**H**ERE is a sale planned from a single idea! For some time we have been convinced that furniture prices were too low to be maintained for long. We wanted to have one big sale of the best we could buy while prices were still at the bottom. Recent market advances have confirmed our conviction that this furniture was bought at the **RIGHT PRICE**. Much of it can not be duplicated in the near future at the present figures. This may be your last chance to buy such fine furniture at such low prices. **A word to the wise is sufficient!**
