Child health will be the subject of the meeting of the Oak Hill Woman's club Thursday.

Friday's programs will include a card party at Michigan and Noble and a safety program by Sergeant Owen at school 22.

Riddles were introduced Friday night at the Oak Hill club meeting, under the direction of Ralph R. Matillo. A musical program included school songs by a group of school children, and musical numbers by Joe Myhove and Curtis Waite, banjo players, accompanied by Mrs. Nellie Hartmann.

More than 600 persons attended the spelling match of School 34 Friday night.

Fifty copies of Collier's Weekly have been received at the Leisure Hour headquarters, and will be given out at the daytime club centers, Oak Hill and Michigan and Noble. A sewing machine and reading table are to be added to the equipment at the club at Michigan and Noble.

## Should a Wife Forgive Her Unfaithful Husband?

Two Hundred Dollars in Cash Is Offered for Best Letters.

"I have been faithful to thee, Cynara, in my fashion."

Ernest Dowson.

One of the age-old questions that has been discussed among married folk for centuries suddenly has become a live "issue" again and is being debated over bridge tables and in locker rooms everywhere. The national release of the moving picture, "Cynara" in which Ronald Colman is starred opposite Kay Francis, has given impetus to the question:

"Should a wife ever forgive an unfaithful husband?"

"Cynara" is a picture that plunges deep into the great problems of married life and every man and woman who sees it will ponder these questions (a) What would I do if I caught my wife (or husband) cheating? (b) Should the wife in "Cynara" forgive the husband?

Loew's theaters throughout the country are interested in how you will answer these questions. So interested, in fact, that \$200 in cold cash will be given to the two best answers. The prizes will be divided, \$100 for the best letter from a husband and \$100 for the best letter from a wife.

Write a letter of not more than 100 words to the CYNARA EDITOR, care of The Indianapolis Times, and in it answer this question, "Should the wife in 'Cynara' have forgiven her husband?" Perhaps you think she should have forgiven him; perhaps not.

On one hand, circumstances may justify infidelity; on the other hand, probably not. Be that as it may, every man and every woman who is married, or who is planning to be, has at one time or another asked this question, "Would I marry my wife, or husband, if I caught her, or him, cheating?"

As the husband in "Cynara," Ronald Colman was unfaithful. Put yourself in Kay Francis' place and tell us whether you would do as she does in the picture. Your letter may be worth \$100 in cash.

In addition to the national prizes of \$200, there will be 25 pairs of guest tickets awarded to the 25 best local letters written. These winners will be considered in picking the national winners, and the guest tickets will entitle winners to see the attraction following "Cynara" at Loew's Palace.

## VETERANS' AID ROW BREWS IN ECONOMY WAR

Terrific Battle Is Likely to Break Early in New Administration.

BY RAYMOND CLAPPER  
United Press Staff Correspondent  
(Copyright, 1933, by United Press)

WASHINGTON, Jan. 9.—With President-elect Franklin D. Roosevelt opposed to the sales tax, and congress in revolt against raising income taxes, pressure is growing for sharp economies in the veterans' bureau.

This bureau spends \$1,000,000,000 a year, which is one-fourth of the total cost of the government. Congress has been reluctant to touch this expenditure. But conditions are shaping to the point where the demand for large economies is forcing consideration of the possibilities.

A terrific battle is gathering, and it is due to break early in the new administration.

Cite Civil War Pensions

Those leading the agitation for reducing this expense assert that \$400,000,000 a year could be saved without taking a single penny from any one who was injured in the war.

But the issue, as many service men see it, is stated in slightly different terms.

The question is, some of them say, whether the country wishes to place the man who served his country in war, but escaped uninjured, on the same basis as the man who did not serve.

If so, they add, then to be logical veterans' economies also should strike off all Civil War pensioners. This policy question, some of the veteran groups say, must be decided first.

Benefits Are Increasing

Before stating the arguments advanced by the opposing forces in this battle, the official picture of the situation as it exists should be summarized.

Key figures are: World war killed or died of disease, 126,000; wounded, 234,000; prisoners and missing, 4,500; total casualties, 364,500; total mobilized forces, 4,355,000; total World war veterans or dependents receiving benefits from veterans' bureau, 1,145,116.

Due both to the depression and increased benefits allowed by congress, the number receiving direct money benefits has increased 519,000, or 50 per cent in two years.

The hospital care of the veterans' bureau has increased 24 per cent, and the number living in veteran bureau homes has increased 44 per cent.

Hines Voices Concern

This rapid expansion has caused concern. In his last annual report, General Frank T. Hines, director of the veterans' bureau, said: "Confronted with the impressive total of past and present expenditures, and anticipating an increase in certain items of present expenditures as a result of the increase of applications because of disabilities incident to progressing age, and recognizing that at each succeeding session of congress, new benefits are proposed, which would further augment the expenditures for veterans' relief, we must regard with concern the possible future cost of veterans' relief."

Urges Speed in License Buying

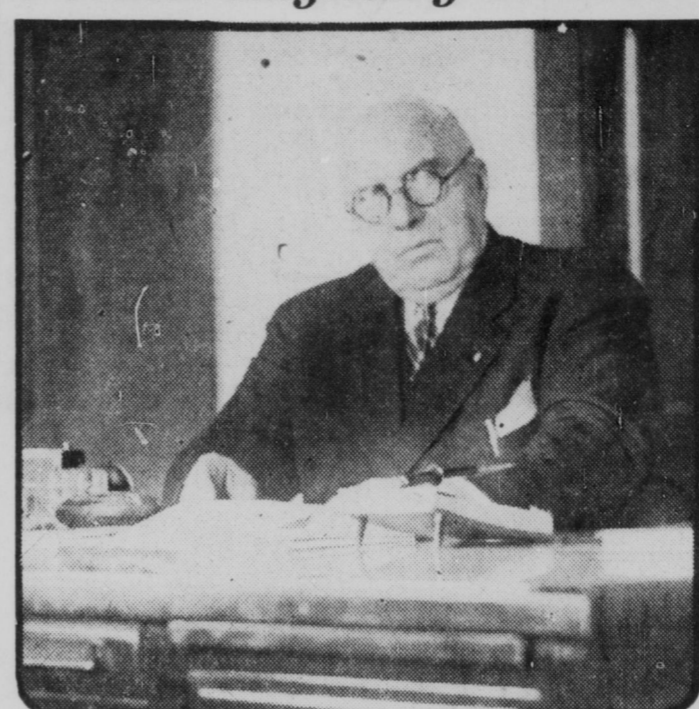

"Shop early and avoid the rush" is the advice issued to 1933 license tag purchasers by Todd C. Stoops, secretary-manager of the Hoosier Motor Club, who points out that inconvenience and annoyance results from waiting for the last-minute rush.

## Death Takes John Brown, Former Highway Director

John J. Brown

Funeral Services for Tax Board Member to Be Held Tuesday.

Funeral services for John J. Brown, 62, member of the state tax board and former state highway commissioner, will be held at his home in Rockport, Tuesday.

Death came suddenly to Mr. Brown at his room in the Roosevelt hotel, Saturday night. Dr. John E. Wyttenbach, deputy coroner, reported the cause as heart disease.

Brown retired as highway director last week and returned to the state tax board, where he had served as chairman from 1919 to 1928. His reappointment to the tax board and his selection as highway director were both made by Governor Harry G. Leslie.

Originally he was appointed to the tax board by former Governor James P. Goodrich.

Mr. Brown was a well known figure in Republican politics for the last two decades. He was a native of Spencer county.

Funeral services will be held at 2:30 p. m. at the Rockport Presbyterian church. The Rev. Karl Kramer, retired minister and a friend of Mr. Brown for many years, will officiate. Burial will be at Sunset Hills cemetery.

Survivors are the widow, two daughters, Mrs. B. F. Wohler and Mrs. R. V. Miller; a sister, Mrs. Myrtle Atkinson; two brothers, W. H. Brown and C. F. Brown, and two grandsons, Thomas Miller and John R. Miller, all of Rockport.

As a young man, Mr. Brown studied law with his brother, W. H. Brown, at Rockport. Later he joined the legal staff of Swift & Co. at Chicago.

Returning from Chicago after several years, he bought large tracts of land in Spencer county and entered large scale tobacco production. Later he was counsel for the Southern railroad and held that position until taking the tax board appointment.

## FORESEE QUICK PASSAGE FOR WAGNER BILL

Cut R. F. C. Red Tape and Liberalize Needy Relief Measure.

BY LEO R. SACK  
Times Staff Writer

WASHINGTON, Jan. 9.—The Wagner bill, cutting Reconstruction Finance Corporation "red tape" and liberalizing the relief law, will be speeded through congress, senators predicted today.

The measure is to be introduced today, has widespread support from Democrats and Republicans alike and, it is understood, from President-Elect Franklin D. Roosevelt, as well as R. F. C. officials.

The banking and currency committee will waste little time in reporting the bill to the senate.

Indicative of the senate trend is the fact that the conservative Republican, Senator Reed Smoot (Utah) has introduced a proposed amendment, liberalizing the law as that it may apply to irrigation projects.

Senator Robert F. Wagner has no objection to the Smoot proposal, his idea being that all constructive projects giving employment to people and serving a public good are beneficial and necessary.

Seven Changes Provided

Senator Wagner will confer Tuesday with Francis T. P. Plimpton, counsel for the R. F. C., in what may be a final effort to perfect the bill.

The measure provides seven significant changes in the relief law.

1. It removes all limitations on the amount which may be loaned to states for relief purposes. This sum originally was fixed at \$300,000,000 for a two-year period.

2. Instead of requiring a state to exhaust its own resources, the new bill makes federal funds available when a Governor certifies that a loan is necessary to "supplement the relief resources of the state."

3. Instead of continuing the existing month-to-month loan system, it contemplates six-month loans.

4. Future loans will be authorized by a special committee, appointed by the President, on the basis of their knowledge of social problems instead of the present R. F. C. personnel.

Funds for "Transient Boy"

5. A \$10,000,000 fund is established to make outright grants to states to enable them to handle the problem of the "transient" boy which social workers and many senators regard as one of the most significant developments of the depression.

6. The self-liquidating loan project section is liberalized to remove the "pay-as-you-go" earning requirement.

QUICK! STOP THAT COLD

IN THE DRY OR FIRST STAGE!

A cold ordinarily goes through three stages: the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. To let a cold run beyond the first stage is inviting danger.

Grove's Laxative Bromo Quinine taken at the first sign of a cold will usually stop it in one day. This famous tablet is effective because it does the four things necessary. It opens the bowels, kills the cold germs and fever in the system, relieves the headache and tones the entire system. Anything less than that is toying with a cold. Get Grove's Laxative Bromo Quinine today and accept nothing else. Now two sizes—30c and 50c—at all druggists.—Advertisement.

requirement for loans, and to substitute the judgment of the board as to whether the proposed construction is "needful and economically sound."

7. In the present law, rates, vigorously assailed as too high, are left to the discretion of the board. The Wagner bill provides that construction loans to states, municipalities and public bodies shall be only one-half of 1 per cent more than the last rate paid by the federal government for long-time financing.
