CHRISTIAN SCIENCE THEME ANNOUNCED

"Mind" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, Feb. 21. Among the citations which comprise the lesson-sermon is the following from the Bible:

For the Lord giveth wisdom: out of his mouth cometh knowledge and understanding. He layeth out sound wisdom for the righteous: he is a buckler to them that walk uprightly. He keepeth the paths of judgment, and preserveth the way of his saints. Then shalt thou understand righteousness, and judgment, and equity: yea, every good path (Prov. 2: 6-9).

The lesson-sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

There can be but one mind, because there is but one God; and if mortals claimed no other mind and accepted no other, sin would be unknown. We can have but one mind, if that is the sense of the word, which we use to mean the sense of infinite, when we admit that, although God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God.
