

# ALIEN INQUIRY BY CONGRESS IS PROPOSED

House Committee to Study  
Deportation Cruelty  
Is Sought.

By Scripps-Howard Newspaper Alliance  
WASHINGTON, March 17.—Rep-  
resentative Samuel Dickstein (Dem.,  
N. Y.) has introduced a resolution  
authorizing the appointment of a  
select house committee to investi-  
gate reports of alien smuggling and  
unlawful treatment of aliens ar-  
rested for deportation.

As chairman of the committee on  
immigration and naturalization,  
Representative Dickstein has re-  
ceived hundreds of complaints  
against activities of immigration  
bureau officers engaged in depor-  
tation work, and several clues in-  
dicating widespread operations of  
an "alien-smuggling ring."

Cruel and inhuman procedure  
and unlawful practices have been  
involved in deportation cases," said  
Dickstein.

"Innocent victims have been ar-  
rested without warrants, held in-  
communicado in jail for long pe-  
riods of time, and denied the ben-  
efit of counsel."

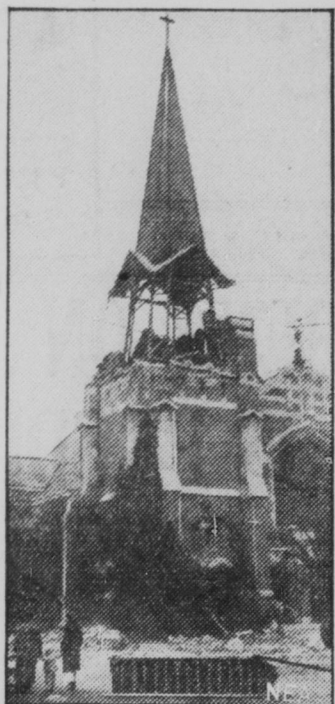

"Meanwhile, I am informed,  
thousands of alien dope peddlers  
have been smuggled into the United  
States from Havana and islands ad-  
jacent to the coast of Florida. And  
hundreds of Chinese and Japanese  
have crossed the Mexican border,  
fleeing the drastic exclusion laws of  
Mexico."

## PAPRIKA GROWN HERE

First U. S. Crop Brings Premium  
From Packers.

By United Press  
OXNARD, Cal., March 17.—The  
first commercial paprika crop in the  
United States has been grown by  
W. J. McInnes, from seed imported  
from Spain and Hungary. Bushes  
produced an average of sixty-five  
pods, and commanded a premium  
from packing corporations.

## STEEPLE STAYS

Brick and masonry were stripped  
from the steel framework of the  
steeple of this Long Beach (Cal.)  
church by the recent earth-  
quake as a giant might shell the  
kernels from an ear of corn.

## HEART IS STOPPED IN DELICATE OPERATION

Vital Organ Ceases to Beat Four  
Minutes While Doctors Cut.

By United Press  
STOCKHOLM, Sweden, March 17.  
—A remarkable heart operation,  
said to be the eighth one of its kind  
in the world, during which the pa-  
tient's heart was stopped for four  
minutes, was performed recently at  
the hospital of Sabbatsberg, in  
Stockholm.

The heart was laid bare and its  
beating was stopped during the four  
breathless and critical minutes  
needed for the operation, the patient  
thus being practically in a state of  
death. The operation was success-  
ful and the patient now has re-  
gained full health.

**A NEW LOW PRICE!**

Substandards of

**REAL SILK**  
DeLuxe HOSIERY

**2 Pairs 80c**  
1 Pair, 45c

These Are Super-Values Because:

1. First Qualities sell regularly for \$1.35 and \$1.75.
2. First qualities are sold only by "door to door" salesmen!
3. It is evident that Real Silk hose MUST be better than "counter sold" hose!
4. The Real Silk Mill is working night and day to keep up with orders. (It is the largest hosiery mill in the world.)
5. Real Silk's Inspection System is surgically EXACT!
6. Real Silk SUBSTANDARDS are often far too fine to merit the "sub-standard" classification!

Note These Exclusive Features:

1. 100% Fresh Silk!
2. Patented Hem-Guard!
3. No-Hole Hem!
4. Strain-Proof Instep Point!
5. Triple-Fast Dyes!
6. Flat-Seam Sole!
7. Cradle Dura Foot!
8. Genuine Sealed Yarns!
9. TWO-Way Run-Stop!
10. Positive Heel-Guard!
