

## Potatoes Served in New Ways

Anchovy Balls Pleasing Change from Plain Masked Variety.

BY SISTER MARY, N.E.A. Service Writer

Potatoes mashed, boiled, and baked are standbys in most families. Day after day the home-maker serves them with little thought of the many appetizing variations made possible by unusual seasonings.

Anchovy potato balls are a delightful change from plain mashed potatoes and will be especially liked with meats served without a gravy.

### ANCHOVY POTATO BALLS

Three cups hot mashed potatoes, 2 tablespoons butter or bacon fat, 1 teaspoon salt, 1/4 teaspoon pepper, 1/2 teaspoon powdered mustard, 1/2 teaspoon baking powder, 1 egg, 6 anchovies.

It will take five or six potatoes, depending on their size, to make three cups of mashed potatoes. Scrub them well and cook them with their skins on.

Peel and mash and keep hot while adding butter, salt, pepper, mustard, baking powder and egg well beaten. The potatoes must be hot enough to cook the egg slightly.

If they are not, put the mixture over hot water and heat, stirring constantly until thick. Add anchovies which have been drained from the oil and finely minced. Spread the mixture on a buttered platter.

Shape into balls about the size of a golf ball. Roll in fine dried bread crumbs, dip in egg slightly beaten with 1 tablespoon water and roll again in crumbs. Fry in deep hot fat until a golden brown.

Drain on brown paper and serve at once. The fat should register 385 degrees F., or be hot enough to brown an inch cube of bread from the soft part of the loaf in forty seconds.

### STUFFED BAKED POTATOES

Four baked potatoes, 2 tablespoons butter, 4 tablespoons milk, 1/2 teaspoon salt, 2 tablespoons grated cheese, 1/4 teaspoon pepper, 1/2 teaspoon mustard.

Cut a slice from one side of each potato and scoop out the pulp. Put through a ricer. Add butter, milk, salt, pepper, mustard and cheese and beat very hard.

Line the potato shells, using only the large part and not the slice, with mashed potato. Add two tablespoons of creamed fish, ham or poultry, or a poached egg can be used.

Cover with remaining potato, piling it up high above the shell. Return to the oven long enough to brown the tops and serve at once.

The creamed mixture can be omitted if the potatoes are to be served with meat.
