

## NRA PLEDGES TO MAKE 10,000 JOBS IN STATE

Survey Shows Effects of  
Drive to Be Felt Within  
Two Weeks.

Approximately 10,000 persons in Indiana cities and towns are expected to be re-employed within the next two weeks by industrial corporations and merchants who have signed NRA pledges, reports from various sections of Indiana revealed today.

Approval of the steel code by Gary steel factories is expected to result in the hiring of 2,000 more men, officials there announced today. More than four thousand were given jobs in the last four weeks.

Gary issued warning, however, pointing out that despite any great upturn in employment, the city will not be able to give jobs to any persons coming from out of the city. There still are 12,000 jobless steel workers in the town, Gary officials asserted.

The Webb Veneer Company factory, at Edinburg, idle a year, has resumed operation. The Amos Lumber Company and Amos Veneer mills, also at Edinburg, also are operating. Two hundred are expected to be given jobs when the Morgan Corn Packing plant opens in two weeks at Edinburg.

Virtually every merchant in Martinsville has pledged support to the NRA, it was reported today.

More than 650 business and industrial concerns at Ft. Wayne have signed pledges, it was announced. Oscar G. Foellinger is general of the Ft. Wayne campaign.

Ten city manufacturers and practically every business house in Tell City are in line with the NRA, and similar reports have been received from Huntington and La Porte.

The Morgan Packing Company at Scottsburg has announced a 20 per cent increase in employees' wages, pending final adjustment of the canners' code.

Revised schedules for all Shelbyville stores will be in effect Monday. Similar reports are being received hourly from smaller towns throughout the state.

## WARNS CODE VIOLATORS

Prosecutor Threatens Action Against  
Opening of Stores on Sunday.

Report that a chain of groceries plans to open Sundays in the future, today brought warning from Prosecutor Herbert E. Wilson that he will assist grocers and other organizations in enforcing codes signed under the NRA program.

Wilson said he would study the Indiana "blue law" statutes to determine if he can act to enforce Sunday closing of groceries, as provided for in the code adopted by the local grocers.

## I. U. SESSION TO OPEN

Three-Weeks Course for Teachers  
Will Start Wednesday.

**BLOOMINGTON, Ind., Aug. 4.**—Indiana university will open its three-weeks post-summer session next Wednesday, Dean H. L. Smith of the summer school announced today.

The course, designed particularly for teachers and graduate students, will close Aug. 26.

## NOTICE

Indiana University deans and other faculty representatives will continue conferences in Indianapolis Friday with Indianapolis high school graduates and other students as to courses offered in Indianapolis and Bloomington, new two-year course, entrance qualifications, new low costs, co-operative housing, opportunities for employment, and other University matters.

Students and parents are invited to call at the I. U. Extension Center, 122 E. Michigan street, hours 9 to 12 A. M. and 1 to 5 P. M. Phone RI. 4297.

Deans and Administrative heads may be consulted directly as follows:

Prof. Yeager, 2-Yr. Course.....Thurs  
Dean Rawles, Business.....Thurs  
Dean Rothrock, Arts and Sciences  
Dean Smith, Education.....Fri  
Dean Merrill, Music.....Fri  
Dean Stout, Arts and Sciences.....Fri  
Other Faculty Members.....Daily

Bloomington and Indianapolis

## LEADER OF CITY'S DRIVE FOR NRA PROGRAM

I. E. Woodard

Walter L. Shirley

Albert L. Rust

Martin W. Lammers

Four more Indianapolis leaders in the drive to place the city in the foreground as a force aiding the NRA program are pictured today.

Martin W. Lammers is president of the Life Underwriters Association, and I. E. Woodard is

president of the Indianapolis Board of Trade.

Two other active members are leaders of luncheon clubs. They are Albert L. Rust, president of the Universal Club, and Walter L. Shirley, president of the Lions Club.

## DROP IN BEER SALE REDUCES STATE REVENUE

Slump of \$11,378 in July  
Is Reported by Director Fry.

Slump of \$11,387.37 in state excise department receipts for July, as compared with June, was attributed to the drop in brewery sales today by Paul Fry, state excise director.

Total departmental revenues for July was given by Fry as \$143,873.35, as compared to \$155,261.72 the previous month. Of the total \$102,483.96 went to the state excise fund, for later distribution to schools, and \$41,389.37 was for immediate distribution to cities and towns.

Revenues collected by the department to date amount to \$1,176,926.43, making the excise department the most profitable at the statehouse. Fry said he believed that wholesalers and retailers stocked up in June and this caused manufacturers' tax payments to drop in July. The slump was slight, he pointed out, as compared to the total receipts each month.

## ESCAPES INJURY

Miss Johanne Kolstad

**PONTIAC, Mich., Aug. 4.**—Miss Johanne Kolstad of Norway, champion woman ski jumper of the world, narrowly escaped injury Wednesday night when a car in which she was riding collided with another in Pontiac. Miss Kolstad was riding with Carl Thymoleval, her manager, who received a fractured collar bone. Miss Kolstad is the guest in Detroit of Carl Hall, champion jumper, and Mrs. Hall.

## DISMISSAL OF STATE POSTMASTER ORDERED

Alexandria Man to Lose Job for  
Participation in Politics.

**ANDERSON, Ind., Aug. 4.**—A. Ora Cripe, Alexandria postmaster, will be dismissed for "undue political activity," Representative H. Larabee, New Palestine, announced at his office here today.

"The department has ruled that Cripe's political activities have been a violation of postal regulations and his dismissal has been ordered," Larabee said.

Cripe testified before two postal inspectors May 2 that he had been present at the polls on election day last November, but that he had been discreet enough to refrain from activity unbecoming to a postmaster.

Ancient Egyptian writings on leather, heretofore unreadable, have been brought back to visibility by photographing them with infra-red plates.

## G. O. P. 'STEALS' BASE ON WALLY

Five on City Hall Team?  
Never, Is Retort of Recreation Head.

"Pseudo Democrats!" cried Frank McCarthy, auditor of the board of works, today at Wally Middlesworth's soft ball baseball team, the "City Hall Flashes."

"Ringers," said McCarthy as an afterthought.

Middlesworth, city recreation director, entered his team in the Little Flower league early this season. Thus far, the outfit has mopped up on all competition.

So today, McCarthy rounded up a list of solid Democrats and challenged the Flashes. The winner, he said, would play a team representing the statehouse.

McCarthy glanced over Middlesworth's lineup.

"Four-flushers!" he charged. "Five of 'em are not even city employees."

"And I think," he added brutally, "that there are a couple of Republicans on there, too."

Middlesworth was aghast. White-faced, he promised an immediate probe.

Heinie Goett, city clerk, and Middlesworth's star shortstop, pooh-poohed McCarthy's charge.

"Why no team with a Republican on it could play that well," he countered.

McCarthy is thinking up a comeback.

## ELEVEN INDICTED BY COUNTY GRAND JURORS

Alleged Perjuror in Court Trial Is  
Named in True Bill.

Eleven indictments, naming seventeen persons, were returned by the Marion county grand jury.

Included was an indictment for perjury against Raymond Dickerson, alias James, who is charged with perjury himself in municipal court four early in July.

The indictment asserts Dickerson provided bond for a Tommy Little, telling the court clerks he possessed \$4,150 in property in the county. No property existed in his name, the jury charges. Among the indictments were those listing vehicle taking, second degree burglary, criminal attack, and passing of a fraudulent check.

● ABOVE—FOR THE FIRST TIME IN HISTORY a man has flown around the world alone! Sleepless...hungry...ignoring the perils of fog and ice...storms and forced landings...Wiley Post won the admiration of the whole world with his courage, his skill, and his marvelous physical endurance in flying around the world in 7 days, 18 hours, 49½ minutes. Here he is shown as he landed at Floyd Bennett Field.

● LEFT—"I CAN'T SPEAK as a record-breaking flyer. I'm a young married woman, and my home and club work keep me going every minute. Add to that the fact that I am naturally inclined to be the nervous type. I didn't start with Camels, but later switched to them because I found they are milder and have a delightful flavor. I smoke only Camels now because I have discovered that they allow me to smoke all I want—without upsetting my nerves."

● LEFT—RESTED AND SMILING after his daring flight, Wiley Post enjoys a Camel. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves—and I'm a constant smoker, too."

## Steady Smokers turn to Camels

In an exclusive interview WILEY POST says: "Circling the globe alone in the Winnie Mae was the toughest ordeal I've ever been through! A round-the-world flyer has to be in shape to stand the extremes of physical exhaustion. He has to be ready for any weather, any emergency. His job calls for nerves in perfect condition. Smoking Camels as I have for so long, I never worry about healthy nerves—and I'm a constant smoker, too. Everybody knows that Camels are made from more expensive tobaccos, and you can certainly tell it in the mildness and good taste of Camels, and the fact that Camels never jangle the nerves!"

Thousands of smokers have switched to Camels and found that they are better for steady smoking. Your nerves and your taste will confirm this. Begin today with Camels. Know that you are smoking a milder cigarette...and that steady smoking does not interfere with healthy nerves!

## IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Leaf tobaccos for cigarettes can be bought from 5¢ a pound to \$1.00...but Camel pays the millions more that insure your enjoyment.
