

GARVIN HANDLES PARTNER FUNDS

Receiver Named to Control Meyer-Kiser Assets in Pool.

Thomas E. Garvin, receiver for the defunct Meyer-Kiser bank, today was appointed receiver, on his petition, for the Meyer & Kiser partnership, comprised of Sol and

Ferd S. Meyer; Sol and J. J. Kiser and Melville S. Cohn.

During a recent hearing in circuit court before Judge Earl R. Cox, it was brought out that the Meyer-Kiser partners considered the bank and the partnership an entity. All revenues, both of the partnership and the bank, were pooled and the partnership paid the bank operating expenses.

Garvin informed Cox he has learned that several suits may be filed against the partnership, and that since all property, assets and credit in the partnership in reality are the property of the bank, the latter receivership should be protected.

Cox fixed Garvin's bond at \$5,000.

OIL TRADES CODE TO CARRY PRICE LEVELS

Recovery Act Leader Will Receive Regulations.

By Scripps-Howard Newspaper Alliance
WASHINGTON, June 23.—Strict government regulation of crude petroleum production, and fixing of minimum and maximum prices are provided in the oil code about to be submitted for approval to General Hugh Johnson, administrator of

the national industrial recovery act. The code was drawn at a meeting of oil trade associations at Chicago, dominated by the American Petroleum Institute and major companies.

It does not fix definitely hours of labor nor wages although this has been stated as the major requirement of industrial codes by Johnson and President Roosevelt.

The code does, however, meet the requirements of the law regarding collective bargaining and says that "employers of labor in this industry shall comply with the maximum hours of labor, minimum rates of pay, and other conditions of employment approved or prescribed by the President."

SPANISH Fliers MAY HAVE DIED IN GULF

Sea or Jungle Hold Secret, Investigators Say.

By United Press
MEXICO CITY, June 23.—Possibility that the Spanish aviators, Captain Mariano Barberan and Lieutenant Joaquin Collar, missing on a flight from Havana, had fallen into the Gulf of Mexico was advanced by investigators today.

The fliers were seen along the Mexican coast, over land, but it was believed possible they veered eastward over the Gulf because of bad weather. The alternative was that they landed in jungle, where they might be lost for weeks, or crashed into a mountain. They had food for ten days when they left Havana Tuesday.

150 CASES BEER STOLEN

West Indianapolis Store Operator Reports 3.2 Hijacking.

One hundred fifty cases of 3.2 beer valued at \$495 have been stolen from the rear of the store owned by Wal-

ter B. Raikes, 1627 Howard street, over a period two weeks, he reported to police today.
