

NEW SALES TAX BILL IS FOUGHT BY PETTENGILL

South Bend Lawmaker Will Oppose Enactment as Blow to Poor.

By Times Special
WASHINGTON, March 9.—While other Indiana congressmen today were trying to decide how to vote on the various taxes proposed in the Democratic revenue measure, Representative Samuel B. Pettengill (Dem.) of South Bend, announced he would oppose the tax on sales, lubricating oil, telephone and telegraph messages and admissions to amusement places.

Pettengill's vigorous statement placed the blame for the present treasury deficit on "repeated reductions in income and estate taxes" and the "unexampled profligacy of the Harding, Coolidge and Hoover administrations."

Explaining that the four provisions he intends to oppose are designed to raise \$745,000,000, Pettengill said they would "place a new tax burden of \$6 on every man, woman and child in this country, or \$25 for every family of four, or \$2 a month per family."

"For the Thirteenth alone," he said, "the burden will be \$2,200,000."

"The sales tax will be paid by every person who buys a pair of shoes, a suit of clothes, an automobile, a handkerchief, a cake of soap and thousands of other necessities of life."

"Every one of these taxes will add to the cost of the 120,000,000 people. It, therefore, will tend to reduce consumption. By reducing consumption it will reduce production. By reducing production, it will increase unemployment."

Defended as Necessary

By United Press
WASHINGTON, March 8.—The house ways and means committee in its formal report today defended the new \$1,096,000,000 tax bill as absolutely necessary to balance the budget and maintain the credit of the United States government.

Temporary relief measures, such as the bill creating the reconstruction finance corporation, will be to a large extent ineffective unless steps are taken to balance the budget and maintain the national credit," the report said. "The bill reported by your committee will accomplish this result."

"It should also be pointed out that the more one spends, the greater his tax under the 2½ per cent manufacturers excise tax," the report said. "The poor man with small living expenses will pay much less than the wealthy man who lives in great luxury."

SCHOOL BOARD DEBT PASSES MILLION MARK

\$400,000 Loan Is Approved to Pay Salaries and Operating Costs.

School board members, financially stranded again, passed a resolution Tuesday night for a temporary loan of \$400,000 to replenish the special fund for payment of salaries and current operating expenses.

"This loan makes the board's total loan this year \$1,025,000," reported A. B. Good, business director. "At this time last year we had borrowed \$1,350,000."

School officials took the opportunity to assail the state tax board slashes in the budget and Good pointed out the huge sum the loans cost the taxpayers each year.

Interest Mounts High

"On \$1,000,000 in loans, the board must pay \$60,000 in interest," Good said. "That \$60,000 comes right out of the taxpayers' pockets."

"If we'd put the school system on a pay-as-you-go system, as recommended year in and year out by the state board of accounts, we'd be saving our citizens plenty of money," he added.

A resolution also was passed for a \$60,000 bond issue to remodel the Arsenal building at Technical high school. Another move taken was the approval of a plan, proposed by Chief Mike Morrissey, to give school janitors at thirty-five schools police powers for traffic duty.

School Site Sought

The report of H. F. Osler, superintendent of buildings and grounds, on redecoration work at Schools 8, 55, 13, and 19, was approved.

Good was authorized by the board to start condemnation proceedings for a tract of seven lots at Arlington and Shelley avenues.

Good reported that long negotiations with the owners have failed to result in agreement on an acceptable price. The tract will be used to provide a temporary building for children of the lower grades.

How Far Is It?

By United Press

JUAREZ, Mexico, March 9.—Fourteen-ounce schooners of beer, and free lunch, for a nickel, is the latest in Juarez' fight to end the depression.

Business has been so bad in this border town that the "McGinty" has come back. The McGinty is the fourteen-ounce schooner, holding just two ounces less than a full pint of beer.

Prior to the depression, smaller glasses of beer sold for 15 to 25 cents, and free lunch was only a memory.

ROSIE TRIES ONCE MORE

Miss Dolly, Dancer, and Chicagoan Will Be Wedded in New York.

By United Press

PARIS, March 9.—"If this marriage doesn't take, I'm entering a nunnery," Rosie Dolly said today before sailing for New York to marry Irving Nether of Chicago. It will be Miss Dolly's third marriage.

Nether seconded the sentiment of the stage dancer by adding: "Then I will go to a monastery."

Henry Indirectly Confirms Resignation Report.

Clarence Henry, Marion county agricultural agent for six years, today indirectly confirmed a report that he will resign next week.

Henry's resignation proposal was made known Tuesday by Fred Glad-

den, county school superintendent and member of the county board of education.

"I am thinking of resigning, but don't know just when it will take place," Henry asserted today.

At a meeting of the board, Glad-

den said March 15 had been set as date for appointment of Henry's successor. A committee from

Purdue university will make the appointment, to be approved by the county board of education.

Henry's sixth year in office would have expired in May.

He indicated he was resigning to

accept another position, but did not disclose its nature. It was re-
