Famed Woman Traveler to Hit Trail Again; Quits Job

Harriet Chalmers Adams Gives Up Post as Head of Geographers' Society.

WASHINGTON, June 6.—Harriet Chalmers Adams, who equally is at home in Alaska, Tierra Del Fuego or the Sahara desert, has stepped down from the presidency of the Society of Women Geographers, which she organized eight years ago and extended to forty countries around the globe.

Mrs. Adams has been one of the capital's most interesting visitors. She says now that she will "hit the world trail" again, but she refuses to tell her destination.

One of the world's greatest travelers, Mrs. Adams has penetrated to many places never before seen by a white woman. Her greatest love has been "Mother Spain," and she has traveled countless miles along the trails of the old Spanish galleons and conquistadors.

One of Mrs. Adams' exploits was crossing Haiti in the saddle. She brought back from that expedition some of the rarest animals ever captured.

Mrs. Vaux Walcott, an authority on glaciers, photography and pitcher plants, succeeds Mrs. Adams.

Advising Mrs. Walcott, is a council of women travelers and scientists which includes Amelia Earhart, Mrs. Della Akeley, Dr. Millicent Todd Bingham, Dr. Margaret Mead, Mrs. Blair Niles and Mrs. C. F. Barston Murphy of New York, Mrs. Mary Hastings Bradley and Mrs. Mabel Cooke Cole of Chicago and Miss Frances Densmore of Red Wing, Minn.

GERMANS AGREE ON ACTION TO REPAY JEWISH

Upper Silesian Measures to Be 'Rectified,' League Council Told.

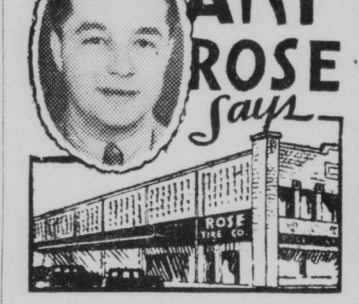

By United Press

GENEVA, June 6.—Germany is prepared to "rectify" anti-Jewish measures in German Upper Silesia that are contrary to international obligations, German delegate Von Kellar told the council of the League of Nations today.

In reiterating Germany's intention to observe international treaties protecting Jewish minorities in Upper Silesia, Von Kellar complained that the discussion "often passed the limits of the question before us."

The council then adopted the League report on conditions in Upper Silesia. Germany and Italy abstained from voting.

Reports showed that the relief fund of the mother church in Boston had been made available during the last year for temporary assistance to flood sufferers in England and West Virginia; hurricane victims in Puerto Rico and for sufferers from the earthquake in California.
