

FARM UNIT OF U. S. GETS CUT IN 1934 FUNDS

Agriculture Department Will Have 37 Per Cent Less in 1934.

WASHINGTON, July 28.—Economy curtailments of congressional appropriations by the budget bureau have reduced the money available for the United States department of agriculture to \$60,000,000 or 37 per cent less than in the 1932 fiscal year.

This will force the separation from the pay roll of about a thousand persons, 700 to 800 of whom will be dismissed and about 350 of whom will be furloughed. The changes in personnel are being made slowly, however, and figures are not yet available as to how many of those separated are clerical and how many are technical and scientific.

It is estimated by department of agriculture officials that the amount allocated for scientific research will be reduced about 35 per cent below that available in 1932. About \$17,000,000 was allocated for this purpose in the fiscal year 1932. This was cut under the 1934 appropriations, to about \$13,000,000 and this sum, in turn, has been slashed by budget bureau cuts to about \$11,000,000, or \$6,000,000, less than the 1932 figure.

Reductions of ordinary activities of the department account for a reduction of nearly \$11,000,000 below the amount appropriated by congress for 1934 and nearly \$26,000,000 below the amount appropriated for 1932. The expenditures for ordinary activities in 1934 will be \$42,794,618.

Reductions of 25 per cent in payments to the states for experiment stations and extension service are included in the withheld funds, although it was understood that this provision of the recent Roosevelt reorganization order might not be put into effect. The payments to states for experiment stations, extension work, co-operative forest

IT'S 'NO GOOD' HOBBY Boston Realtor Gets Kick Out of Collecting Canceled Checks.

BOSTON, July 28.—The novel hobby of James D. Henderson, Boston realtor, is collecting canceled checks.

His collection, the fruit of years of tireless effort, includes the checks of Charles Dickens, Robert Louis Stevenson, Sir Walter Scott, John Greenleaf Whittier, Ralph

Jefferson Davis and a host of other notables.

Oddly enough, Henderson has found that the rarest modern check is that of the late President Warren G. Harding. There's a Harding check in his collection, but it cost him \$50.
