

VILLAGE SENDS THREAT TO U.S. IN RAID CASE

Dry Agent Must Appear or Be Taken by Force, Official Says.

By United Press
ALEXANDRIA BAY, N. Y., July 18.—Local authorities have set Friday night as the deadline for court appearance of a prohibition agent involved in dry raid disorders here, with an ultimatum to the Department of Justice to produce the defendant or "he will be taken by force."

Non-appearance of Burke Bourne man at a scheduled hearing Monday night brought the sharp demand from Harold Donaldson, district attorney. Bourne man was charged with reckless driving after his motor car ran down two persons after a series of dry aids here. The accident caused a street fight between agents and townspeople.

Contempt Action Threatened

Added to the demand for Bourne man's appearance was the announcement from Charles Trickey, justice of the peace, that he was considering citing the dry agent for contempt of court for delaying the hearing.

Donaldson declared Bourne man had been paroled in custody of United States Marshal Larmarath of Watertown, for appearance here at 8 Monday night. The district attorney was indignant today, vowing to bring the agent before a court.

"I'll see this thing through to the end," Donaldson declared. "Bourne man will be taken by force if necessary."

Donaldson sent a telegram to the department of justice explaining the case.

Tension Is Diminishing

"Hearing set by justice for tonight at 7 p. m." it said. "Waited one hour and agent did not appear. Will your department produce this man Friday at 7 p. m. Advise."

Tension over the dry raids which the village charged "spoiled" the convention of Spanish-American war veterans appeared to be decreasing here. A crowd of nearly 1,000 packed the convention hall, where Bourne man was to be arraigned. When the agent did not appear the throng filed out in an orderly manner.

BRITISH ARBITRATION PLAN IRKS DE VALERA

Erin Willing to Dicker, but Dislikes Conditions.

By United Press
DUBLIN, July 19.—The Free State government is willing to arbitrate its dispute with Great Britain. President Eamon de Valera said today, although British insistence that any arbitration tribunal be drawn exclusively from the British Commonwealth may prevent action.

De Valera's statement criticised the British demand that disputed payments of land annuities to the British crown, withheld by the Free State, continue as a preliminary to negotiations.

The British established retaliatory tariffs to make up the loss from the annuities, and the Irish Dail rushed through a tax on British products. The senate considers the tariff measures today, and may delay their passage.

Nature of the conversations between De Valera and Prime Minister Ramsay MacDonald at London caused great disappointment in Ireland, for it was realized that an economic war was likely to be more disastrous to Ireland than to Britain.

'CRUSADING JUDGE' IS INDICTED FOR BRIBERY

Probe Flays Grand Jury.

By United Press
LOS ANGELES, July 19.—Superior Judge Walter S. Gates, leader in a sweeping "receivership racket" investigation, today found himself under indictment as the latest incident growing out of the collapse of the \$18,000,000 American Mortgage Company.

Gates, who submitted to immediate arrest on charges of accepting a bribe in connection with a receivership matter, issued a bitter attack on the grand jury which returned his indictment.

Gates, the indictment charged, asked and received "various and diverse services and things of value" from Toby Anderson, a political press agent.

Anderson had told the grand jury he was given two small receivership appointments in return for handling Judge Gates' campaign publicity.

W. C. T. U. IS UNDECIDED

Support Withdrawn in Presidency

Race; Awaits Hoover Speech.

By United Press

EVANSTON, Ill., July 19.—The national W. C. T. U. has made no decision regarding support of a nominee in the presidential election, but today said that neither Republican nor Democratic prohibition planks offered a solution to the liquor problem.

A statement issued on the basis of a poll of members said support would be offered neither presidential candidate until the annual convention at Seattle, Aug. 12-19.

A path was left clear for W. C. T. U. endorsement of President Hoover should his acceptance speech prove favorable to their cause.

DRY RAID HELD LEGAL

Search of Auto Without Warrant Upheld by Commissioner.

Right of dry agents to search an automobile for liquor without a search warrant was upheld by F. W. Patrick, United States commissioner, in a hearing Monday.

Patrick bound Florian Smith, 27, of Jackson county, to the federal grand jury under \$2,500 bond, despite protests of Thomas McNulty, defense attorney, that the search was illegal because of lack of a search warrant.

"If search of a home without a warrant were involved, I might release Smith," Patrick said. "But I feel that an automobile is a different matter, and that this case should go to the grand jury."

Stone Rolls From Peak and Kills Legion Officer

Body of Robert F. Smith Will Be Brought Here From Colorado.

Body of Robert F. Smith, 41, general manager of the American Legion Publishing Company, Indianapolis, who was killed at Estes Park, Colo., Monday will arrive here Wednesday, accompanied by the widow, Mrs. Gladys Lindsey Smith, 3536 North Meridian street. Mrs. Smith was to leave Estes Park this afternoon. Mr. Smith was struck down the side of Long's peak, while he and Mrs. Smith, accompanied by a party of friends, were climbing the peak. The Smiths were on a vacation trip and were to have returned to Indianapolis Thursday.

Coming to Indianapolis in 1924 after an association with a western oil company, Mr. Smith became general manager of the legion publication and is credited with conceiving and executing the present editorial and advertising policies of the magazine.

He was a member of the Rotary, Columbia, Indianapolis Athletic and Highland clubs; a Mason and

an Elk. He was born in California in 1891. His father now resides in Needles, Cal.

In 1926 he married Gladys Lindsey of Kokomo. Funeral arrangements will not be made until Mrs. Smith's arrival in the city.

T. J. CHRISTIAN DIES OF POISON DRAUGHT

Coroner Returns Verdict of Suicide After Some Delay.

Self-administered poison caused the death Monday of Thomas J. Christian, 64, lumber dealer for forty-five years and member of a pioneer Indianapolis family, according to Dr. W. E. Arbuckle, coroner, who today returned a verdict of suicide.

Body of Mr. Christian was found in his office, 531 Lemcke building. On the floor was a bottle bearing a poison label. Beneath a desk was a glass, which the coroner said had contained a few drops of a diluted solution of the poison.

Mr. Christian, who had been blind twelve years and was a sufferer from paralysis, might have mistaken the poison for medicine, the coroner suggested prior to the suicide finding. An autopsy was performed by Dr. J. E. Wytenbach, deputy coroner.

The body, in a chair at a desk, was found by John D. Finch, 2837 Ruckel street, who had been secretary to Mr. Christian for five years. Finch, according to the coroner, stated that he bought the poison a month ago at the request of his employer, who said he wished to play it as a disinfectant.

Mr. Christian left his home at 1512 North Meridian street, apartment 11, early Monday. William Skaggs, custodian of the Lemcke building, said he took Mr. Christian to the fifth floor on the elevator at 6:30.

Besides his widow, Mrs. Catherine E. Christian, he leaves a daughter, Mrs. E. C. Twitchell, Hollywood, Cal., and a sister, Mrs. W. M. Wharton, Rutherford, N. J. Two brothers, Harry and William, the latter the donor of Christian park to the city, are dead.

Funeral arrangements were to be completed today.

THRIFTY HORSE DIES TO SAVE CITY BULLET

Economical to Last Gasp, Sandy Falls Before Shot Is Fired.

By United Press
EVANSTON, Ill., July 19.—In death as in life, Sandy, who started his career as a proud firehorse and wound up drawing a garbage wagon, was a true Scotsman.

In his career of service for the city that lasted nearly thirty years, Sandy became noted for his economical ways. He ate even sparingly. When employees offered him more than a pint of oats and a forkful of hay a day, he eyed them reproachfully.

Even on such rations, the city finally decided Sandy no longer was worth his salt. A policeman led the old horse to the incinerator. He pointed a revolver and was about to fire.

Before the officer could pull the trigger, Sandy gave a last reproachful neigh and fell dead. He had saved the city a bullet.

FIGHT ASSESSMENTS

West Indianapolis Residents File Paving Costs Protests

Several property owners assessed for the paving of West Michigan street between Tibbs and Luett avenues charged Monday that part of the paving are faulty, that more owners opposed the improvement than favored it and that the cost was misrepresented.

The charges were made as the board of works announced the assessment roll for the work, which cost \$20,705. About forty persons were present, most of them seeking reductions in assessments.

BOY IS HELD PRISONER

Mother "Couldn't Be Bothered"; Dies Him to Tree in Yard.

By United Press
EVANSTON, Ill., July 19.—Edwin Durbin, 11, was chained to a tree in the yard of his home here because his mother, Mrs. Joseph Durbin, "couldn't be bothered" chasing him all over the neighborhood, she told police today.

Prosecutor Winfield S. Denton started an investigation after neighbors complained the boy was being treated cruelly.

FEDERAL COURT FIGURES REVEAL HEAVY INCREASE

614 Criminal Cases Opened With Only 8 Acquittals on Record.

Heavy increase in the number of federal court criminal cases is shown in report of District Attorney George R. Jeffrey for the fiscal year ending June 30, 1932.

Jeffrey's report shows 614 criminal cases were opened, 579 terminated and 551 convictions obtained during the year, compared with 321 cases opened, 356 terminated and 327 convictions for the previous year.

An interesting phase of the report is the fact there were only eight acquittals, or one acquittal to every sixty-nine convictions. The year before there were five acquittals.

511 Pleaded Guilty

Of the convictions listed, 511 were pleas of guilty, compared with 281 the previous year.

Heavier fines were levied in the last fiscal year, but the amount actually collected slumped heavily. Last year fines and penalties totaled \$62,320, and only \$18,636 was collected, while the previous year \$42,223 in fines were imposed and \$27,410 collected.

An overwhelming majority of the criminal cases before the court were for liquor law violations.

There were 522 liquor cases commenced, of a total of 614 for all offenses; 487 terminated and 471 convictions, of which 435 were on pleas of guilty. Five were acquitted.

Liquor fines totaled \$39,303, or thirteen times as much as for all other offenses combined.

Civil cases in which the government was interested also increased in number from 89 commenced the previous year to 126.

However, lack of funds for jury trials left 208 cases pending at the close of the year, compared with only 57 at the close of the previous year.

Of the civil cases, 200 represented war risk compensation suits.

CLINICAL PSYCHOLOGY IS ADDED AT BUTLER

Establishing of New Department Announced by Athearn.

Establishment of a department of clinical psychology as part of the college of education at Butler university has been announced by Professor Scott Athearn, president.

"I just was crossing the 'Cross Roads," defended Albertson. "I'll give the officer the benefit of the doubt, I was going on, judge, honest, I was."

Dr. Herman H. Young, director of the Herman H. Young foundation and the human relations and psychological clinic in this city, will head the new division, assisted by Professor J. L. Rosenstein and O. J. Breidenbaugh, both of whom are associated with Dr. Young.

Courses and clinic will be ready for the September opening of the 1932-33 term, it is said.

CAR IS FOUND BURNED

Wrecked Auto of City Man Located Near Martinsville.

Wreckage of a burned automobile bearing a license issued to Henry Walker, 1123 Bellefontaine street, was found six miles south of Martinsville, police of that city reported Monday night to local officers.

According to the Martinsville officers, the car appeared to have been pushed over an embankment and set afire. The car had not been reported stolen.

The special issue, elaborately illustrated with photographs of persons, events and places intimately associated with the diocese, now is being distributed to subscribers.

Message of appreciation and benediction from Pope Pius XI is on the inside of the frontpiece of the issue. Congratulatory message from Bishop Joseph Chartrand also is continued in the issue.
