

LABOR CHIEF IS SUCCESSFUL IN TEST OF POWER

Taylor Resists Efforts to Seize His Appointive Rights.

By United Press
GARY, Ind., Sept. 8.—Thomas N. Taylor, president of the Indiana State Federation of Labor, retained his power to fill vacancies today following an unsuccessful fight by Calumet members.

Before concluding their annual convention late Thursday, delegates defeated a resolution which would have placed power to fill vacancies in the hands of the executive board. The resolution was introduced by Carl Mullen, Gary.

The convention also voted against the proposal of Eugene Cooney, Gary Socialist, that the federation affiliate with the state or National Congress of Farmers and Workers. Delegates gave rousing support to the NRA campaign for shorter hours and wage increases. Other resolutions urged federal control of all banks, criticized efforts to reduce teachers' salaries, and protested alleged low wages being paid by the state highway commission on construction work.
