

LUESSE WILL SPEAK BEFORE JOBLESS ARMY

Unemployed Leader, Free Again, Will Lead Protest Rally.

For the first time since his release from the state penal farm last week, Theodore Luesse, unemployed leader, will speak at a mass meeting scheduled to be held Saturday noon on the courthouse steps.

Luesse served more than a year on the farm for conviction for interfering with an eviction.

His imprisonment drew state-wide attention when Indianapolis business men and civic leaders launched a fight to obtain his release and remittance of a \$500 fine which was imposed by Frank P. Baker, criminal court judge.

In hand bills circulated widely in the city today, leaders of the Employment Council and the International Labor Defense, said Luesse's appearance will be in connection with matters' protest against the "new deal" of the Democratic administration.

The hand bills charge that the new sales tax was "crammed down the throats of the poor," and that relief for the "forgotten man has been neglected."

The marchers will demand immediate relief for the unemployed to prevent "mass starvation," the hand bills state.

BULL BEAR IS FOUND: INDIANS RESUME TRIP

60-Mile an-Hour Speed Will Get Party in Capitol for Inauguration.

By United Press
WARSAW, Ind., March 3.—A party of twenty-four Sioux Indians from Standing Rock reservation resumed its bus trip to Washington for the inauguration today after an interruption caused by the disappearance of Bull Bear, a member of the tribe.

Bull Bear strayed away from his fellows when the bus stopped here, and became lost. The party went on without him and didn't discover his absence until the bus reached Columbia City, twenty-two miles east of here. Bull Bear appealed to police and the bus came back to pick him up.

The driver estimated that by traveling sixty miles an hour his passengers would reach Washington in time for the inauguration.

BANDITS MENACE GIRL CASHIERS, TAKE \$25

Baking Company Employees Are Held Up by Negro Pair.

Two Negro bandits robbed the South Side Baking Company of \$25 early Thursday night, taking the money from the cash register after drawing a revolver on two women cashiers.

Entering the office at 915 South Meridian street, the men ordered Miss Ross Toback, 110 West Wilkins street, and Miss Lena Meshulin, 909 South Illinois street, to hand over the money.

One of the men reached toward the cash drawer, and drew a revolver as one of the women attempted to seize his arm. The women were held at bay until the men fled through the front door.

No More Hemorrhoids

All Pile Agony Ended Without Cutting or Salves.

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your piles will only go when you actually remove the cause—and not one minute before. External medicine can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. L. Lovett, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.
