A BLACK crow is in the farmer's field—with a bounty on his head. Get two birds with one stone by cutting out the puzzle pieces and rearranging them to form the crow's silhouette.

Did the right hand side of that letter N give you the leg-ache? Here's the way the letter is formed from the puzzle pieces.

ABORTION of Colds

(with lemon juice)

Do you sometimes get colds that hang-on for days? That's because the remedy used does not drive the cold symptoms from the system. Try cold abortion and you'll find these stubborn colds broken-up and gone within a few hours. To abort a cold, squeeze two full-sized lemons in a glass of very hot water to be taken preferably at bedtime. Two hours before, start taking a tablet of Pope's cold compound each hour. After the third tablet take the lemon juice and hot water without sugar, and go to bed, well-covered. Sound sleep will follow, and the cold will be aborted by morning. The lemon juice treatment never fails, but you must have the cold compound to clear the head, dry the nasal passages, and allay any fever. Any sluggish has Pope's cold compound; it is perfectly safe, and a tablet will check a cold at any time.—Advertisement.

NEW CONGRESSWOMAN GETS MARRIAGE BIDS

One From Impoverished Farmer Boy, Another From Banker.

By United Press

HAYS, Kans., Feb. 3.—Miss Kathryn O'Loughlin, congresswoman-elect from Kansas, always has been a strong advocate of farm relief, but she didn't have in mind anything like what a Missouri farmer boy wrote to her.

His letter said: "Dear Miss O'Loughlin: I will come straight to my object in writing you. Will ask you to marry an impoverished farmer boy. I would be overjoyed to have any kind of a letter from you."

Miss O'Loughlin has had other proposals for marriage through the mails. One from a cowboy in Texas, another from a banker in her own district and from a wealthy retired farmer.
