SHOOTS FATHER-IN-LAW, THEN ENDS OWN LIFE

Aged Man Expected to Recover;
Tragedy Result of Pleading Dispute.

By United Press
ZIONSVILLE, Ind., April 4.—An argument over condition of the ground for plowing had resulted today in an attempted murder and a successful suicide.

The suicide was Parker Gunn, 37, who fired a bullet into his mouth after wounding his father-in-law, Elihu Klingensmith, 70.

At St. Vincent's hospital, Indianapolis, it was reported today that Klingensmith's wounds were not serious and that he is expected to recover. He was struck twice in the chest.

The shooting occurred at the supper table. Gunn jumped up from his chair suddenly and produced a pistol, other members of the family said.

Klingensmith could give no reason for the act except that he and Gunn had quarreled during the afternoon over the condition of the ground.

BY DR. ALBERT EDWARD WIGGAM, D. Sc.

1. All through history men have laughed at their wise philosophers, crucified their true saviors and stoned their real prophets. They probably always will.

In 1898, when I was a police reporter on a western paper, I wrote an account of the first automobile that came to the city and prophesied the automobile would never amount to much! I had to lecture recently in that city, and was late arriving, because the automobiles blocked the streets. I think my experience is true of all people who laughed at new ideas and I hand it on for their benefit.

2. Yes. Nearly 40 per cent of the delinquent boys brought before the juvenile court of Chicago come from broken homes. Other cities have about the same record. When one reads such enlightening books as Healy and Bronner's "Delinquents and Criminals," "Their Making and Unmaking," Dr. Clifford Shaw's "Delinquency Areas," and "The

'BETTER HOMES WEEK' IS SET

Proclamation Is Issued by
Mayor for Observance
April 23 to 30.

Indianapolis citizens will join with the rest of the nation in observing April 23 to 30 as "Better Homes week."

"I wish to urge our citizens to give their full co-operation in this movement," Mayor Reginald H. Sullivan said in a proclamation today. "Much can be accomplished in the short space of one week toward making our city a more beautiful and attractive place in which to live if a united effort is put forth," he continued.

Each property owner was reminded, by the proclamation, to give attention to his own premises, particularly back yards, alleys and

other places where rubbish accumulates.

"Cleaner, brighter houses and yards add immeasurably to the comfort of all, and serve to decrease the hazard of fires and disease," the mayor asserted.

The "Better Home" movement encourages better homes and surroundings by modernizing, refurbishing, repainting homes and developing gardens and flowers. Definite plans for the observance were discussed by the advisory board in a meeting with Mrs. Felix T. McWhirter, Indianapolis state chairman of "Better Homes Week."

Charges of drunken driving, reckless driving and no driver's license were filed against Miss Margaret Johnson, 24, of 2943 North New Jersey street. The automobile she was driving is alleged to have collided on the Thirtieth street bridge over White river with a car driven by James S. Hurley, 3441 Guilford avenue. No one was hurt.

Their car collided at Thirty-eighth street and Keystone avenue with one driven by Mrs. Dorothy Burger, 38, of 46 West Twenty-sixth street.

Alfred F. Mann, 33, of 1811 Ashland avenue, suffered cuts on the neck and head when he was hurled against the broken windshield of an automobile he was driving, which struck a safety zone guard at Washington and Cruise streets.

Two persons riding with him escaped injury. Mann was treated at city hospital.

SEEK FIRE PROTECTION FOR COLD SPRINGS ROAD

Residents Assert Willingness to Pay on Annual Contract Basis.

Residents living along the Cold Springs road which bounds Riverside golf course on the west, today petitioned the safety board for fire protection, asserting their willingness to pay at reasonable amount annually on contract.

Just outside the city limits, the triangular section includes the Park School for Boys, the Charles B. Sommers and G. M. Williams homes and the Allison estate.

The monthly report submitted by Fire Chief Harry Voshell showed the fire department made 364 runs during March—a reduction of 135 from February. The fire rescue squad made nineteen runs, reviving three persons, and there were twenty-eight false alarms.

The success of the Back to the Garden Movement depends mostly on the Back.

While one swallow may not make a summer, a few of them can make an awful unpleasant fall.

The most important question of the day is: Who is your doctor?

If you have that tired, peepless feeling, try a change of scenery. Jump in the car and go places. But don't let tire trouble mar your trip. Stop in at the Rose Tire Co., 930 N. Luckies Please!

Havana, Cuba, increasingly smart, increasingly interesting

In every corner of the world, both here and overseas, wherever you find joy in life, 'tis always "Luckies Please!"

You want character as well as mildness in a cigarette... Luckies have both!

Everywhere you go—at cosmopolitan Havana as in our own homeland—discriminating smokers prefer Luckies. Why?

For one thing, because of their fine, fragrant Turkish and domestic tobaccos—carefully selected, perfectly blended. People the world over want a cigarette that has Character.

Second, and all important, because these fine tobaccos are "Toasted"—that scientific process which creates true mildness. For these two reasons—character and mildness—"Luckies Please!"

because "It's toasted"
