governor O. Max Gardner, who, with other state officials, is effecting a 30 per cent reduction in budget expenses. Some salary reductions and personnel elimination have been effected.

Florida Diverts Funds

South Carolina—with a deficit of approximately \$5,000,000, Governor I. C. Blackwood has asked the legislature to enact a two-mill tax on property and an increase of 1 cent a gallon on gasoline. The appropriations bill slashes salaries of state employees, while an additional saving of \$2,000,000 is planned through curtailed expenditures and elimination of departmental activities.

Florida—Despite a deficit, Governor Doyle E. Carlton believes additional revenue will be unnecessary, particularly because of savings effected by centralized buying and economies in state departments. The last legislature reduced the state mileage from 14 to 45, provided for an extra cent tax on gasoline and other new taxation. Last fall, \$300,000 was diverted from the road department to the general fund, and a similar amount is expected to be diverted during the next three months from the gasoline tax.

Alabama Far in Red

Alabama—A special state audit places Alabama's deficit at approximately \$20,000,000—the highest in the southeast—as a result of which Governor Benjamin Meek Miller plans this spring to call a special session of the legislature to wipe it out through a state income tax and a 2-cent increase in the gasoline tax, an indicated revenue source of \$4,500,000. Governor Miller also is demand-

SHAWN SAYS WORLD IS OUT OF RHYTHM

Famous Dancer Will Be at English's Saturday Matinee and Night With His Company of Ten.

"THE world is out of rhythm!" says Ted Shawn. Recognized as America's foremost dancer and one of the founders of Denishawn, the greatest single force in the dance world of today, Shawn speaks with authority when he presents his answer to the universal question of what is wrong with the world.

"Constant changes, sudden shifts of creed and belief, have produced in the nations a sort of spiritual dizziness. The world is out of step with itself. We have been so busy acting that we have no time for growing," he continues.

The arts alone can save us, he goes on to explain. "Economics and science will continue to fail us unless we balance them with the inner development of literature, music and the dance. We must become inhabitants of our minds, self-sufficient and strong with the inner strength. When a man's internal rhythms are sound, he can withstand change and tumult all about him."

It is this sense of inner completeness that has given Shawn the strength to tour America and Europe as he has done for years, and to keep up the level of artistic quality which has made him the greatest repeat attraction in the dance world.

Shawn and his company of ten dancers will be at English's Saturday afternoon and night in association with Martens' concerts.

GERMAN TALKER NOW AT THE CIRCLE

The Circle today offers an all-talking German production titled "Der Liebesexpress" (The Love Express). This picture is the first of its kind to be shown in de luxe theaters of this city.

"Der Liebesexpress" recently finished a long run in the Chicago Loop and was acclaimed by critics there as being the most easily understood and enjoyed by non-German audiences of the German productions shown to date.

Its story has a plot which is said to offer pictorial possibilities. It is the account of a young working girl's trip to Venice on money she has won in a typewriting speed contest. Her thirst for travel has been stimulated by the fact that she is employed in a travel bureau.

The prize she wins is more than enough for her expenses and she decides to take a companion, a man secretary, to act as her escort and interpreter.

She advertises for this man, and complications arise when her ad is answered by a rich young nobleman with a taste for adventure, rather

than a poor young man the girl had expected.

"Der Liebesexpress" is slight comedy drama interspersed with musical sequences and filmed with the city of Venice as its actual background.

It has in the cast of interpreting players, several of the more popular screen figures of Germany's film colony.

Other Indianapolis theaters today offer: "Tonight or Never" at the Palace; "Dance Team" at the Apollo; "Michael and Mary" at Keith's; Lee Morse at the Lyric; "Union Depot" at Indiana, and burlesque at the Mutual.

DOCTORS SAY COATED TONGUE

COMES FROM POISONS

ADVICE OF DOCTORS, SUCH AS THE NOTED DR. SINGER, OF VIENNA, IS...

GET RID OF CONSTIPATION! YOU CAN—VERY EASILY—with YEAST*

Clean up that TONGUE!

A coated tongue is a signal of bodily distress. Heed it!

Don't neglect coated tongue. It indicates trouble inside you. It's nearly always a sign of an unhealthy condition of your intestinal tract!

So look at your tongue. And if it's white and coated, take immediate steps!

First, stop "dosing" yourself with laxatives. Give up violent cathartics . . . habit-forming pills. Adopt instead the sensible fresh yeast method famous doctors recommend!

Fleischmann's Yeast softens excess wastes in your body so that they are more easily passed off. It

stimulates sluggish intestines to normal action.

In addition, it is rich in health-giving vitamins B and G and the "sunshine" vitamin D—elements our usual foods so often lack. It helps to balance our daily diet.

In short, yeast works by natural means, whereas drugs are artificial methods—often actually dangerous. If you would keep your system

clean and free of the poisons that lead to coated tongue, bad breath, headaches and worse ills, just eat 3 cakes of Fleischmann's Yeast every day—regularly!

You can get it at grocers, restaurants and soda fountains, and directions are on the label. Why not see what it will do in your own case?

*IMPORTANT—Fleischmann's Yeast for health comes only in the foil-wrapped cake with the yellow label. It's yeast in its fresh, effective form—the kind famous doctors advise!
