# 65,156 Women MUST Be Right!

THROUGH the lean Autumn months of 1932... through the discouraging weeks of January and February, 1933... through the dramatic days of the "bank holiday"... and on through the uncertain times of the spring season... Ayres Downstairs Millinery department went confidently FORWARD! Never faltering! Never feeling any lack of customers! Ever onward! Until the end of July when we "cast up our accounts"—we discovered that OVER SIXTY-FIVE THOUSAND HATS had been sold in the year just closed!

Sixty-five thousand women had come to us for millinery in a "depression year." Marvelous, we thought. But, after all—why not? There are good REASONS why our Millinery section is always busy! First: It's a big, roomy department which offers a tremendous variety of hats to choose from. Second: Its first consideration is QUALITY—because only "quality" merchandise is worth buying (or selling). Third: Its hats always are in the very best of FASHION—and all our customers KNOW it! Fourth: Our millinery prices are always at the very lowest possible levels consistent with dependable quality than you would ever expect.

NOTE: The photograph above shows just a normal flow of customers in the millinery department—25 to 30 customers. In a few days the picture will be different! Our wide aisles will be packed with eager customers. Great days are coming!
