

DEATH FINDS
MRS. FISKE IN
TYPICAL ROLE

No Hotel Register Here Ever
Gave Away Fact She Was
a Guest.

BY WALTER D. HICKMAN

Mrs. Minnie Madern Fiske died in a Long Island village Monday, "at the home of a friend whose name was not divulged," a great deal like the way she lived. Many times when the greatest personality of the modern stage visited Indianapolis, I made an effort to find where she was stopping. No hotel register ever gave me the secret. She might have registered, but her signature was never public property.

One time her manager told me, "I do not know where Mrs. Fiske is stopping, as she has a lady companion who sees that she arrives at the theater on time."

I have been informed on reliable authority that at times when Mrs. Fiske was on a run in New York that her husband did not see her for days, and at times only knew where she was when she came to his office for mail.

The only personal appearance that this famous woman ever made in this city was when she gave a lecture in behalf of stray dogs and cats. Her interest in dumb animals was probably her only diversion.

Mrs. Fiske, in the last twenty years, never consented to interviews, as I was told that she wanted to conserve her strength for her performance. She always was thinking of her audience, although she stayed farther away from people in their everyday walk of life more than any other individual.

An indication of her approaching end was sounded by Chicago critics last fall when they refused to say adverse things regarding her performance because the "first lady of the stage was ill."

She was scheduled to appear last fall at English's but was cancelled. According to Vincent Burke, manager of English's, Mrs. Fiske's last appearance in this city was with Otis Skinner in Shakespeare's "Merry Wives of Windsor."

ATTORNEY DEAD,
FIANCEE HURT
IN CAR CRASH

Eber M. Brown Is Victim;
Miss Margaret Brick,
Two Others Injured.

Eber M. Brown, 35, Indianapolis attorney, is dead and his fiancée, Miss Margaret Brick, and two other persons are suffering from injuries as a result of an automobile accident on state road 67 near Anderson Sunday night.

Three cars were involved in the accident. The Brown auto and one driven by Joseph Preston, 26, near Pendleton, collided head-on and were, in turn, struck by a car driven by Oscar Elisea.

Mr. Brown suffered a skull fracture which caused his death in St. John's hospital, Anderson, shortly after the crash.

Miss Brick suffered three broken ribs and cuts and bruises and one of Preston's arms was broken. Elisea was bruised. All the injured are in the Anderson hospital, where they are reported improving.

Engagement of Mr. Brown and Miss Brick was announced a month ago. She is a daughter of Thomas E. Brick, vice-president of the Van Camp Packing Company and the Van Camp Products Company. She resides with her parents at 551 South Central court.

Mr. Brown lived at the Denison and had offices in the New City Trust building. He was a World War veteran and former prosecuting attorney of Randolph county. He had lived in Indianapolis nine years.

Surviving relatives include his parents, the Rev. J. A. and Mrs. Brown of Bethel, and two brothers, Howard, Muncie, and Clarence, Richmond.

Why Fat Folks Stay Fat

"The trouble with me, and I guess this applies to 99% of the men and women who are putting on 'pep', I didn't have the energy or 'pep' to keep it off. Lost all interest in any healthy activity and just lazed around accumulating the old pounds."

Start taking Kruschen Salts—that's the common-sense SAFE way to reduce. This is what they do—they clean out the impurities in your blood by keeping the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed.

As a result instead of planting yourself in an easy chair every free moment and letting fatty fat accumulate, you feel an urge for activity that keeps you moving around doing the things you've always wanted to do and need to do to keep you in good condition.

Be careful of the foods you eat—go light on fatty meats and pastry—then watch the pounds slide off! Take one half teaspoonful in a glass of hot water tomorrow morning and every morning—and if they don't change your whole idea about reducing, go back and get the small price you paid for them. Get a bottle of Kruschen Salts—lasts 4 weeks—at **McA** Dependable Drug Stores or any progressive drugist anywhere in the world, but for your health's sake when reducing be sure and get Kruschen—it's the safe, harmless way to reduce—Advertisement.

URGES CURB ON
UTILITY RATES

Keating Says Ownership by Public Is Powerful Threat.

Clarifying the law to make municipal acquisition of public utilities easier, was suggested by Harold F. Keating, Irvington Republican Club president, in an address before the club Monday night.

With the constant threat of municipal ownership facing them, utilities would be more inclined to keep rates as low as possible, he said.

Keating proposed several legislative changes to obtain fair utility rates. He urged penalties where utilities are found to be making a secret profit and where expenses are not listed accurately.

Municipal Judge Dan V. White proposed rate disputes be arbitrated by commissions of representative citizens elected or appointed and serving without pay.
