

NBC NETWORKS TO CELEBRATE WKBF ADDITION

Key Cities Will Welcome
Newest Member to
Chain.

Combined red and blue networks of the National Broadcasting Company and station WKBF will be hooked up Thursday night celebrating the affiliation of the local broadcaster with the chain beginning Sept. 1. The tie-up will last from 9:30 to 10:30, Indianapolis time.

From 9:30 to 9:45 p. m. the program will originate from New York and Washington. At 9:45 Chicago will take over the network for a fifteen minute period and at 10 WKBF will start feeding the chain from the local studios. Details of the chain broadcasts have not yet been completed.

On the program originating from WKBF's studios, Harry Bason will lead off with a group of piano numbers. In turn, he will be followed by Marvel Myers, the Devore Sisters, and Ralph Wood in a dramatization of one of Riley's poems. Vaughn Cornish will be another of the local program highlights. Meredith Nicholson will give the dedicatory address and for the first time a hill-billy band will be heard on the combined NBC networks.

Eight announcers will handle the program at the local studios, including D. E. Kendrick, manager of WKBF; L. L. Jaquier, Jim Carpenter, Robert Bullard, Ralph M. Cohen, Buford Cadie, Reginald Martin and Ralph Boyd.

Invitations have been given the mayor and city officials to talk on the program.

Radios and Parts Stolen
Radios and parts valued at \$207.50 were taken from the Linton Radio Shop, 116 West Thirtieth street, Monday night, after entrance had been gained by forcing a rear window. Herbert Linton, owner, reported to police today.

SHEEP PLAY IMPORTANT ROLE AT CITY HOSPITAL

Blood from these three sheep at city hospital is used in making tests for contagious diseases. Miss Esther Schultz, one of the aids in the hospital laboratory, is shown in the hospital yard.

DANES DANCING TO THAT LINDBERGH HOP

Inaugurate New Step as
Honor to Fliers.

By United Press
COPENHAGEN, Denmark, Aug. 29.—The Danes, celebrating the arrival here of Colonel and Mrs. Charles A. Lindbergh on an aerial mapping cruise over the north Atlantic to Europe, inaugurated the "Lindbergh Hop," a new dance, Monday night. It immediately became popular.

Lindbergh was received by President T. A. M. Stauning, and congratulated on his new aerial achievement. They reached here Saturday from the Shetland islands on the last phase of their mapping flight from New York.

Police cleared a mob from in front of the hotel where the fliers are stopping, to permit them to move about the city. They received hundreds of letters and telegrams from all over the world, including an offer to play in a Danish film, which they declined.

Vermont Barber Is 94
BURLINGTON, Vt., Aug. 29.—Vermont's oldest barber is A. B. Anthony, Negro, still practicing his trade here, after rounding out a half century, at the age of 94.

Only 388 food orders were handled by the commissary last week as compared to 1,300 handled during each of several weeks last winter.

MARION NOTES LESS POOR AID DEMAND

Commissary Used Thirteen
Months Is Abandoned.

By United Press
MARION, Ind., Aug. 29.—Decreased poor relief demands in Grant county had resulted today in abandonment of the commissary system used for the past thirteen months.

Only 388 food orders were handled by the commissary last week as compared to 1,300 handled during each of several weeks last winter.

Face Is Cut in Fall
Falling in the kitchen of his home, after being treated at city hospital for dizziness, Martin Broderick, 47, of 1452 Montclair street, incurred a severe cut over the right eye Monday. Police had taken him to the hospital after he had a similar attack earlier in the day.

A new home for HUPMOBILE!

**3
GOOD MEN
TO KNOW**

JAMES KEMP, President, was a Duesenberg executive for 13 years. In recent years he has become nationally known as a result of racing cars he has built. An engineer and technical expert of high rank, he will control service operations.

C. A. FRENCH, Treasurer, has sold motor cars in Indianapolis for 12 years, and built a large clientele of friends and well wishers. In charge of retail sales, his reputation assures every buyer of fair and courteous treatment.

W. E. BISINGER, Secretary, is well and favorably known by every car dealer in Indiana, as a result of his 12 years connection with the automotive business. Mr. Bisinger will be directly responsible for wholesale activities of this new firm.

A new idea in OWNER SATISFACTION !

To the motorists of Indianapolis and surrounding territory, the announcement of this new Hupmobile distributor is of great importance . . . For this new organization offers to Indiana motorists an unusual and unsurpassed combination of technical and sales ability—the knowledge of how best to serve the motoring public and an eager willingness to do so . . . Conveniently located in an attractive building on North Meridian St. near 15th St., they have 20,000 square feet dedicated to a *New Idea in Owner Satisfaction*, best expressed by the phrase "Custom Service at Reasonable Prices." . . . Here Hupmobile owners—present and future—will find an attractive display of the new Silver Anniversary Hupmobiles. Here, too, they will find a mechanical equipment to give every type of motor car service . . . Heading the firm and directly controlling its service policies and work is James Kemp, well known automotive engineer. Associated with him are C. A. French, and W. E. Bisinger, who have made a host of friends during the years they have sold motor cars in this territory . . . Many automobile dealers have the desire to serve well, but lack the competent personnel and complete equipment. Others who possess the machinery, lack the desire. But, as every customer of this new firm will soon discover for himself, here is an organization, whose equipment is of the finest and whose desire to give a *New Idea in Owner Satisfaction* is evidenced by every word and deed . . . This new company will be the only authorized official Hupmobile service station in Indianapolis, and will carry a large stock of genuine Hupmobile parts . . . We join with Messrs. Kemp, French, and Bisinger, in extending to every motorist, no matter what car he drives, a most cordial invitation to visit Hupmobile's new headquarters. It is well worth your while. It will be worth while, too, if you are thinking about a new car, to devote ample time to an inspection of the beautiful new Hupmobiles there shown. Much more could be said regarding these cars, which you may read in subsequent advertisements in local newspapers. Meantime, the cars speak for themselves.
