

# HEAD OF BANK FACES CHARGE OF U. S. JURY

J. F. Brown of Brazil Said  
to Have Removed  
Bonds Illegally.

Charged with illegal abstraction of \$10,700 worth of Vanderburg county road bonds from the Citizens National bank of Brazil, J. F. Brown, president of the bank, has been indicted by the federal grand jury and will be arraigned Saturday in federal court, according to Val Nolan, United States district attorney.

Transfer of the bonds from the bank was done without knowledge of the board of directors, according to Nolan, sixty days before W. S. Henderson, bank conservator, was put in charge of the institution.

## Free on \$3,000 Bond

Brown was arrested in Brazil by federal detectives and indicted by the grand jury in Indianapolis Monday. He was released in \$3,000 bond for hearing before Judge Robert C. Baltzell Saturday.

Also indicted by the grand jury Monday was Ray Sawyer of Brazil, charged with sending an obscene letter through the mails.

## Letter Recipient Complains

According to Nolan, Sawyer received a letter at Brazil addressed to "Rey" Sawyer. He in turn, it is charged, sent an obscene letter to Edward G. Barvard, Beaumont, Tex., who complained to the federal authorities.

Sawyer was released on \$1,500 bond and will be arraigned in federal court Saturday.

# FATE OF NRA DEPENDS UPON BUSINESS COSTS

Federal Spokesman Stresses Importance of Accountant Services.

Cost of operation of business largely will determine the success of the NRA program, according to Dr. Charles Retell, Washington, chief accountant of the licensing and enforcement division of the agricultural adjustment division.

Addressing the Indianapolis chapter, National Cost Accountants Association, at the Washington Monday night, Dr. Retell spoke on "Cost Accounting in the NRA and Agricultural Adjustment Administration."

"The cost accountant will play one of the major parts in bringing about the culmination of a 'new deal' program," Dr. Retell declared. "Industry must turn to him to know just where industry is and chart the way to recovery," he said.

# Fishing the Air

## Death Verdict Is Returned

LINTON, Ind., Sept. 19.—A verdict of death from apoplexy was returned late Monday in connection with the finding of the body of Mrs. Dora Haygood, 65, in her home near here.

# FIREMAN HURT IN CRASH WITH TRAIN

Edward C. Duckum

Fire department officials today were considering the advisability of attempting to rebuild the pumper truck shown above in collision Monday with a B. & O. locomotive at the Emerson avenue crossing. Four firemen were hurt in the crash.

Most seriously injured was the pumper chauffeur, Edward C. Duckum, who was reported in fair condition at city hospital today, suffering from a broken hip and fractured ribs, back injuries and possibly internal injuries.

## MEMORIAL TO BE HELD

Service Will Be Tribute to Late George Ratcliff of Y. M. C. A.

Memorial services for the late George Ratcliff will be conducted this afternoon by the Indianapolis Young Men's Christian Association, of which he was secretary.

Mr. Ratcliff, who was killed in an automobile accident Aug. 19, joined the staff of the local Y. M. C. A. in 1922. During his service here he instituted the weekly family program known as the Socialite.

The memorial service will be conducted by the Rev. Ellis W. Hay, pastor of the First Congregational church, of which Mr. Ratcliff was a member.

# Monkey Shines

Fun Over, Capuchin Is  
Back Home in His  
Fair Cage.

By United Press

CHICAGO, Sept. 19.—Capuchin was back home today after seeing the fair. Capuchin is a monkey who escaped from the monkey cage at the world's fair Sunday, defying the efforts of countless employees who sought to catch him.

Scampering away about the fairground, he eluded police and friends in many Indiana cities and in Baltimore, where she has been a frequent visitor, for her charm and wit.

The bride will carry to the legation at Asuncion a partly finished novel dealing with Indiana life, which she expects to complete soon. The wedding ritual will be read by Dr. U. G. B. Pierce, pastor of the Unitarian church in Washington. A few friends of the couple, largely made up of Indianians in Washington, have been invited to the ceremony.

He spent the night swinging from strut to strut on the skyride, and watched the gates opened to admit Monday's visitors. Then he disappeared and later in the day was swimming in the pool on the Enchanted Island near the monkey cage. Finally, he re-entered the cage of his own volition.

## STATE FIRMS MAY GET LARGE STEEL ORDERS

Two Lake Michigan Projects Will Require 14,000 Tons.

By United Press

INDIANA HARBOR, Ind., Sept. 19.—Bids for providing 14,000 tons of steel pilings for two breakwater projects in Lake Michigan, between Indiana Harbor and South Chicago, will be received Sept. 25 and Oct. 15, Colonel W. G. Caples, United States army engineer for the second district, announced here today.

The Indiana Harbor project will be offered on the first date and the steel for continuation of the breakwater to South Chicago project on the other date.

Proximity of mills here to the site of the second project has increased belief that Calumet firms can underbid Pittsburgh companies for the contracts.

# NICHOLSON WILL TAKE BRIDE TO PARAGUAY POST

Engagement of Author and  
Miss Dorothy Lannon  
Is Announced.

A talented Indianapolis bride will grace the mansion of the United States minister to Paraguay when Meredith Nicholson, famed Hoosier author, sails for Asuncion aboard the Southern Cross, Sept. 30.

Announcement of the wedding of the new Paraguayan minister to Mrs. Dorothy Lannon, to be held at the home of Senator and Mrs. Frederick Van Nuys, Wardman Park hotel, Washington, at 4 p. m. Wednesday, came as a complete surprise to friends of the couple here.

Plans for the wedding were known only to Nicholson's daughter and sons and a few of Mrs. Lannon's intimate friends.

Born in Marion, Ind., of a family of Grant county pioneers, Mrs. Lannon attended Marion high school and later studied French and German under private tutors. For several years Mrs. Lannon had been secretary to the new minister to Paraguay.

Mrs. Lannon has written literary criticisms and has contributed to newspapers and magazines. She is endeared to a wide circle of friends in many Indiana cities and in Baltimore, where she has been a frequent visitor, for her charm and wit.

The bride will carry to the legation at Asuncion a partly finished novel dealing with Indiana life, which she expects to complete soon. The wedding ritual will be read by Dr. U. G. B. Pierce, pastor of the Unitarian church in Washington. A few friends of the couple, largely made up of Indianians in Washington, have been invited to the ceremony.

# Haunted House

Secret Statehouse Stairs  
to Come Down, Is  
Architect's Edict.

THE statehouse secret stairway is to come down.

This announcement was made today by Leighton Bowers, architect in charge of the interior reconstruction now going on at the capitol building.

When announcement of the discovery of the secret stairway first was made, it was said that it would not be torn out since the cost would be excessive. Estimate was placed at \$1,500.

Bowers stated, however, that he has procured services of a wrecking company which has agreed to take it away for \$75 and the material.

Material includes a spiral stair of marble steps and a brick wall supporting them. They start from the main floor and wind up through the court rooms to the attic.

The stair, originally designed as an emergency fire escape, according to Bowers, has not been used in years, as entrance on all floors was blocked.

The stair removal will give an additional office room on each of the three floors, he said.

# BOGUS MONEY BRINGS PROBE

Investigation Started Here  
by Federal Secret Service Men.

Secret service agents today were investigating circumstances surrounding the passing of counterfeit money on two Indianapolis persons Monday.

William Arthur, 41, of 653 Mary street, news vender at Vermont street and Indiana avenue, notified police Monday night that a Negro passed a counterfeit half dollar on him and ran when Arthur sought to make him take it back. Arthur said he chased the Negro to the canal, where the fugitive drew a knife, and escaped.

Samuel A. Spencer, stand operator at 5610 North Illinois street, reported that an unidentified person passed a bogus \$5 bill on him which he did not discover until he passed it on to a customer, who returned it.

# Loved ones need you!

—you dare not fail them

NO ONE has to tell you that mental distress and nervous strain, overwork, colds, the "flu," sickness or a deficient diet weaken the body. You can feel it.

Now medical science attributes that tired-out, let-down feeling to deficient hemo-globin (skin and tissue purifier) in the blood—so necessary for carrying the vital oxygen from the lungs to all parts of the body—even to the skin—and in throwing off body poisons.

Even a sufficient and well balanced diet cannot properly nourish the body, unless the blood contains sufficient hemo-globin.

Today tens of thousands take a course of S.S.S. Tonic once or twice a year to regain lost strength, restore the appetite and to clear up the skin.

Take S.S.S. just before meals. No need to change your diet... S.S.S. will not interfere with any other medicine you may be taking. You will be happy with the beneficial results obtained. Start taking it today. At all drug stores in two convenient sizes. The larger size is more economical.

# OFFICIALS STRIVE FOR U. S. FUND CONTROL

Conservation Body Desires  
to Rule Expenditure.

Efforts to obtain supervision over spending of \$10,000,000 of the \$18,000,000 in federal funds allotted In-

diana for flood prevention are being made by state officials.

A resolution has been adopted by the state conservation commission asking that the conservation department be placed in charge of \$10,000,000 of the expenditures.

The resolution was adopted by the commissioners at Lake Wawasee, where they were on a week-end inspection tour under supervision of Virgil Simmons, department director. The commission is an advisory

body selected by sportsmen's clubs. They asked that some of the money be used for a fish and game survey in the state.

A series of small dams in lakes and streams would be better than levees to prevent floods, they contended.

Archaeologists digging at Beth Shemesh in Palestine recently found a scarab which the Pharaoh Amenhotep gave to friends attending his wedding, about 1400 B. C.
