

MISSOURI PUTS REED IN RACE FOR PRESIDENT

Democratic Delegation Is Pledged to Ex-Senator; Now in Hospital.

By United Press
ST. LOUIS, March 29.—Former United States Senator James A. Reed was definitely in the Democratic presidential race today, supported wholeheartedly by Missouri's delegation to the national convention.

Missouri's favorite son, unsuccessful candidate for the nomination against former Governor Alfred E. Smith in 1928, had asked that the state's thirty-six votes be pledged to him "all the way."

The name of Governor Franklin D. Roosevelt of New York was not mentioned on the convention floor. Reed, who comes out of semi-retirement to appear in occasional major court suits and trials, is in Rochester, Minn., recuperating from a recent major operation.

Finish Fight Looms

By United Press
PORTLAND, Me., March 29.—A fight to the finish between rival supporters of Franklin D. Roosevelt and Alfred E. Smith at the Democratic state convention, which opens tonight, was forecast following the arrival from Boston today of James Roosevelt, son of the Governor.

Young Roosevelt said his father was anxious to have Maine's twelve votes pledged to him, and that he would exert all his influence toward that end.

Though Roosevelt forces in Maine finally had been considered stronger than those supporting Smith, it had been predicted for several days that the convention would result in selection of an unpledged delegation. But the arrival of James Roosevelt to consolidate his father's backers appeared likely to throw the convention into a wide open battle.

James Roosevelt conferred with Democratic leaders upon his arrival and planned further conferences prior to opening of the convention.

Discussing the Massachusetts situation he predicted his father would win a majority of the at-large votes and at least 10 of the 15 district votes at the presidential primary on April 26.

Iowa Session Opens

By United Press
DAVENPORT, Ia., March 29.—Keynote Frank A. O'Connor rallied delegates to a renewal of Jeffersonian principles today when he called to order the state Democratic convention. The convention, strengthened by the most optimistic Iowa outlook in recent years and the attendance of J. A. Farley, New York state Democratic central committee chairman, met for the purpose of selecting twenty-six delegates to the national party meeting in Chicago next June.

O'Connor pledged his party to balance the budget, alter prohibition laws, better down the tariff, abolish the farm board and scrap several hundred thousand federal employees. He did not, however, touch on the subject of instructing the Iowa delegation either for Governor Franklin D. Roosevelt or William H. Murray.

Asks Split Delegation

By United Press
HARTFORD, Conn., March 29.—Governor Wilbur L. Cross issued a plea to Connecticut Democrats today for a split delegation to the Chicago national convention. Since Connecticut's delegation relatively is small and hence will not be a controlling factor in the national convention, the Governor believes, he said, that it would be for the best interests of the party harmony if factions favoring Governor Franklin D. Roosevelt and Alfred E. Smith were represented.

'BLUE SHIRTS' TO MEET

By United Press
PITTSBURGH, March 29.—A million jobless, clad in blue shirts, official insignia of the "jobless party," will meet in St. Louis Aug. 27 for the party's national convention, unless major political parties adopt satisfactory relief programs, the Rev. R. Cox, militant Pittsburgh Catholic priest, said today, announcing tentative plans for the convention.
