THREE-FOURTHS OF NEW HOUSE BACK REPEAL

Fewer Than 100 'Drys' in Lineup Indicated After March 4.

By Scripps-Howard Newspaper Alliance
WASHINGTON, Nov. 11.—The enormous scope of the anti-prohibition sweep in Tuesday's election was emphasized today by a Scripps-Howard survey indicating that 338 members of the new house, more than three-fourths of the membership, are for repeal.

A checkup on the complete returns, with only a few seats undecided, shows fewer than 100 "drys"—including both outright drys and "revisionists" in the house which takes office March 4, as well as twenty-eight members who have refused to discuss the subject in advance of a house vote.

Statements made by candidates prior to election, in campaign statements and in response to queries

Such Is Life

By United Press
LE MANS, France, Nov. 11.—Suzanne Boucau this week was a bride, a mother and a widow, all within forty-eight hours.

She married Louis Touchet, who had been her admirer for years.

The next day her child was born, a healthy boy.

Touchet drowned himself in a pond when he heard of the birth.

DEATH TAKES AGED RESIDENT

Mrs. E. K. Tibbets Was Widow of Educator.

Mrs. E. K. Tibbets, 877, widow of Eugene K. Tibbets, prominent for many years as an Indiana educator, died today at her home, 5133 Park avenue, after an illness of several weeks. She had lived in this city thirty years.

Funeral services will be held at 2 Monday afternoon at the residence with the Rev. W. A. Shullenberger, pastor of Central Christian church, officiating. Burial will be in Crown Hill cemetery beside her husband.

Despite her advanced age, Mrs. Tibbets, until her last illness, continued active in church and club affairs, and attended services regularly at the Central church.

She leaves a daughter, Mrs. George M. Spencer, Muncie, and three sons, Wallace B. Tibbets, East Orange, N. J., and Earl E. and Elliott R. Tibbets of Indianapolis.

BOYS SHOULD WASH DISHES, JUDGE ASSERTS

Home Training Best Form of Discipline, Geckler Says in Interview.

As a form of discipline, boys should wash dishes, sweep the kitchen and watch the baby, even though such tasks usually are regarded as only for girls.

This angle to the problem of training boys is offered by Juvenile Judge John F. Geckler, who tells parents "the job of training a boy is tedious, but enticing."

"It will be of great profit to the character of a boy to give him a rigid course in home industrial training," Geckler says.

The boy should do tasks that help his mother.

... elementary, my dear fellow. It's simple to see why some firms have all the friends. In the case of the Victor it is merely a common sense deduction. When for thirty years a firm advertises good merchandise ... sells what is advertised ... renders 100% service ... that firm naturally becomes a respected and trusted public servant ... naturally makes thousands of friends, and keeps them. Victor has prospered because Victor's guarantee is not just idle chatter ... you can depend upon it."

The suite shown below has become a standard in the world of values ... but only at the Victor can you buy it fully covered by an "Iron-Clad" Guarantee.

... While the photograph gives you an excellent idea of the smart styling and the charm of this suite, you can not pass judgment upon the value until you see it!

DEBT HOLIDAY ASKED

Britain Urges Examination of War Settlements.

By United Press
LONDON, Nov. 11.—Great Britain notified France and Italy today of her war debt note to the United States, requesting re-examination of the war debt settlement.

The note also was understood to request extension of the Hoover moratorium to permit postponement of the installment of nearly \$100,000,000 due Washington on Dec. 15.

Woman Who Advised More Than 50,000 Persons, Dies in East.

By United Press
NEW YORK, Nov. 11.—Evangeline Adams, nationally famous astrologer, who forecast the Windsor hotel fire, and the death of King Edward of England, and who numbered two presidents of the New York Stock Exchange among her clients, died here Thursday.

She was born in Andover, Mass., and was a descendant of John Quincy Adams.

The woman astrologer first came to New York in 1899. She scored an immediate sensation.

She stopped at the Windsor hotel, read the horoscope of the manager, and predicted dire disaster. The next day the hotel burned, with heavy loss of life.

Enrico Caruso, Metropolitan opera star, became her client, along with John Burroughs.

The elder J. P. Morgan, and two presidents of the New York Stock Exchange numbered among more than 50,000 people she advised.

Miss Adams was arrested in 1914 for fortune telling. But in the last ten years her lectures, for which she received \$2,000 apiece, were most popular. She earned and held a substantial fortune.

The cause of her death was not announced.

ABORTION of Colds (with lemon juice)

Do you sometimes get colds that hang-on for days? That's because the remedy used does not drive the cold symptoms from the system. Try cold abortion and you'll find those stubborn colds broken-up and gone within a few hours. To abort a cold, squeeze two full-sized lemons in a glass of very hot water, to be taken preferably at bedtime. Two hours before start taking a tablet of Pape's cold compound each hour. After the third tablet the lemon juice and hot water without sugar, and go to bed, well-covered. Sound sleep will follow, and the cold will be aborted by morning. The lemon juice treatment never fails, but you must have the cold compound to clear the head, dry the nasal passages, and allay any fever. Any druggist has Pape's cold compound; it is perfectly safe, and a tablet will check a cold at any time.—Advertisement.
