

AUTO MISHAPS IN CITY INJURE NINE; FIVE HELD

Police Seek Pit-Run Driver
Who Rammed Parked
Automobile.

Nine persons were injured, and five faced police charges today following a series of traffic crashes on city streets over the week-end. A hit-and-run driver is sought.

Miss Dorothy Enwood, 17, of 411 Hanson avenue, was cut and bruised Sunday night when the car in which she was riding, driven by Mrs. Madge Allen, 2428 North New Jersey street, Apartment 1, collided with another at Tenth street and College avenue.

Driver of the other car, William Buxton, 24, of 520 East New York street, was arrested on charges of drunken driving and failure to have a driver's license.

Two Are Hurt

After he is alleged to have fled following an accident, Charles Smith, 22, of 1024 Olive street, today faced counts of drunken driving and failure to stop after an accident. Police charged that his car rammed two others in the 1100 block East Washington street, Sunday night.

Two men were hurt when an auto collided with a taxi driven by John Matthews, 22, of 54 North Hamilton avenue, who was charged with failure to stop at a preferential street.

Leo Pierce, 21, of 1721 South East street, driver of the car, was cut on the face and hands and Penton Bluestern, 25, Negro, 637 West Twenty-ninth street, cab passenger, incurred head cuts. The accident occurred at Market and East streets.

Police today are seeking the hit-and-run driver who smashed into the parked car of Charles Hill, 36, of 1115 West Twenty-ninth street, in the 800 block, North Delaware street. Hill, cut on the head, was treated at city hospital.

Police Trail Car

Trailing an autolist to a north side garage, police early today charged Robert Quigley, 23, of 341 Lealey avenue, with drunken driving and failure to stop after an accident. Officers said Quigley admitted speeding on after hitting a car owned by Thomas Yantis in the 600 block, East Thirty-eighth street.

Others hurt in accidents: Miss Hazel Bowers, 27, of 1538 South Randolph street, and Miss Mary Eads, 29, of 112 West North street, cut and bruised; Faye Hurd, 23, of 748 South Pine street, face and leg lacerations; Charles Buckton, 24, of 1721 South East street, leg injuries; and Mrs. Ollie Phillips, 42, of 122 East St. Joseph street, head cuts. Earl Deal, 2116 Prospect street, was charged with drunken driving, failure to have a driver's license, and drunkenness after his car struck a truck operated by Theodore Tansey at Hobart and Raymond streets.

Has Temper

Tony Treville (above) hostess in a New York dance hall, resented the "high hat" manner of Ellen Rossiter, another hostess, and immediately there was trouble. Tony and Ellen are important characters in the new serial, "The Dime-a-Dance Girl," which begins Wednesday in The Times.

Parkhurst Rites Today

Funeral services were held today for Mrs. Della Parkhurst, 58, wife of Ezekiel Parkhurst, who died after an illness of six weeks. Besides the husband, she leaves three children, Virgil and Miss Hazel Parkhurst, and Mrs. Iona Fraker.

COLD WEATHER TAXES SCHOOL'S HEATING PLANTS

Continuous Firing Required
Over Week-End to Permit
Reopening Today.

All of Indianapolis' ninety-seven elementary public schools were open today, but only after forty-eight hours of continuous firing and stoking to provide sufficient heat, it was announced this morning by H. P. Osler, superintendent of buildings and grounds.

"The cold snap put us in a tough spot," said Osler, "and we were forced to keep our fire going all Saturday night and all Sunday night, so that we could open all the schools."

"We had to use a lot of care in schools where the boilers need attention. If we let the fire die down we would have had to close the schools."

Osler asserted that the portables

Robot Lullaby

NEW YORK, Feb. 1.—A bachelor, not a floor-walking father, has devised the first electrically rocked cradle. William Salomon, dry goods clerk, has received patents on his invention. When the baby starts howling along about 2:30 a. m. papa only need plug into an ordinary light socket, and baby goes rock a bye. Miss Rose Kessler, Salomon's fiancée, says she thinks the cradle is a great idea.

used by the schools system continue in use regardless of weather conditions.

"Because of the lack of funds and the overcrowded condition of many of the schools," he said, "we have to use the portables the year around. In the hot weather, the children almost burn and in cold weather their feet always are half frozen."

School officials have made repeated protests to the state tax commission on that board's action in slashing \$10,000 from the schools' maintenance and repair budget.

The cut, the officials assert, handicaps the school system greatly and has put many of the city's schools in an unsafe and insanitary condition.

ARMY SURGEON DIES ON COAST

Col. Henry Raymond Born,
Educated in State.

Colonel Henry I. Raymond, 75, retired officer of the United States army medical corps, died Sunday at Letterman General hospital in San Francisco. He had been ill three weeks.

Colonel Raymond was born in Cambridge City, Ind., the son of the Rev. and Mrs. Charles Harvey Raymond. The Rev. Mr. Raymond was for many years pastor of the Seventh Presbyterian church of Indianapolis.

Colonel Raymond attended Butler

university, Wabash college and Bellevue Hospital Medical school of New York. He was graduated from the latter in 1880.

He joined the army in 1881, serving in the Indian campaigns and the Spanish-American and World wars. During part of the World war he was chief surgeon of the department which included the present Fifth corps area, with headquarters in Chicago.

He retired in 1919. Surviving him are the widow, three sons, Henry I. Raymond Jr., of Indianapolis, William B. Raymond of San Francisco and Charles H. Raymond of Berkeley, Cal., and a brother, Charles U. Raymond of Dayton, O.

Funeral services will be held at the Presidio, San Francisco.

Veteran Teacher Dies

NEWARK, Ind., Feb. 1.—William Glidden, 52, veteran Greene county school teacher, is dead.

● Examine various cigarettes, and you'll find they are not all alike in size. Yet our scientists say their tests and research fix one definite size standard as the best. For a given length, our experts say, there is one right diameter... to make the draft right... to make the cigarette burn right.

Not only that, when the size is right, the cigarette lasts longer, and smokes cooler. And that "right" size is exactly the standard Chesterfield size.

A detail? Of course—but a mighty important one, figured in extra coolness and comfort. It's by constant

attention to just such details that Chesterfield sets cigarette standards.

Notice how round and full each Chesterfield is—how firmly packed. There are two "electric detectives" on every packing machine, to check this detail also!

The right size... and the right quality. Chesterfield never changes either one. Measure them any way you want—with ruler, microscope, or test-tube.

Or measure them in the surest way of all—by milder and better taste. And you'll find—They Satisfy! Good, they've got to be good!

● Chesterfield's Radio Program is way above standard too! Let Nat Shilkret's Orchestra and Alex Gray, popular soloist, entertain you tonight... while you lean back and enjoy a mild, pure Chesterfield. Remember the hour... 10:30 E. S. T... over the entire Columbia Network... from coast to coast.
