'COLLECT FOR'
BONUS TROOPS**

Thousands of Citizens Duped by Racketeers, Assert Army's Leaders.

By United Press
WASHINGTON, July 12.—The bonus expeditionary force today began a campaign against imposters who, it is alleged, have converted to their own use thousands of dollars collected in many cities for the veterans.

There was a possibility that the department of justice might order a federal investigation.

Agents of the bonus army have been sent to Chicago, New York, Atlantic City and Newark, N. J., to investigate disappearance of funds and food which never reached here, although ostensibly collected for the army.

Roy W. Robertson of Los Angeles, leader of a recently arrived California contingent, planned to complain to justice department officials about a group which campaigned for funds in Texas, Oklahoma, Arkansas and Arizona. The group, including several women garbed as Red Cross nurses, sponsored two days in several cities.

Captain Eugene B. Everett, Union City (N. J.) bonus army finance officer, said he was "certain that thousands of dollars have been collected for the army which never have reached the national headquarters."

"Soliciting contributions for the bonus army has become the most profitable national racket in the country," he said.

He said truckloads of food collected in Newark never had gotten beyond Trenton. Other truckloads failed to arrive from Chicago and New York, he declared.

Only 1,100 members of the bonus army have applied for transportation home under the government's offer which expires Thursday. Railroad tickets have been issued to 979 men and money for gas and oil has been loaned to fifteen who depend by automobile.

**POSTAL AIDS ORDERED
TO TAKE 'FURLoughs'**

Each Employee to Take 10 Days Off Without Getting Paid.

Orders from the postal department in Washington have been received by Postmaster Leslie D. Clancy giving instruction on the manner in which postal employees will take arbitrary "furloughs" without pay as part of the government economy program.

Each employee in the Indianapolis office will be required to take a five-day furlough in the month of July and as many days next month as necessary to reduce pay to the point determined by the ruling.

Heads of various departments will not take furloughs, but are receiving direct salary cuts, Clancy said. If necessary, furlough days will be continued for several months, although no employees will be permitted to leave during the Christmas holidays.

Other federal employees will take off two and a half days without pay each month to reduce their pay to the lowered rate. First infirmed vacations will be taken this month.
