

STATE FARMERS TO TALK TAXES

Settle Calls Meeting for Next Tuesday.

Statewide meeting of county farm bureau chairmen and tax committeemen to discuss farm land values for purposes of taxation has been set for Tuesday by W. H. Settle, president of the Indiana farm bureau. The meeting will be held in the bureau's offices here.

We shall determine what reduction in values should be expected on farm lands in reappraisal for assessment purposes this spring, Settle said. "I understand the state tax board is taking the position there should be very little reduction from appraisals made four years ago."

Settle said farmers are insisting lands be assessed at true cash values.

"To develop a constructive program and arrive at true cash values, we must gather all information, such as recent sale prices and accurate records of farming operation to determine the amounts of income and net earnings," Settle declared.

Want to Look Young?

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards Olive Tablets are gentle in their action yet always effective. They help bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards Olive Tablets are known by their olive color. 15c, 30c, 60c.—Advertisement.

REVOLT FLARES IN COSTA RICA

U. S. Legation Evacuated; Bullets Spatter Building.

SAN JOSE, Costa Rica, Feb. 18.—The United States legation was evacuated today after rifle and machine gun fire spattered the building during fierce fighting between

rebels and loyal troops and civilians.

The legation is opposite the Bella Vista barracks, from which the rebels launched an attack in their effort to take the presidential palace.

United States Minister Charles C. Eberhardt of Salina, Kan., and two members of his staff were at the palace when the fighting started, and could not reach the legation. Other members of the staff left the legation building.

The rebel attack was beaten off. The government announced the rebels threatened to bombard the city and that 3,500 loyal soldiers would be sent against them. The

rebels lost five men in early fighting.

Millions know that Kroger coffee is always oven-fresh. That it never lingers long on the shelf—or on the way to the shelf. They are the kind of people who don't care about the date coffee was delivered to a store. What they are interested in is the date the coffee was roasted. They know that Kroger coffee is always fresh from the roaster—they know it by the taste. That delicious, whole-flavored taste that can only come from oven-fresh coffee.

And, by cutting out all the time-consuming delays, the in-between handling, the expensive frills and fancy business, Kroger puts better coffee in your cup for less.
