Sudden Gale Wrecks Frail  
Craft; Death List May  
Reach Fifteen.

PONTIAC, Mich., July 22.—Placid waters of Pontiac lake were dragged today for the bodies of four to fifteen fishermen, sent to water graves when lightning, hail, and a sudden windstorm lashed the waters into a fury.

More than a hundred fishing boats were on the two-mile lake, whirling away a sultry afternoon. At least five of the scores of row-boats, flatbottoms and canoes were swamped. Some occupants struggled to shore.

One man's body was recovered. Four others were known to have been drowned. And Sheriff Fred Schramm, who led the search today, said he believed eight had been drowned.

A flash of jagged lightning and a crack of thunder were the first warnings of what was to come. Rain fell, and with it came hail. There was a concerted rush for shore.

Then came the wind. It ripped across the lake, and in a moment the placid surface was transformed into a boiling, churning mass. High waves tossed the boats about as though they were egg shells. Darkness that came with the storm added to the confusion. Screams and cries for help could be heard above the wind's roar. The wind and waves defeated each rescue attempt from shore.

A half hour after the storm broke, it had passed. Broken boats lay on the shore, and a few floated upside down.

3,400,000 People Reached, Estimates  
Isaak Walton League Head.

Approximately 3,400,000 people have been reached in seventy-seven radio addresses and newspaper stories by Howard M. Meyer, chairman of the ten-year conservation plan committee of the Isaak Walton League of Indiana, he estimates. In his talks Meyer has stressed importance of propagating game fish, reforestation and other conservation subjects.

# BOYS SAVE TRIO FROM DROWNING

Indianapolis Lads Drive  
Boat Through Storm.

Two Indianapolis youths drove their speedboat through a hail storm late Thursday afternoon to rescue three persons clinging to the bottom of an overturned sailboat in Lake Maxinkuckee.

They were Norman Perry Jr., 17, son of Norman Perry, owner of the Indianapolis baseball club, and Francis Riley, 18, brother of Walter J. Riley, secretary of the ball club.

Mary Crawford and David Cooper of Terre Haute, and a man whose name could not be learned, were saved from drowning.

Finding the sailboat passengers, in grave danger of drowning, the Indianapolis boys rescued first Miss Crawford, then Cooper, and finally the unknown man.

A separate trip had to be made for each rescue, as the capacity of the speedboat would be overtaxed by more than three occupants.

## Jeers at Bars

After an ingenious escape from the "model penitentiary" at Eastview, N. Y., Ralph Richards (above) and a fellow convict became the objects of an intensive police search.

The prisoners kept the door of their cell from locking by inserting a thin strip of leather in the niche of the lock.

# PEACE MEETING IN GENEVA HALL ENDS IN FIGHT

Italians Charge Insult by  
French: Delegates Are  
Near Blows.

BY STEWART BROWN  
United Press Staff Correspondent  
GENEVA, July 22.—International bitterness broke out in the Halls of Peace at Geneva today and a physical combat narrowly was averted. The French and Italian delegates to a meeting of the interparliamentary union, held in a hall adjoining the world arms conference, exchanged insults and the meeting broke up in disorder.

Pierre Renaudel, French Socialist delegate, insulted the Fascist regime, and Carlo Costamagna, Italian deputy, spiritedly took up the defense of Mussolini.

The meeting was adjourned while peace efforts were made by other

delegations, and Italo Balbo, Italian minister of air, conferred with Mussolini by telephone. The Italians demanded an apology, but Renaudel said he never would apologize. He had disparaged

## Kill all Flies and Mosquitoes Quickly by A Perfumed Mist Based on Japanese Flowers

Madam, let us this season conduct an efficient war on these deadly pests. They enter your home laden. They contaminate your food, they bite. Over 30 diseases are traced to them, and tens of thousands of children, every year, die from their infections.

There is a flower, grown in Japan, which these insects cannot tolerate. Modern research has discovered that its extract kills them at a touch.

That extract is the basis of Fly-Tox, developed at Mellon Institute of Industrial Research by Rex Research Fellowship. We

have spent ten years and over \$100,000 to perfect it. This Fly-Tox, used in a new-type Fly-Tox sprayer, creates in a room a cloud of perfumed mist. It is harmless to people, stainless to anything. But it kills at once every fly or mosquito that it touches. It is so all-pervading, when used rightly, that no insect can escape.

Use Fly-Tox for your home's protection. Start when the first fly or mosquito appears. Keep up this war on these deadly pests. The way is easy, economical, pleasant, sure. To rid a room completely costs from 1 to 2 cents.

**FLY-TOX ONLY**

A Rex Research Product

This means too much to you and yours to use a lesser method. Fly-Tox is economical, for a little goes far. Its strength is guaranteed, for every lot is tested in our laboratory. It is based on flowers. The cloud it creates is agreeable, harmless and stainless. It is the latest, and best that science has produced. Don't trust your home protection to ways less efficient. Fly-Tox is sold everywhere. Go get it now. Made by the Makers of Moth-Tox.
