AFTER-SCHOOL PLAY PLAN POPULAR WITH CHILDREN

Several Thousand Taking
Part in Recreation
Program.

Several thousand Indianapolis school children in grades 6 to 8, inclusive, are taking advantage of the after-school recreation program which is being inaugurated this week on the playgrounds of thirty-eight grade schools.

The program is being sponsored by the physical education department of the public schools, of which Miss Ada B. Crozier is acting director.

Supervisors of the play are students from the normal college of the American Gymnastic Union, who are serving without pay in order to get the experience. Fifty students are acting as supervisors.

The play periods are held two days a week, Monday and Wednesday. Monday recreation periods are held at Schools 2, 9, 10, 12, 13, 22, 32, 34, 38, 41, 46, 50, 70, 79, 25, 20, 27, and 61.

Group of Play Days in May

Supervised play will be held Wednesday afternoon at schools 10, 15, 16, 42, 43, 47, 49, 55, 67, 66, 73, 76, 82, 85, 54, 14, 69 and 28.

The play periods will last from 3 when school adjourns, until 4. Pupils must get written permission from their parents in order to remain for the games.

Objects of the periods, according to Miss Crozier, are to give the school children a chance to participate in organized play, and to give them a chance to play in league games.

The program will lead up to a group of play days in May when schools of seven districts will hold gigantic play sessions on some one play ground in each section.

Activities to Be Organized

Hope of the physical education department is that the same children will attend the sessions each time, in order that they may be organized for a regular after-school intramural program.

Experiments will be made at the district play days to determine how competition should be conducted.

Two plans will be tried. In some districts teams will compete as schools in all the various sports. In other districts teams will be chosen, instead of schools.

The plan, if successful, will be continued next fall and again next spring, Miss Crozier stated.
