

# HOPE FOR LINDY BABY RESTS ON NORFOLK CLEW

Negotiations at Standstill;  
No Contact for Days  
With Go-Betweens.

**By United Press**  
NORFOLK, Va., March 31.—Local negotiations with men claiming to have Charles Augustus Lindbergh Jr., kidnapped March 13, appeared temporarily at a halt today.

Dean H. Dobson-Peacock, Rear Admiral Guy Burrage and John H. Curtis, acting as intermediaries for Colonel Lindbergh, have had no actual communication with the men claiming to be the kidnapers, or with their agent, for several days. Statements by the three indicated they have had great difficulty convincing Lindbergh that the Norfolk men have the baby.

**Lindy Not Convinced**  
Colonel H. Norman Schwartzkopf has been quoted as saying Lindbergh thought the Norfolk "clew" had no special significance.

Admiral Burrage explained that the aviator and his wife are "so distracted that nothing can convince them except the actual sight of the baby."

The admiral then admitted he was "not completely convinced" of the truth of the story told to Curtis by the man claiming to be the kidnapers agent. Rumors current in Norfolk said the ransom money has been deposited in a local bank, but Burrage said no arrangements had been made for payment of ransom.

**Statement to Public**  
Earlier in the day Dean Dobson-Peacock solemnly had read a statement to the public:

"If there is failure in the Norfolk negotiations, the kidnapers and they alone will know why."

It was learned Wednesday that Curtis' "mystery flight" last weekend was to Philadelphia. He flew in a navy plane, and registered at the navy yard as "Mr. Guy."

Some close to him said he had continued on to Hopewell to see Lindbergh; but Burrage said as far as he knew the Norfolk shipbuilder did not confer with Lindbergh.

**New 'Jafsie' Note**  
**By United Press**  
NEW YORK, March 31.—Another of the mysterious "Jafsie" advertisements which have been published since the Lindbergh baby was kidnapped appeared in the New York American today.

This one, printed in capital letters in the "public notices" column, read:

"I accept. Money is ready. Jafsie."

Previous messages signed with this name have mentioned money, and one of them expressed a desire to "see the goods" first.

There has been nothing to connect them with the Lindbergh kidnapping case, however.

**Foil Chicago Kidnaping**  
**By United Press**  
CHICAGO, March 31.—Police patroled the residence of Arthur J. Baer, vice-president of the Central Republic Bank & Trust Company, after a suspected kidnaper was thwarted by a maid's vigilance.

The guard was posted after the screams of a maid at the Baer home frightened away a man who was fumbling at the window of a room in which Helen Betty Baer, 2, was accustomed to sleep.

**CONNIE'S ORCHESTRA TO  
PLAY AT MOTOR SHOW**  
Radio Bond Will Be Feature at Fairground Exhibition.

"Connie's orchestra," one of Indiana's popular radio and dance bands, under direction of L. F. Conaughton, has been engaged through the Music Corporation of America, to furnish music for the General Motors exhibit which will be held in the livestock building at the state fairground the week of April 2-9.

The order given the Music Corporation of America for musicians for the General Motors exhibits, which are being held in fifty-five cities at the same time, is understood to be the largest single one for musical talent ever placed in America. In all sixty-seven orchestras and 678 musicians will play for entertainment of visitors at the shows.

WASHINGTON, March 31.—Military defense works were being constructed by Chinese and Japanese armies in the Shanghai area today despite assurances of leaders that peace negotiations were progressing satisfactorily.

The Fifth and Nineteenth route armies were building trenches along the west bank of the Tsingyang-kang river in the vicinity of Henli, where foreign residents of Shanghai hold an annual regatta.

Japanese troops constructed bulwarks in Kiangwan and other villages surrounding Shanghai, although commanders gave no indication of their purpose.

From Chinese sources it was reported that Japanese peace conferences desired an indefinite continuation of their occupation in four areas around Shanghai, the Wosung and Yangtzeppoo districts, in Chapel from North Szechuen road and in Kiangwan eastward from the race course.

SHANGHAI, March 31.—Chinese generals led defenders of the Japanese-controlled city of Nungun today as a heavy force of guerrillas attacked from three sides amid bitter hand-to-hand fighting.

Attacked at the side of Japanese troops, native commanders ordered a major offensive to begin Friday in an attempt to rout the irregulars, who are threatening security of the new Manchurian republic.

The Nungun siege was the biggest of many battles in which Japanese and their Chinese allies fought growing ranks of Chinese "bandits" over far-flung districts of Manchuria.

E. Curtis White, one of the champions of social legislation in the house of representatives during the last session of the general assembly, announced today for the Democratic nomination for state senator.

White voted for passage of the old-age pension bill, reduction of petty loan rates; more stringent regulation of utilities, and for passage of a levy on personal and corporate incomes. His record is indorsed by all progressive organizations.

White said he favors municipal ownership of public utilities, and legislation reducing utility rates to a fair level to halt "gouging of the consuming public."

White has been president of the local Allied Printing Trades Council for eleven years.

# RED ARMY IS STRENGTHENING BORDER LINES

4,000 Tons of Wheat Are  
Shipped Into Port of  
Vladivostok.

**By Times Special**  
WASHINGTON, March 31.—Authentic reports reaching Washington today said the Soviet army is continuing to strengthen its position throughout Primany province on the Siberian-Manchurian border and that more than 4,000 tons of wheat have been shipped into Vladivostok during the past ten days.

These moves were viewed in informed circles here as directed toward defense in case Siberia should be invaded by Japanese troops. Tokio has denied that Japan has any such intention.

Still other reports from reliable neutral sources in the far east indicated the new Manchurian government, allegedly fostered by Japan, is meeting strong opposition from Chinese opponents.

In China proper, reports described a new outbreak of "incidents" along the Chinese-Japanese front near Shanghai.

in the morning...  
eager to eat... ready  
to go... you may be  
sure of one thing—  
the foundation of the  
"joy of living" is lack-  
ing. The reasonable  
answer is—**

**Build up your system ~ gain new strength**

**"A FEW MONTHS AGO overwork and  
worry caused me to neglect regular  
and proper eating... then unfortu-  
nately I caught a cold. It was unfor-  
tunate that I neglected my health  
I felt exhausted—some days I was  
barely able to work—it began to  
look as if some disease was getting  
a foothold—I realized the impor-  
tance of taking prompt precaution-  
ary measures.**

**"I couldn't afford hospital treat-  
ment or to go off to a health resort  
—my position was at stake... my  
family was dependent upon my  
earnings.**

**"I had sense enough to know that  
a 'lowered' blood count was the  
cause of my weakness and lack of  
resistance. Several of my friends  
had been benefited by taking S.S.S.,  
and had suggested that I try it, too.  
Fortunately I did.**

**"Look at me now—I feel fine...  
my complexion was never better...  
I sleep like a child... and as for  
my appetite, I really enjoy my food  
and digest it with ease."**

**The reasonable way  
to health**  
Of course, it isn't fair to expect  
one to like work or to enjoy play  
when handicapped by a "lowered"  
blood count.

Without plenty of rich, red-blood-  
cells there could be no strong, sturdy  
men and healthy, beautiful women.  
Unquestionably you appreciate the  
fact that red-blood-cells play a  
dominant role in maintaining health  
... and that dangerous consequences  
often follow the neglect of a low-  
ered blood count.

It is very usual for a lowered  
red-blood-cell count to symptom it-  
self in pallor of the skin, lessened  
vitality, boils, pimples, or other skin  
disorders, and in a general lack

of bodily resistance to fatigue or  
disease.  
In times like these you can't afford  
to be laid up... neither can you  
afford to be a "flopper" at 4 o'clock.

**S.S.S. gives New Strength**  
If you require a tonic you should  
by all means try S.S.S.—this long  
established medicine acts by stimu-  
lating the secretions of the stomach  
... reviving the appetite... aiding  
digestion... regenerating the he-  
moglobin... restoring the red-blood-  
cells... and builds greater resistance  
against infection and disease.

S.S.S. helpfulness is illustrated by  
this fact—our records show that  
nearly one-half of those who have  
taken it, for the first time, do so  
upon the recommendation of some  
friend who has been benefited. Can  
there be any stronger recommenda-  
tion for its merit and usefulness  
than this?

A distinctive thing about S.S.S. is  
that it is made from fresh roots,  
barks and herbs... it is readily  
absorbed by the system. Another  
thing is that its efficiency has been  
proved by scientific tests and by its  
use for more than 100 years. It is a  
safe Tonic to take.

S. S. S. is an economical way to  
health. Try it yourself. Get S.S.S.  
from any drug store. In two sizes:  
regular and double—the latter is  
more economical and is sufficient  
for a two weeks' treatment. It may  
be the means of bringing better  
health and happiness to you.

Work of Contestants to  
Be Displayed During  
Home Show.

Miniature model houses entered  
in The Times contest today began  
to pour into the manufacturers'  
building at the state fairground,  
where they will be displayed in  
connection with the realtors' home  
complete exposition, which opens  
Saturday night.

Contestants have been asked to  
deliver their entries between the  
hours of 8 a. m. and 5 p. m. today  
and Friday.

Judging from the first models  
submitted, this year's contest en-  
tries will exceed by far in design  
and constructive skill models en-  
tered in any of the four previous  
contests, according to Ernest C.  
Spickelmier, contest chairman.

This view was concurred in by J.  
Ray Monaghan, contest consulting  
architect, who said the models show  
remarkable architectural merit of  
design and ingenuity in develop-  
ment.

The youth building the house  
awarded first prize will receive a  
trip to Washington, D. C., with all  
necessary expenses paid by The  
Times.

Cash prizes totaling \$93 have been  
offered by the Indianapolis Real  
Estate Board for the runners-up.  
In addition, prizes of \$6, \$4 and \$2  
have been provided for the three  
models with the best landscaped  
lots.

# 50,000 TO PLAY IN BRIDGE MEET

Culbertson Mails 16 Hands  
to Earth's 'Four Corners.'

**By United Press**  
NEW YORK, March 31.—The  
"world bridge Olympic" tourna-  
ment with 50,000 players in the four  
corners of the earth will start  
promptly at 8:01 p. m. Friday.

Sixteen hands, most of them  
tricky, have been mailed out to  
game captains in every state of the  
union and Shanghai, Manila and  
Timbuctoo.

At the appointed hour the players  
will sit down, the 1,000 game cap-  
tains will start play and, at the  
end, 350 gold and silver trophies will  
be awarded.

Ely Culbertson, bridge expert who  
recently triumphed in 150 rubbers  
with Sidney Lenz, and a sort of  
super-referee of the Olympic, was  
not even disturbed today by the  
report that samples of the sixteen  
hands had drifted into the "wrong  
hands."

He declared that most bridge play-  
ers could study the hands for a  
week and still not know the right  
way to bid and play the sixteen  
hands, ways supposedly known only  
to Culbertson.
