

URGE CITIZENS TO CO-OPERATE IN JOBS DRIVE

Sullivan and Borinstein Ask for Aid in Modernization Campaign.

Advantages of the city-wide modernization campaign were cited today by Mayor Reginald H. Sullivan and Louis J. Borinstein, campaign chairman, in an appeal for citizens to co-operate in the movement.

Possibility of property owners improving and repairing homes, office buildings and other properties, at "great savings" at this time was stressed by both leaders of the campaign.

If property owners make needed repairs at this time they not only can save money but will stimulate general business, throwing thousands of dollars into trade channels," the mayor stated.

Leaders also declared the campaign will give jobs to several thousand tradesmen and other unemployed, and create additional pay rolls in the city.

Borinstein announced appointment of Toner M. Overly, Better Business Bureau director, as chairman of the campaign speakers committee.

Overly will organize a committee of twenty-five speakers to appear before the city, luncheon and women's clubs to advertise the campaign.

ENGINEERS URGED TO AID U. S. INDUSTRY

Business Ills Charged to Lack of Foresight.

Failure of industry to make proper adjustments in the face of shifting economic conditions was given as the cause of the depression by Paul J. Stokes, research director of the National Retail Dealers Association, at a meeting of the Indianapolis Engineering Society, in the Board of Trade building, Thursday.

Stokes spoke on "Depressions: Their Causes and Prevention." He pointed out that periodic depressions resulted from the post war price level falling and failure of capital to make essential changes in investments.

"The wise industrialist will not cut down available surplus too much," he said, "for often sudden shifts in style and demand will leave him with too heavy overhead expense and capital investment."

Banks should seek to carry on a financial arrangement which will permit capitalization of new fields of industry. When demands for goods come, men are put to work to speed up production."

RAIL LABOR FIGHTS MERGER PROPOSALS

Announce "Unyielding Opposition" to All Plans to Cut Work.

By Scripps-Howard Newspaper Alliance
WASHINGTON, March 31.—Organized railway labor stands ready to demand government ownership and operation of the nation's railways if the carriers are permitted to administer to continue their present practices and bring about the threatened consolidated monopoly.

This warning went out today from the Railway Executives' Association, and its importance was enhanced by the fact that today and Saturday the administration railway program is in the final stages of preparation. This contemplates the appointment of a federal railway coordinator, who would be expected to end wasteful practices among the carriers.

After a canvass of the situation, the railway labor executives, through A. F. Whitney, their chairman, issued a fighting statement, announcing "unyielding opposition to every program for increasing unemployment and destroying purchasing power by either reducing work or cutting wages."

SHOES COST \$2.000

Fair Pinches, So Husband Has to Pay Support Money.

By Times Special
CHICAGO, March 31.—One pair of \$6.50 shoes that pinched his wife cost George Jeffike \$2,000, he told Judge Sabbath Thursday.

"I bought the shoes four years ago and they hurt my wife's feet," he explained. "She chased me out of the house and since then I've had to pay her \$10 to \$15 a week by court order. It amounts to about \$2,000 for that one pair of shoes."

The judge thought the price might be high, so he cut the payments to \$8 a week, until the divorce hearing is held.

Dean Started School at 18

By United Press
PITTSBURGH, Kan., March 31.—Dean George Wilson Trout of the Kansas State Teachers' college here, did not attend school until he was 18 and did not reach high school until he was 29, married and the father of a child. He has been dean of the normal school nineteen years and is considered one of the leading educators of the state.

WEDDING BELLS AGAIN

Florence Rice

By Times Special
CHICAGO, March 31.—Florence Rice, daughter of Grantland Rice, famous sports writer, twice divorced, and Phillips Holmes, the actor with the side glance that makes the girls' hearts beat faster, will wed today at a meeting of the Indianapolis Engineering Society, in the Board of Trade building, Thursday.

Stokes spoke on "Depressions: Their Causes and Prevention." He pointed out that periodic depressions resulted from the post war price level falling and failure of capital to make essential changes in investments.

"The wise industrialist will not cut down available surplus too much," he said, "for often sudden shifts in style and demand will leave him with too heavy overhead expense and capital investment."

FRENCH POWER PROHIBITS WAR, SAYS SPEAKER

Germany Dares Not Fight, Asserts Lees-Smith at Town Hall.

Germany dares not make war now because of the overwhelming military supremacy of France, declared H. B. Lees-Smith, former member of the British cabinet, before the last Town Hall audience of the season at the Columbia Club today.

"Peace is being kept in Europe today," the speaker said, "because of the military power of France."

"I do not think that Adolf Hitler will make war. He is more moderate today than he was ten days ago. Hitler knows that if he made war now he would be smashed like an egg hit with a hammer."

Would Stay Forever

"France would cross the Rhine on the first pretense. She would seize it and stay there for the next 100 years."

Lees-Smith asserted that England does not want European peace secured by the military position of France, and that the new British peace program is based on that factor.

"England," he said, "gradually has recognized certain facts and asks questions. How long is the peace of Europe to be maintained by the French army?"

Pleads for Peace Spirit

"We now must bring to Europe a spirit of peace instead of a spirit of war."

Lees-Smith maintained that it is folly to talk disarmament before correcting the "legitimate grievances of the Treaty of Versailles."

Only after revision of the treaty can peace in Europe be assured and armies reduced, he said.

FEAR FOR LIFE OF LOST AGENT

Frankfort Insurance Man Is Still Missing; Search Is Continued.

Fear grew today that Willard Thompson, Frankfort insurance agent missing since Tuesday, may have been slain and robbed of the large amount of insurance collected by him at the time of his disappearance.

Description given police by his sister, Mrs. Katherine Frenz, 224 Bakemeyer street, Indianapolis, is: Age, 23; height, 5 feet 11 inches; weight, 140; brown hair and blue eyes; wearing gray suit, overcoat and hat.

Thompson's disappearance was discovered when his car was found parked at Thirtieth and Illinois streets and inquiry at Frankfort revealed he has been missing since Tuesday.

W. C. T. U. FIGHTS BEER

Beards For in His Lair, Starting Drive in Milwaukee.

By Times Special
MILWAUKEE, March 31.—Carrying the war into the heart of the enemy's country, the W. C. T. U. will open a campaign against beer at its national convention starting here June 30.

A drive will be inaugurated to raise a fund of \$250,000 to battle against brew.

DU PONT'S BREAK

Mrs. Du Pont

By United Press
RENO, Nev., March 31.—Suit for divorce from Lamont Du Pont, chairman of board of the General Motors Corporation, was filed here Thursday by Caroline Hynson Stollenwerk Du Pont.

Cruelty is charged. A decree probably will be granted today at a private hearing before District Judge Currier.

The Du Ponts were married Sept. 5, 1930, in Wilmington, Del.

HELP OF R. F. C. ASKED FOR BANK

McNutt, VanNuys and Stout in Washington on Plan for Fletcher American.

By Times Special
WASHINGTON, March 31.—A delegation of Hoosiers, headed by Governor Paul V. McNutt and Senator Frederick Van Nuys, called this afternoon at the offices of the Reconstruction Finance Corporation to discuss the Indiana banking situation.

The conference with Jesse Jones, director of the R. F. C., centered on the affairs of the Fletcher American bank of Indianapolis, which is the depository for a large number of small state banks.

Details of a plan to reorganize the bank, sequester a block of frozen assets, and reopen the doors of the institution on a near 100 per cent liquid basis were explained to Jones by Elmer Stout, president of the Fletcher American, and Will Thompson, attorney.

Their plan, it is understood, has been approved by the federal reserve system. The R. F. C. is asked to lend a part of the ready cash needed for the refinancing.

Other members of the delegation included Thomas Taggart, Democratic national committeeman, and Charles Summers, one of the principal stockholders of the Fletcher American.

URGE CUT IN GOLF FEES

Petition With 700 Signatures Is Presented to Sullivan.

In a letter today Mayor Reginald H. Sullivan transmitting a petition signed by 700 persons urging reduction of municipal golf course fees, J. Allen Dawson wrote in part: "I am informed certain of the municipal golf courses in Chicago have reduced the fees to 10 cents on week days, not including Saturdays, and that on Saturdays and Sundays, the fees are 25 cents. I also am informed Louisville, Ky., has reduced the fees to 25 cents, and likewise, as stated in the petition, practically every city has made substantial reduction in fees."

YOUTH SHOT BY OFFICER FACES THEFT CHARGE

Merchant Policeman Says He Found Victim Stealing Bakery Goods.

With the bone of his right hip shattered by a bullet fired by an officer, Walter Kindley, 18, of 26 North Miley avenue, is in city hospital, and is accused with Theodore Crosley, 35, of 120 North Miley avenue, of larceny and vagrancy.

Kindley and Crosley, according to Otto M. Jones, 55, of 273 North Elder avenue, a merchant policeman, who fired the shot, were caught early today stealing a basket of bakery goods left by a delivery man at the grocery of Harvey T. Harris, 823 West New York street.

Jones said two attempts were made to steal the basket. Two men fled when he came upon them the first time. Five minutes later he saw the men running with the basket in a vacant lot back of the store. He called to them to halt, but was not heeded, and fired two shots from his revolver, one striking Kindley, whose condition is not serious.

Police said Crosley has a record of trouble with the law, principally on charges of petty thieving.

Bearing Gifts

Admirers Pour Presents Into White House for Roosevelt.

By United Press
WASHINGTON, March 31.—Gifts are pouring in on President Roosevelt.

Mr. Roosevelt has received "good luck" horseshoes for several animals. Also there came from Sussex, England, the polished hoof of one Iroquois. The late Iroquois won the derby in 1881.

The hoof will have a place of honor alongside the tail of a famous trotter that belonged to the Roosevelt family in the seventies.

For leisure hours there are at least a half dozen jig-saw puzzles. Tack hammers and sheet music, four-leaf clovers and whisk brooms are some more of the gifts. But that isn't all.

The White House secretaries are acknowledging this partial list of gifts:

A lucky horse chestnut, several religious medals, a bed quilt, a bronze bust, at least a dozen walking sticks, two ordinary house brooms, two gavel, a rosary, an angel food cake, an ivory statue of Buddha, two flannel shirts, a clam shell, two live pigeons, a painted wooden cat, a hunting knife, a green necktie, a wooden keg on stand, photo in bottle, two Bibles and a rabbit's foot.

Scholars in thirteen countries are co-operating in making a dictionary of medieval Latin.

She's Perfect

At Least in School Attendance, Ruth Never Is Beaten.

Ruth Walker

RUTH WALKER, 14, of 350 South Grace street, has accomplished the record of having attended school regularly, with no absences or tardiness in eight and a half years.

Ruth started her record-breaking attendance when she was 6 at School 21, at 2615 English avenue.

Now a pupil at Technical high school, Ruth has attended a year and a half, and is trying for a twelve-year education without an absence or tardiness.

Members of the Indianapolis school board have tried several times to have Ruth attend the fresh air school, with the explanation that she is "too frail," but Ruth's mother says, "With a record like she has, how can you say she is weak?"

"Ruth is not only regular on attendance," Mrs. Walker explains, "but she has been placed on the honor roll at Tech frequently."

TODAY IS DEADLINE ON TAX RETURNS

No Last-Minute Rush Is Expected Here.

Today is the deadline for filing 1932 income tax returns, but all returns that are mailed before midnight tonight will be accepted at the local office of the internal revenue collector.

Several persons took advantage of the extension of the deadline from March 15. However, they will have to pay an additional interest on their tax, due to the 6 per cent interest requirement dating from March 15.

E. E. Neal, internal revenue collector, at the federal building, announced "practically all returns in this state have been filed."

The office is not expecting a last-minute rush.

MURDER SQUAD PLAN REVIVED BY CITY COPS

Detectives to Make First Investigations of All City Homicides.

The homicide squad plan is to be tried again by the Indianapolis police department effective Saturday, when detectives will be assigned to both day and night shifts for squad duty to investigate all homicides and cases of hit and run driver fatalities.

Resumption of the plan, which was tried at the time Claude Worley was police chief, is part of a reorganization of the detective bureau to become effective Saturday.

Detectives in squads of three will be assigned to radio patrol cars, and when not engaged in investigations, will do regular patrol duty.

Under this plan, detectives instead of uniformed men will make first investigations of felonies as reported by the police radio.

Heretofore, detectives were assigned to cases after preliminary investigation by uniformed officers. Assignments include:

Homicide Squad—8 a. m. to 4 p. m. Detectives Roy Peets, Emmett Stages and Howard Sanders, 4 p. m. to midnight. Detectives Fay Davis, Morris Corbin and Stewart Coleman; midnight to 8 a. m. Detectives John Marren and Edward Glenn.

General Assignments Squad—8 a. m. to 4 p. m., south side, Detectives Roy Pope, Harry Mason and John Gish; north side, Detectives Robert Taylor, Lawrence McCarty

and George Mueller; 4 p. m. to midnight, north side, Detectives Aaron Larsh, Piez Oliver and Jesse McCarty; south side, Ben Lansing, Arthur Fields and William H. Miller; midnight to 8 a. m., Marren and Glenn on both homicide and general assignments.

THERE MAY BE POISON IN YOUR BOWELS!

STEP out tomorrow morning with the fresh buoyancy and briskness that comes from a clean intestinal tract. Syrup Pepsin—a doctor's prescription for the bowels—will help you do this. This compound of fresh laxative herbs, pure pepsin and other pure ingredients will clean you out thoroughly—without griping, sickening or discomfort.

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied bowel troubles for forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drug-stores sell.—Advertisement.
