

R. F. C. CHIEFS CONSIDER CITY BANK'S PLANS

Proposals for Reorganization of Fletcher American Up in Capital.

By Times Special
WASHINGTON, April 4.—Directors of the Reconstruction Finance Corporation, at a special meeting scheduled for 11 today, were to consider several plans that have been worked out for reorganizing and reopening the Fletcher American bank of Indianapolis.

Details of the various reorganization plans were to be presented to the board by Elmer Stout, president; Will H. Thompson, attorney, and Governor Paul V. McNutt, who have been here since last Friday canvassing the Indiana banking situation with officials of the R. F. C. and the treasury.

The proposed reorganization details have been veiled in secrecy, pending final approval by the R. F. C. board.

McNutt, Roosevelt Confer

But all plans are understood to include provisions for segregation of so-called "frozen assets," to the end that the bank can be reopened on an almost 100 per cent liquid basis to permit the free acceptance and withdrawal of deposits.

Solution of the Fletcher American's problems will affect not only Indianapolis, but also many other communities in Indiana, since 288 state banks use the Fletcher American as a depository.

Governor McNutt conferred two hours late Monday afternoon with President Roosevelt, who talked over the whole general situation, said the Governor.

One of the specific problems which the Governor discussed with the President concerns the price of milk, and a method to stabilize the production of condensed milk to insure to farmers a higher price on the raw product.

Seek to Boost Milk Price

The result desired is to increase the price to its pre-war level.

In 1913, the price of raw milk ranged from \$1.25 to near \$2 per hundredweight. The present price is 85 cents per hundredweight, and the trend still is downward.

No plan of action was formulated at Monday's White House conference, but Governor McNutt said Monday night that the President's government does not assume the responsibility, he will suggest that Indiana try to work out a plan in co-operation with nearby states.

PLAN 'BUY U. S.' SHOW

Many Indianapolis Products to Be Included in H. A. C. Display.

The "Buy American" business show at the Hoosier Athletic Club will include the products of services of many Indianapolis industries. The show will be held on April 17 to 19.

Automotive supplies and repairs, gasoline and oils, foods and drugs, fuel, building supplies, printing, beverages, sporting goods, shoes, public utilities and insurance are among the products to be exhibited, according to Hilliard Francis, chairman of the committee in charge of the exhibition.

AGED MAN IS INJURED

Crippled Father Strikes at Son With Crutch, Falls.

His foot work hampered because he is a cripple, George Seals, 78, of 1818 Astor street, fell when he attempted to strike at his son, James, 32, West Michigan street, with a crutch, he told police Monday night.

Officers visited the elder Seals' home and found him in bed. Although he had a slight injury on the head he refused to go to a hospital or to permit police to call a doctor.

SHORTAGE IS CHARGED

Settlement to Be Sought With Former Noble County Clerk.

Field examiners for the state accounts board today reported an alleged shortage of \$9,749.08 in trust funds accounts of Mrs. Frances M. Beane, Albion, when she left the office of Noble county clerk in 1932. Settlement will be attempted and the case turned over to Attorney-General Philip Lutz Jr.

TAX HEARINGS ARE ON

Assessments for Utilities Are Considered; Bell Phone Up Thursday.

State tax board assessment hearings for utilities are under way today, the week to be devoted to telephone properties. Indiana Bell Telephone Company hearing is scheduled for 1:30 p. m. Thursday, it was announced by Philip Zoercher, board chairman. Utility hearings continue until May 6.

CASH AND TICKETS OFFERED IN GAME OF PRESIDENTS

Abe Lincoln freed the slaves. George Washington was the father of his country. Woodrow Wilson was President during the World War. Roosevelt is the man who is lifting the ban on prohibition.

There are thirty-one in all. Can you name the order in which they served their country as President? Which do you consider the greatest President? Why?

The Indianapolis Times has devised a "Game of Presidents," suggested by the sensational presidential film, "Gabriel Over the White House," now showing at Loew's Palace theater, to see just how well you remember your history and to get your opinions as to who was the greatest President.

Both cash prizes and guest

tickets to the Palace theater are to be awarded to winners.

George Washington was the first President. Roosevelt is the thirty-first. Can you identify and name the other twenty-nine in the order of their terms? Beginning last Thursday, The Times published pictures of some of the Presidents each day.

The last group appears herewith. Clip these pictures, and paste the Presidents up in the order of their service, beginning with Washington and ending with Roosevelt.

When you have done this, write a letter of not more than 100 words telling which President you believe is the greatest and why.

These letters and clippings should be mailed or brought to the Presidents' game editor, care of The

Times. Be sure that you have numbered the Presidents in the right order. If there is a mistake in this part of the procedure, your letter will not receive recognition.

Twenty-five pairs of guest tickets to see "Gabriel Over the White House," the sensational production starring Walter Huston and featuring the lovely Karen Morley or the next show appearing at the Palace will be awarded to the twenty-five writers of the best letters.

The letter receiving first consideration will get, in addition, a cash award of \$10; second, \$5, and third, \$2.50.

Make your letters attractive and get them in as soon as possible. The game of Presidents is fascinating and gives you a goal to work for. If you haven't started, don't forget that it isn't too late to do so.

HIGH WAGES PAY, ASSERTS ENGINEER

Ratio Is 3 to 1 on U. S. Income, He Says.

Every additional dollar paid in workmen's wages will triple the nation's net income, members of the Indiana section, Society of Automotive Engineers, were told Monday night by Dr. H. C. Dickinson, Washington, president.

Dr. Dickinson, chief of the heat and power division, United States bureau of standards, presented charts showing that the drop in net income was three times the savings in wages effected by reducing forces.

Nominees for officers of the section announced at the meeting were Herman Winkler, Schweitzer-Cummings Co., chairman; Lee Oldfield, Smitz Motor Car Co., first vice-president; Frank Prescott, Delco-Remy Corporation, second vice-president; P. A. Watson, Duesenberg Motors, Inc., treasurer, and Harlow Hyde, secretary. Election will be held in May.

L. T. Carr, 1876 Gilbert street, sold a five-room bungalow from a three-day Real Estate ad in The Times.

PLAN BAR QUIZ OF AMBULANCE CHASING CLAIM

Police Chief Virtually Is Assured Victory in Court Tilt.

Investigation of ambulance chasing tactics of some Indianapolis lawyers was scheduled to be made at the Indianapolis Bar Association meeting Wednesday night, following revelations made by Chief Mike Morrissey in circuit court Monday.

Morrissey virtually was assured victory in the first step of his fight to halt ambulance chasing when Circuit Judge Earl R. Cox indicated he probably would rule against Frank K. Miller and Alfred S. Cantwell, attorneys. They sought a mandate to force Morrissey to permit them to have access to police accident reports.

From the witness stand the chief branded Miller and Cantwell as "ambulance-chasing lawyers." He also revealed results of an investigation by detectives, where he said it was found Cantwell and several other lawyers had visited persons injured in accidents, and offered their services on a split fee basis, promising to obtain substantial damages.

Cox declared the matter was a moot question, inasmuch as city council, since filing of the suit, has rescinded the ordinance section which made police accident reports open to the public.

The suit was based on Morrissey's refusal to permit Cantwell to see report on an accident in which Isaiah

Ellis, Negro, 1101 North Senate avenue, was injured seriously.

Morrissey testified Ellis told detectives two men visited him at city hospital, and induced him to sign a contract to represent him legally, but added he did not know the names of the men.

The chief said ambulance chasing attorneys frequently came to police headquarters with clippings of newspaper accident stories, seeking information in order that they might visit injured persons and obtain contracts.

He added most such attorneys employed as many as four runners to represent them, some of the runners illegally having radio sets turned to receive police radio reports in their cars.

The only other witness was Sterling Humphrey, Negro, who said he was a porter at the New City Trust building, where Cantwell and Miller maintain offices.

Humphrey testified that he had suggested to Cantwell that he visit Ellis following the accident, adding that he found Cantwell had not visited Ellis a week after the suggestion.

Cox withheld his decision to permit Miller to file briefs, supporting his contentions.

VAL NOLAN TO TAKE UP DUTIES THIS WEEK

Val N. Nolan of Evansville temporarily appointed United States district attorney by Judge Robert C. Baltzell, will arrive in Indianapolis this week to assume his duties.

Nolan is slated for a permanent appointment to the post by President Franklin D. Roosevelt.

No successor has been named to take the place of Mrs. Florence Winkler, former chief clerk in the United States district attorney's office. Mrs. Winkler recently resigned to become secretary to Adolph Kruse, federal probation officer under Baltzell.

SOUTH SIDE TO HOLD RALLY ON UTILITY CUTS

Wednesday Night Session at Garfield Park to Seek Fair Rates Schedule.

Patterned after vigilantes, who once brought law and order to towns of the old west, an organization is to be formed in Indianapolis Wednesday night at the Garfield park community house to seek fair rate schedules on public utilities.

On call of the central committee of the South Side City Clubs, a rally of representatives from all civic organizations, will be held.

Representatives of the local Federation of Women's Clubs and Indianapolis Real Estate Board will discuss formation of a body to battle for equitable rates on utilities in line with the lower cost of living.

Reduction of telephone rates will be sought, according to Walter Rothermel, president of the Central committee.

The body will act as a bulwark of protest and data for Sherman Minion, public counselor of the public service commission, in his efforts to obtain reduced rates on utilities for consumers.

Rothermel, head of the central committee, has a petition pending before the public service body for rate reduction on telephones. Minion seeks to have all protests for rate decreases come from a central organization of consumers.

A speaker from the city modernization committee will tell the south side session the needs of employing jobless men in a city-wide spring campaign to beautify and clean up residential and business areas.
