

EYES OF NATION ON CALIFORNIA WET-DRY CLASH

Outcome Will Have Bearing on Fight for Plank in G. O. P. Platform.

By Scripps-Howard Newspaper Alliance
WASHINGTON, April 29.—The presidential primaries in California Tuesday will be watched eagerly, not only from Albany and New York, but from the White House.

While President Hoover's delegation will be unopposed, the Democratic primaries have become a battleground for the wet and dry forces of the state. Hence the outcome will have a bearing upon the decision of whether Hoover dries to permit a referendum plank to be written into the Chicago platform in June.

The recent revolt of the state's grape growers against prohibition is regarded as significant in this connection.

Interest in this phase is shown by the fact that the state's Democratic registration nearly has doubled from 465,793 in 1928 to 847,482 this year.

Although there are three Democratic tickets in the field, the real fight is between the Roosevelt faction, led by the wet national committeeman, Isador Dockweiler of Los Angeles, and the wet bellwether, Justus Wardell of San Francisco, and the Garner ticket, led by dry William Gibbs McAdoo and publicized by the wet Hearst papers.

An Al Smith ticket has been showing little vitality, but it may rather enough wet votes to permit the McAdoo-Garner faction to win. Should the Roosevelt ticket win, Wardell is expected to announce for senator against Senator Samuel Shortridge. If the Garner ticket wins, McAdoo doubtless will be a candidate.

Sensing the strong wet shift, Shortridge has announced he favors a referendum and has inclined his favor toward labor's 2-15 per cent beer program. His mysterious mentor here, Raymond Benjamin, is understood to be among the many urging Hoover to agree to a damp plank in the platform.

Out of California's eleven house members, seven voted for the Beck-Lathrop resolution. Senator Hiram Johnson, it is believed, will vote for a referendum when it comes up next month.

ALTER STATEMENT ON TAX DATE EXTENSION

Deadline Still May 9, but May 2 Is Urged for Duplicates.

Altering the original statement county treasurer's office employees today asserted that although the deadline date for tax payment had been advanced to May 9, they were urging persons to get their duplicates not later than May 2.

The original statement, issued by Timothy P. Sexton, county treasurer, had made the deadline date May 10 and had not mentioned the May 2 date.

"The first announcement published in the newspapers was unauthorized," declared one employee of the department, despite the fact it had come from Sexton.

"The date for tax collections is not later than May 9, and not May 10 as published, and the public is being asked to get their duplicates not later than May 2," he said.

TESTIMONY OF DOCTOR AIDS DRY OFFENDER

Needed Liquor for Stomach, Says Physician's Certificate.

Certificate of a doctor and testimony as to his good character won leniency Thursday for William Bunch, 1002 Bates street, charged with dry law violation. Municipal Judge William H. Sheaffer suspended a sentence of \$100 fine and thirty-day penal farm term.

Sergeant John Eisenhut and squad, who raided Bunch's home, seized one gallon of whisky and eighteen empty bottles, according to testimony.

"My wife is a church member and didn't know I had the whisky," Bunch testified.

The doctor's certificate stated Bunch was suffering from a stomach disorder and nervousness and that "a little stimulant would do him good."

Soviets Dance in Czar's Palace

By United Press

MOSCOW, April 29.—Officials of the Soviet government and several hundred guests dined and danced on Thursday night in the splendor of the czars, but retained the republican touch by wearing ordinary business clothes. The ball at the great palace of the Kremlin was the first held there since the Bolshevik revolution.

WOODMEN OF DISTRICT TO INSTALL OFFICERS

500 Persons Expected to Attend Ceremonies Here Sunday.

Approximately 500 persons are expected to attend a central district meeting of Supreme Forest Woodmen circle, to be held Sunday under auspices of Ramona grove, No. 63, of Indianapolis, in the Athenaeum.

Degree team of the Franklin circle will exemplify the ceremonies of the new ritual, and will install new state and district officers. A class of fifty candidates will be initiated.

Besides the business meeting, there will be entertainment and a luncheon.

WINDJAMMERS HOIST SAILS IN WHEAT TRADE

Low Prices, Freights Give Them Chance to Compete With Faster Ships.

By United Press
LONDON, April 29.—Twenty wind-jammers, members of a band

long doomed by the steam and steel of modern shipping, have been given a brief lease on life by the depression.

For the last three months they have been in Australia loading wheat for England and the continent. Low grain prices and low freights have given them the chance to compete with speedier ships.

Some vessels already have left on the hazardous voyage around the horn or the Cape of Good Hope. The trip "home" will take them anywhere from ninety to 130 days. Time matters little, though the ship making the fastest crossing will be the figurative "winner" in this race of the has-beens, which offers no prize save the glory.

On a four-months' voyage, in fact, there is always the chance

that the price of wheat will rise, so most of the old sailing vessels will be content to plod. In these days, when every port in the world has its idle hulls, it is enough for a sailorman to get a good cargo without taking risks in a race.

However prosaic this voyage of itself, it is enough to recall the days of almost a century ago when trim clippers traded to Australia in remarkably fast time. The Marco Polo, for example, made the voyage to Melbourne in seventy-eight days in 1852.

None of the ships in the present grain fleet can hope to rival the achievement of the famous clippers, but some of them can acquit themselves proudly, with reasonably good weather and wind.

HEFLIN LOSES FIGHT TO OUST SEN. BANKHEAD

Republicans Join in 64-18 Vote Against Voiding Alabama Election.

By United Press
WASHINGTON, April 29.—John H. Bankhead, Alabama's junior sen-

ator, today occupied his seat unchanged for the first time since the beginning of the session.

The election contest brought against Bankhead by former Senator J. Thomas Heflin (Dem., Ala.), who orated before the senate for five hours, was ended by a 64-18 vote in which Democrats presented a solid front for Bankhead and only a minority of the Republicans voted for a declaration of no election.

The sixty-four votes for Bankhead comprised forty-one Democrats, two Republicans and one Farmer-Labor member.

Heflin, still defiant, characterized the senate action as "a rank travesty on justice."

"It is a triumph for crooked and corrupt practices employed in an election for a Raskob Democrat

against a real Democrat," he said. "It is a surrender by the Democrats of the senate of the sacred principles so long loved and supported by Democrats in and out of the senate."

It makes a sad decline in Democratic leadership and control. "The failure to decide my contest on the law and facts will not in the least weaken my courage or impair my fighting spirit for clean and honest politics and clean and honest government."

Iceland Seeks Pure Wet State

By United Press

REYKJAVIK, Iceland, April 29.—A bill which would remove the remnants of prohibition in Iceland by permitting the import of strong intoxicants passed the first reading in the chamber of deputies.
