B. A. board to make an investigation of the entire situation and the company's prospects.

According to Leekes statement, that investigation revealed that the company just had completed its first profitable month this year and that the prospects were encouraging. The E. M. B. A. board spent two days investigating the situation and on the second day, Aug. 29, the board recommended a definite schedule of wage increases, which was presented to the management and accepted by it.

"I always have felt," said Leekes, in his statement to the employees, "that the large majority of our employees have complete confidence in their association to look after their best interests and to see that they are getting all that is coming to them."

Initiated Pay Raise

"I have taken it for granted that up to this time the employees knew that the last wage increase was a result of the recommendation and the action of employees' board of directors, but since statements have been made by others that the wage increase was due to other cause and that it was forced upon the company by outside influences, I feel obliged to inform all our employees of the true facts regarding the situation, which are that the wage increase was initiated by me as president of the E. M. B. A."

"I do not feel that I am immodest in making this statement, because after all I have only carried out my duty and obligation to the employees as their president, and representative. Since the new election has been in progress, I have hesitated in making any statement which would make it appear that I was electioneering for myself, as I wished the employees to be free to choose any successor they wished if they felt they could be better represented."

Now that I have been re-elected by a large majority, however, and this vote of confidence has been given to me, I feel it entirely in order for me to state these facts, which I know many of the employees will be interested in learning."

Charges Held False

"I feel gratified that the members of our association have sufficient confidence in me to elect me as their president. The E. M. B. A. is the organization that has stood for fair treatment to employees of the Real Silk Hosiery Mills, and it is a most unusual organization."

"The E. M. B. A. provides and always has provided for collective bargaining between the duly elected representatives of the employees of the mill and the management. Our organization therefore has had, in effect, for many years, the same labor provision that now has been adopted by the NRA."

TINY MISS RIDES BUCKING BRONCO

After seeing the wild west show, with its trick riders, on the midway at the Indiana state fair, little Miss Mary Emma Ward, 9, Franklin, decided she would like to ride a bucking broncho herself. So she took a ride on a midway pony just for a little practice before attempting to control a full-grown horse.

NEW BETH-EL RABBI NAMED

Youngstown Minister Will
Come Today to Take
Up Duties.

Rabbi Elias Charry of Youngstown, O., today was named rabbi of the Beth-El Zedek Temple, Thirty-fourth and Ruckle streets, succeeding Dr. Milton Steinberg, who resigned a few months ago to take a pulpit in New York City.

Rabbi Charry was to arrive in Indianapolis today to take up his new

duties. He occupied a pulpit in Youngstown for three years, following his graduation from the Jewish theological seminary.

His ministry in Youngstown was marked by outstanding activity in both the religious and civic life of the community. He also is a graduate of the City College of New York.

He is married, his wife being secretary to Dr. Cyrus Adler, president of the Jewish Theological seminary, at the present time. Rabbi Charry will make his first public appearance next Wednesday night when he addresses the Beth-El Men's Club in the vestry rooms of the temple.

Dr. Steinberg was prominent in city civic affairs and also gained note as a contributor to nationally known publications.

PICKET CLOTHES PLANT

Workers in Ft. Wayne Firm Stage
Walkout; 2 Are Slugged.

By United Press
FT. WAYNE, Ind., Sept. 8.—Strikers at the Ft. Wayne Tailoring Company continued their picketing activities outside the plant today.

The latest development came at the home of Hugh Watkins, where

a brick was hurled through a window apparently by strikers. None was injured by the glass.

Two workers who refused to join the walkout were slugged as they emerged from the building at noon Thursday. Their injuries consisted of head lacerations. Five of the strikers, one of them a woman, have been arrested on charge of assault and battery and disorderly conduct.

U. S. PROBES BREAD COST IN SEVEN CITIES

Basis for High Prices Sought by
Consumers' Council.

By United Press
WASHINGTON, Sept. 8.—The agricultural adjustment administration demanded an explanation today from the American Bakers Association the high bread prices in Atlanta, Ga.; Charleston, S. C.; Mobile, Ala.; San Francisco, Cal.; Savannah, Ga.; Scranton, Pa., and Seattle, Wash.

In the seven cities, Dr. Frederick C. Howe, consumers' counsel of the agricultural adjustment administration, said, the average price of bread is 1 cent or more above the national average price for a pound loaf.

"We want to know on what basis bakers in these cities can justify their higher prices," he said, "and are writing today to the President of the American Bakers Association for a report."

●ABOVE—CHARGING DOWN THE MIGHTY HUDSON to a thrilling finish in the long race from Albany to New York, Mrs. Florence Burnham, brilliant woman driver, set a gruelling pace! Mrs. Burnham drove her hydroplane superbly over the 132-mile course... to flash by the finish line the winner... in the record time of 3 hours, 37 minutes, 53 seconds!

●RIGHT—SHE TAKES NO CHANCES with her nerves. "I've tried most of the cigarette brands," says Mrs. Burnham, "but for a long time I have been an enthusiastic Camel fan. Camels, being so much milder, never ruffle or disturb my nerves, so I smoke them all I want."

●ABOVE—"TLL NEVER BE a racing champion, but I love the water. And when I'm out on a boat I have a keen zest for smoking and do smoke a lot. To avoid getting my nerves upset and fidgety I changed my brand, and now smoke Camels. Camels don't interfere with healthy nerves, and they keep right on tasting good even when I go in for smoking in a big way."

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Isn't this the most important statement ever made by a cigarette manufacturer? Consider what it means. Change to Camels and learn that it's the tobacco that counts!

STEADY SMOKERS TURN TO CAMELS

"The Albany-New York hydroplane race was a gruelling contest," says Mrs. Florence Burnham. "Three hours and a half of nerve strain! I never would have been able to hold my boat at record speed for hours if I didn't take every precaution to keep my nerves healthy. As a steady smoker, I have tried most of the cigarette brands. But for a long time I have been an enthusiastic Camel fan. Camels, being so much milder, never ruffle or disturb my nerves, so I smoke them all I want."

You are missing a new delight in smoking...an added safeguard of healthy nerves...if you haven't yet switched to Camels. Begin today. Your taste will quickly appreciate the natural mildness of Camels...and your nerves will confirm your taste—bringing overwhelming proof that Camel's costlier tobaccos do make a difference!
