

EVICTED EDICT IS DEFIED BY BONUS TROOPS

'They'll Have to Move Us
Out Bodily,' Is Shout
of Commander.

By United Press
WASHINGTON, July 22.—A defiant answer to the police order that members of the bonus army evacuate government buildings was issued today by Walter W. Waters, commanding the main body of bonus seeking veterans.

Waters said that while resistance by force would not be tolerated, he had instructed his men to remain in their quarters until the police put them out.

"If they choose to evict the veterans from their cantonment at Third and Pennsylvania avenue, they will have to evict them bodily, one by one," Waters said. "If they choose to arrest them—well, the housing problem will be taken from the shoulders of the bonus expeditionary force and placed on those of the District of Columbia and its jails."

"Trying to Stampede Us"

The eviction at the Third and Pennsylvania avenue buildings was ordered by police for this afternoon.

Waters sped by automobile to the camp site between Pennsylvania and Missouri avenues which police have ordered evacuated by midnight, because of its unwholesomeness.

"Our opponents are trying to stampede us," Waters cried, after reading his order that the men were not to leave until other billets were provided. "They're not going to run us out of the only homes we have."

"If they want to take us to jail let them. I'm not going to start a fight unless I have to, but just let them start any rough stuff."

A crowd of about 800 veterans cheered him and made no move to evacuate.

Spurs on Veterans

James H. Maurer, Socialist candidate for Vice-President, visited the main bonus camp at Anacostia during the morning and urged a crowd of 450 veterans to oppose all efforts to move them out of Washington.

"Your march on Washington and encampment here," he said, "has been one of the few cheering signs of resentment against the rotten mess into which the rulers of the country have led us."

Commander Waters was a guest at the camp for the noon day meal. He decided to be on hand when the police began to enforce their orders.

"Huh, Glassford don't want to evacuate us," said one of the veterans. "He's just got to obey them commissioners' orders, but he'd like to get out of it."

Union Carpenters Are Beaten

CLEVELAND, July 22.—Five union carpenters were beaten and seriously injured by a gang of thirty men here today as the climax to a dispute over whether ironworkers or carpenters should hang metal doors and place metal thresholds on the new juvenile courts building.

Boys—Here's Your Big Summer Chance

Paradise Is Here for the
Asking—and for Only
a Picture.

One of the most beautiful sights in the world may be seen nightly at Culver Military academy, Indiana, when the students there have assembly on the broad campus just before the evening meal.

As the strains of the big military band float out upon the placid lake the boys, fully uniformed, form on the campus in parade formation. A lone bugler, silhouetted against the sky like a bronze statue, blows assembly from the turret tower of the main school building.

Then follows the flag lowering ceremony, touchingly beautiful procedure. After the sunset gun, the cadets march into the big mess hall and enjoy the evening meal.

This ceremony will be seen by the boys who are winners in The Times-Apollo theater contest which now is being run in connection with the showing of "Tom Brown of Culver" which has its world premiere at the Apollo today.

It is a sight which should inspire and stir the heart of any boy and something that he will cherish in his memory forever.

Rush In Your Photo

"The Tom Brown of Culver" contest started in The Times Thursday when a picture of Ben Alexander was published. Young Alexander takes the part of a captain of cadets in the picture.

During the contest period The Times will publish pictures of the young stars in "Brown of Culver."

These boys represent characteristic "Culver types."

Indianapolis Times boys readers are asked to rush in a photo or snapshot of themselves to the "Tom Brown" editor at The Times right away, if they think they look like any of the pictures of the boys published in The Times. Please send your picture right away and state why they measure up to Culver qualifications.

The boy whose photo looks the most like one of those published in The Times will receive a two weeks' vacation at Culver some time in August with all expenses paid.

It's Grand Opportunity

The winner will have opportunity to participate in the many Culver activities, take advantage of the marvelous natural facilities for self-enjoyment there, as well as be-

They will see the famous Black Horse cavalry troop in action, the artillery at work with the field guns, the naval cadets on the lake and many more wonderful and inspiring sights.

In addition to the main prize there will be five other prizes consisting of a week-end trip to the famous Indiana school and summer paradise, with all expenses paid.

Hemorrhoids

How to End Painful Piles Without
Salves or Cutting.

Thousands who have piles have not yet learned that quick and lasting relief can only be accomplished with an internal medicine. Neither salves nor suppositories remove the cause.

Bad circulation of blood in the lower bowel causes piles. The hemorrhoidal veins are flabby, the bowel walls weak—the parts almost dead. To get rid of Piles an internal medicine must be used to stimulate the circulation, drive out the thick impure blood, heal and restore the affected parts.

Dr. J. S. Leonhardt, after years of study, found a real internal Pile remedy. He called his discovery HEM-ROID, and prescribed it for 1,000 patients with success in over 900 cases, and then decided every Pile sufferer, no matter how stubborn their case, might try his prescription with a money back guarantee.

So why waste time on external remedies or worry about an operation when Dependable Drug Stores and all good druggists invite you to try HEM-ROID and guarantee money refunded if it does not end your Pile misery.—Advertisement
