## FRESH FLOWERS ADD SMARTNESS

At this season fresh flowers make some of the loveliest decorations to a costume, but there are also many new smart artificial flowers.

One of the newest is by Mainbocher, the American Paris designer, consisting of white plique violets with red center and long red stems. White organdie flowers are being used on softly tailored suits and dresses and even on the Sunday night frock. White camellias are favorites, used two, three or four in a row.

## SLIDE FASTENER HANDY FOR BELT

The newest use we've seen for those convenient slide fasteners is in a belt. The whole thing looks like an arrow.

The slide line is on one side of the belt and ends in a flare of metal that represents the tail of the arrow. The head of the arrow is on the other end of the belt.

It hooks into the slide and is drawn along until the belt is fitted snugly enough and then clamped down.

## MORTON DOWNEY IS DUE HERE FRIDAY

Tony Wons and Jacques Renard and Orchestra Are Featured With Noted Radio Entertainers on Stage.

MORTON DOWNEY, Tony Wons, and Jacques Renard and his orchestra will be presented in person as a special stage attraction at the Indiana theater beginning Friday for one week.

Known among the foremost radio entertainers of the country through their Camel quarter hour programs twice nightly over a national network, they are now making a tour of the key cities.

B. V. Sturdivant, district manager of the Skouras-Publix theaters here, when making the announcement of their local appearance, declared it to be one of the most important as well as one of the most costly stage attractions ever brought to this city.

This will mark the first time Indianapolis theater audiences have seen and heard Downey, Wons, or Renard. They will broadcast their regular air programs over a coast-to-coast network via station WFBM here.

Their stage presentation will consist of all new entertainment, and will run approximately forty-five minutes.

Twenty-two men travel with the company which will arrive here from the Michigan theater in Detroit early Friday. The group includes the three principals, fourteen musicians, a broadcasting engineer, production director, business manager, a "mike" engineer, and an advance man.

They carry a complete radio studio broadcasting outfit, including microphones, amplifiers, and loudspeakers. A special Pullman car and an entire baggage car are required to carry the company and special equipment used in the stage show.

Besides the stage program, the Indiana also will present Edna May Oliver in a comedy drama entitled "Ladies of the Jury," an all-talking picture based on the stage play of the same title.

Roscoe Ates, Ken Murray, Jill Esmond, and Guinn "Big Boy" Williams are among the supporting fun-makers in the cast.

Indianapolis theaters today offer: "It's Tough to Be Famous" at the Circle up to 9 p. m. when "Sky Bride" will have a special premiere.

"Wan Wanted at the Apollo," "The Miracle Man" at the Indiana, "The Wet Parade" at the Palace, "Getting Gertie's Garter" at Keith's, the Dodge Twins at the Lyric, and burlesque at the Mutual.

Neighborhood theaters tonight offer: "Bat Whispers" at the Mecca, "Nice Women" at the Hamilton, "The Gay Cabellero" at the Talbot and Daisy, "Polly of the Circus" at the Emerson and Stratford, "Heaven on Earth" at the Hollywood, "Lady With a Past" at the Belmont, and "Ladies of the Big House" at the Tuxedo.

Middeworth announced that new playground soft ball diamonds are being installed at the various parks. Five leagues have been formed already and others are planned.

When Intestines Functioned Normally Again • Her Skin Quickly Cleared • All Due to Fresh Yeast •

DR. MAZERAN says: "Skin troubles are merely... warning us that poisons are being absorbed into the blood." To purify the system he advises fresh yeast.

UGLY BLEMISHES GONE—thanks to fresh yeast. That's because yeast "tones" and purifies the system. Isn't it well worth trying?

DOCTORS recommend yeast. Here's extract from article by Dr. Cadogan, Madrid specialist.

DR. MAZERAN, the noted French specialist, explains how fresh yeast acts to correct constipation, the cause of so many cases of poor complexion.

## "Her SKIN completely CLEARED"

Read about this typical case from a great physician's own records. It describes an amazingly simple, natural way to correct bad skin.

How many girls do you know whose lives are miserable because of constantly recurring skin eruptions? It's so often entirely unnecessary!

Read this typical case described by the famous French specialist, Dr. Alexandre P. Mazeran. His record reads:—

... a young woman, suffering from an unsightly eruption on the face. Trying to rid herself of these troubles, she had dosed herself with laxatives and cathartics. Instead of clearing up her condition... poisons penetrated her system, making the skin eruptions steadily worse. In desperation she came to me.

And Dr. Mazeran adds simply: "I put her at once on a yeast regime. We did not have to wait long for results. Her intestinal and digestive condition was tremendously improved... Her skin cleared up completely."

Most people know that intestinal sluggishness is probably the commonest cause of skin eruptions.

But like the young woman described by Dr. Mazeran, few know how to get rid of it.

Fresh yeast, doctors explain, is a purifying agent. It "tones" and cleanses the sluggish intestinal tract... stimulating the action that rids the body of wastes.

In addition, yeast actually softens these wastes so your body can clear them away easily and regularly. And as poisons are passed out of your system, fresh, clean blood flows through your veins. The foundation for a clear, smooth skin is laid!

If you want to straighten out your system—to get back normal elimination, a good digestion, a healthy appetite, pep—add Fleischmann's Yeast to your diet.

You can get Fleischmann's Yeast at grocers, restaurants and soda fountains and each cake is rich in three indispensable health-giving vitamins—vitamins B, G and D. Get a supply today!

\*IMPORTANT—Fleischmann's Yeast for health comes only in the foil-wrapped cake with the yellow label. It's yeast in its fresh, effective form—the kind doctors recommend.

Not a "Cure-all"...Fleischmann's Yeast is a health food thousands eat —3 cakes a day

## Louis Ludlow for Congress

(No. 12 on Ballot)

Louis Ludlow has been an honest, faithful representative of the people.

He has been a diligent representative, an indefatigable worker for his district and the state of Indiana.

On every hand is evidence of his efficiency.

He has accomplished more for this district than any other representative ever accomplished in the same time.

He has achieved membership on the great appropriations committee, the most important and powerful committee of congress.

This committee is of tremendous importance to Indianapolis and Indiana.

It will enable him to bring still more material benefits to Indianapolis and work for the unemployed.

Think these matters over and then vote next Tuesday to indorse a faithful public servant and save that place on the appropriations committee for Indianapolis.

(Signed) Ludlow for Congress Committee

Views on Prohibition

Mr. Ludlow in his Walker theater speech Wednesday night said: "In voting against the Beck-Linthicum resolution I declined to commit this district to the return of the saloon in America. I believe the time is coming when the question of prohibition will be submitted to the test of an honest-to-goodness referendum in this country which will disclose the extent of dry sentiment and the extent of wet sentiment and which will show where America stands on this proposition. Certainly this program is one to which the leaders of both the dry cause and the anti-prohibition cause can agree without any compromise of their positions and without any sacrifice of conviction. I will be very glad to support this kind of a referendum, which is a very different proposition from the so-called Beck-Linthicum referendum. Such a direct referendum at an early date would go far to solve this problem. Rule by the people is a sacred American principle."
