

DIAMOND STARS SCHEDULE GAME AT SHELBYVILLE

Recreation Staff Is Ready
for Annual Series
and Dinners.

They not only direct it, they play it.

"They" refers to members of the city recreation department, who direct ball games all summer at local playgrounds, and then for a rest, play a few games themselves.

The only difference, as H. W. Middlesworth, recreation director, explains it, is that "when we play, there's got to be a good chicken dinner."

For the last five years, members of the city recreation staff, and a few other select players in the city, have staged a two out of three series against a select team of the Shelbyville twilight league.

Play Begins Wednesday

The local team will play its first game this year on Wednesday, July 14. The team is composed of Middlesworth; Bob Nipper, coach at Shortridge high school and supervisor of athletics for the recreation department; Paul Hinkle, athletic director at Butler university; Patsy Clark, coach of the Portsmouth professional football team; Dick Mills, Stan Feeble, Bob Kelly, Jim Cunningham, Henry L. Goett, Tom Scanlon, John Noonan, Lew Reichel, and Al Feeney, state athletic director.

The team will leave about 2 in the afternoon, and at 5 will play the Shelbyville team, which has been selected by Alfred Campbell, recreation director of Shelbyville.

Middlesworth will act as manager for the local team.

Dinner Will Be Served

Following the game, dinner will be served to all the players.

The Shelbyville team will visit Indianapolis later this summer, for the second game of the series, and a second dinner.

In case of a split in the first two games, the Indianapolis team will make another trip to Shelbyville.

Last year's championship went to Shelbyville, its team defeating the Indianapolis "Wonder Boys" in two straight games, 2 to 1, and 10 to 9.

City Pools' Water Polo Season to Open Tonight

Garfield Spashers to Meet
Ellenberger; Rules Are
Altered.

Official water polo season of the Indianapolis pools and beaches will open tonight, when the Garfield team meets the Ellenberger team at the Ellenberger pool. The game will start at 7:30.

All games this summer will be under auspices of the Indianapolis city recreation department and American Red Cross, under the direction of Bob Goodwin, director of pools and beaches for the recreation department, and Jim Clark, Red Cross director of life saving here.

Rules of the game have been changed somewhat this year, all games to be played under official A. A. U. rules, whereas in the last few years, games have been played under rules provided by the recreation department.

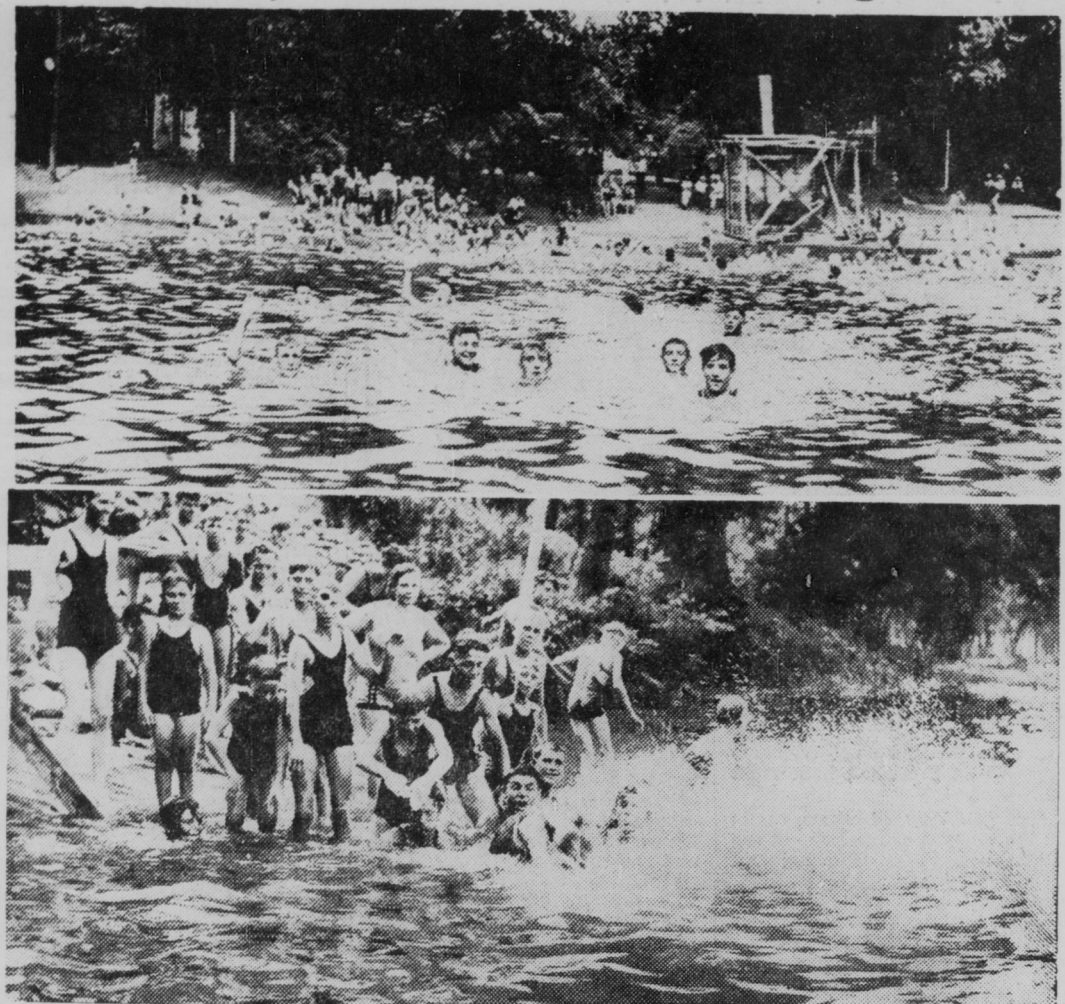

One of the most important changes is in the goal, which now is an open affair, through which the ball must pass. Games will be fourteen minutes in length, with seven-minute halves and a three-minute rest period.

Thirty games in all will be played this year. All boys of the proper age are eligible, with the exception of swimmers from the athletic clubs and Y. M. C. A.

Thousands of Swimmers Flock to Twenty-Sixth Street Bathing Beach

NEW PLAY LOT GAME PLANNED

'Bunny Bean Bags' to Be
Made by Children
at Grounds.

Handicraft project for the week starting Monday will be the making of "Bunny Bean Bags," and the construction of a game board to play "Bunny in a Hole," Mrs. Norma Koester, supervisor of handicraft and pageantry at local playgrounds, announced today.

The bean bags will be made of unbleached muslin or cambric, in the shape of small rabbits. Features will be made with crayon, and pressed with a warm iron to set them. Edges of the figure will be button-holed.

The board will be made of heavy cardboard, corrugated paper or light wood. Holes will be cut into the board, and each hole numbered.

The small children, in playing the game, will stand three feet from the board and toss the "bunny" into the hole. Each child will have three trials, the one having the largest score winning. Older children will stand six feet from the board.

Children Clamber on Shal- low Water Platform Daily in Dives.

Thousands of persons have visited the Twenty-sixth street beach this summer for their daily exercise and cooling off, since its opening a few weeks ago.

The large platform, in the middle of the river, on which diving boards have been placed, was broken a few days ago, but the crowd has not missed it and has turned to the shallow water for their plunges.

The shallow water platform is new at the beach this year, and is the most popular of any in the city. Small children, boys and girls, who do not know how to swim, climb upon the platform and make dives into the water, which is shallow enough for them to stand on bottom.

Across the river is the deep water platform, and this also is popular. The platform dropped under water when a large crowd, all wishing to dive at the same time, surged to the edge.

One of the regular swimmers at the river, is W. H. White, 974 Uddell street, who despite his loss of one arm at the shoulder, and the other at the elbow, is one of the best

swimmers and divers at the beach. White was just ready to take a plunge off the deep water platform when The Times photographer snapped a picture. A large crowd was stationed on the back of the platform watching White, who is described as being able to go through the water "like an eel."

BATHING SUIT CODE VIOLATED BY MEN

Rules Seldom Broken by
Women, Guards Say.

Women who have been criticized for daring bathing costumes are not the offenders this year, according to the life guards, at city pools and beaches.

Instead, it is the men, succumbing to the influence of the Riviera and Florida, have gone in for topless bathing suits. Life guards have been forced to order men off the city beaches.

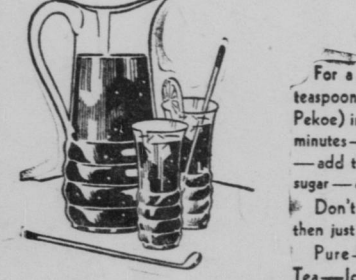

The men do not put up much of a fuss, according to the life guards, but are abashed, hurry home or down town to buy the required swimming shirt. Rules for the women class any swimming costume which looks "decent," as appropriate for the beach or pool.

H. W. Middlesworth, recreation director, is the sole censor of what the well-dressed bathers must wear. He has not been blushed as often this summer as last, he declares.

Kidneys Must Clean Out Acids

The only way your body can clean out acids and poisonous wastes from your blood is thru the function of millions of tiny kidney tubes or filters, but be careful, don't use drastic, irritating drugs. If poorly functioning kidneys and bladder make you suffer from Getting Up Nights, Leg Pains, Nervousness, Stiffness, Irritation, Acidity, Lumbago, or Loss of Energy, don't waste a minute. Try the Doctor's prescription called Cystex (pronounced Siss-tex). Formula in every package. Starts work in 15 minutes. Soothes and tones raw, irritated tissues. It is helping millions and is guaranteed to fix you up or money back on return of empty package. Cystex is only 75c at druggists.—Advertisement.

SAND BOX GOLF MEET TO OPEN

Children's Tournament Will
Start Friday at Rhodius
Park.

In the rough with a good temper. That will be required throughout the rest of the summer, when the city's "sand box" golf tournament gets under way Friday at Rhodius park, under the direction of Miss Alma Teifert, supervisor of games at local playgrounds.

Age for the children who wish to enter at the various parks must be between 8 and 14 years. A soft rubber or golf ball may be used for the drives and putting.

For the clubs, the children will be allowed to use a flat stick such as a roofing shingle, or a toy golf club. Regulation golf sticks are not allowed.

Children too young to enter the tournament have been engaged in the last few days building sand traps, hills, valleys, lakes, bridges and other hazards to make the course more complicated.

The first round, to be played at Rhodius Friday, will start at 3 in the afternoon. Other rounds will be held throughout the summer.

PLAYGROUNDS WILL BE TREASURE HUNT SCENES

Fifteen Searches Will Be Conducted

A SWINGING GOOD TIME FOR THIS PAIR

Lenora Platt, 6, of 3041 Broadway (left) and Robert Showalter, 7, of 2606 North Illinois street, were having a swinging contest when The Times photographer paused Saturday at the Fall creek playgrounds.

Saturday is a light day at Fall creek, and Lenora and Robert

were able to enjoy a long swing, and were pushed at intervals by Mrs. Lucy Tierman, matron, and Miss Connie Apostel, instructress.

Most of the daily throng of the grounds leaves the city for the week-end, but Lenora and Robert have attended almost every day since the opening of the play spot a few weeks ago.
