

## HITLER ORDERS DEMOCRACY TO BE ELIMINATED

All Traces of Majority Rule  
to Be Replaced by  
Individual Rule.

*By United Press*  
BERLIN, July 7.—Political parties finally have been eliminated in Germany and the next task must be elimination of all remaining traces of democracy. Chancellor Adolf Hitler told a conference of state governors Thursday.

It's especially important that majority rule be replaced by individual responsibility in the Nazi one-party state which has now been achieved, the chancellor said.

He declared the forces of revolution must be led into the channels of evolution, and economic conditions must be bettered.

In connection with the latter, he said he will not replace economic experts, who happen not to be Nazis, in favor of Nazis who do not understand economics.

INDEPENDENT OIL MEN  
SLAP PROPOSED CODE

Advertising Rule Is Menace, Says  
Secretary of Organization.

Fear that the proposed oil industry code would eliminate newspaper and radio advertising by independent and underselling companies was expressed today by Russell S. Williams, secretary of the new Independent and Individually Branded Petroleum Association of America.

The objectionable section is: "Broadcasting or publishing in any manner which lays claim to a policy generally underselling competitors is an unfair and uneconomic practice and is prohibited."

This rule will handicap independent cash and carry and track-side oil stations which operate at low overhead, Williams said, and will be fought by a committee of which Sterling F. Mutz, Lincoln, Neb., is chairman.

the mayorship of Anderson from Harry R. Baldwin.

The petition was filed by Baldwin late Thursday.

The second trial, ordered after the first ended in a jury dead-heat, was scheduled to start July 11.

Earlier this week Judge Craig

granted a motion of Mellett for a

special venue of twenty-five persons

from which to select the trial jury.
