

STATE INCOME TAX PAYMENTS START OCT. 1

Blanks Available Now at
Auto License Offices
Over Indiana.

Revised income tax blanks, for the quarterly collection beginning Oct. 1, have been sent to all automobile license branches throughout the state and now are available to taxpayers for the asking, it was announced today.

General instructions for the collection were outlined by Clarence A. Jackson, state collector, as follows:

"If you paid Indiana gross income tax in July and your gross receipts for the months of July, August and September, 1933, were in excess of \$250, you are requested to file a return and pay tax on or before Oct. 15. You should deduct from your receipts for July, August and September, the quarterly exemption of \$250.

"If you did not pay Indiana gross income tax in July and your gross receipts for the months from May to September, 1933, inclusive, were in excess of \$416.67, you are requested to file a return and pay tax on or before Oct. 15. You should deduct from your taxable gross income for the five months and five months exemption of \$416.67.

More Time in Small Sums

"If the amount of tax due the state is \$10 or less for the months of July, August and September, 1933, filing of returns and making of payment may be deferred, under the law, to the time of filing the annual return in January.

"If the amount of tax due the state is more than \$10 for the months of July, August and September, 1933, payment is required by law before Oct. 15. If a taxpayer must pay for the July, August and September quarter in October, and owed tax but did not pay in July for the months of May and June, the gross income tax division urges that he file a return and make payment for the period of five months from May to September, 1933, inclusive, for the sake of avoiding confusion in the records of the taxpayer and in the records of the gross income tax division.

How to Make Payments

"All payments must be made, accompanied by a properly executed return, to the gross income tax division, department of treasury, state-house, Indianapolis.

"Do not send any return unless accompanied by check or money order for the exact amount of tax as shown on the return.

"Individuals engaged in the business of operating a bank, trust company, building and loan association, brokerage, financial company, dealers in commercial papers and persons engaged in the business of lending money or credit shall attach Schedule C, showing the computation of gross earnings derived from such business."

AGED MAN KEEPS VOW TO DIE WITH HIS WIFE

Asks to Sleep Beside Coffin and Is Found Dead.

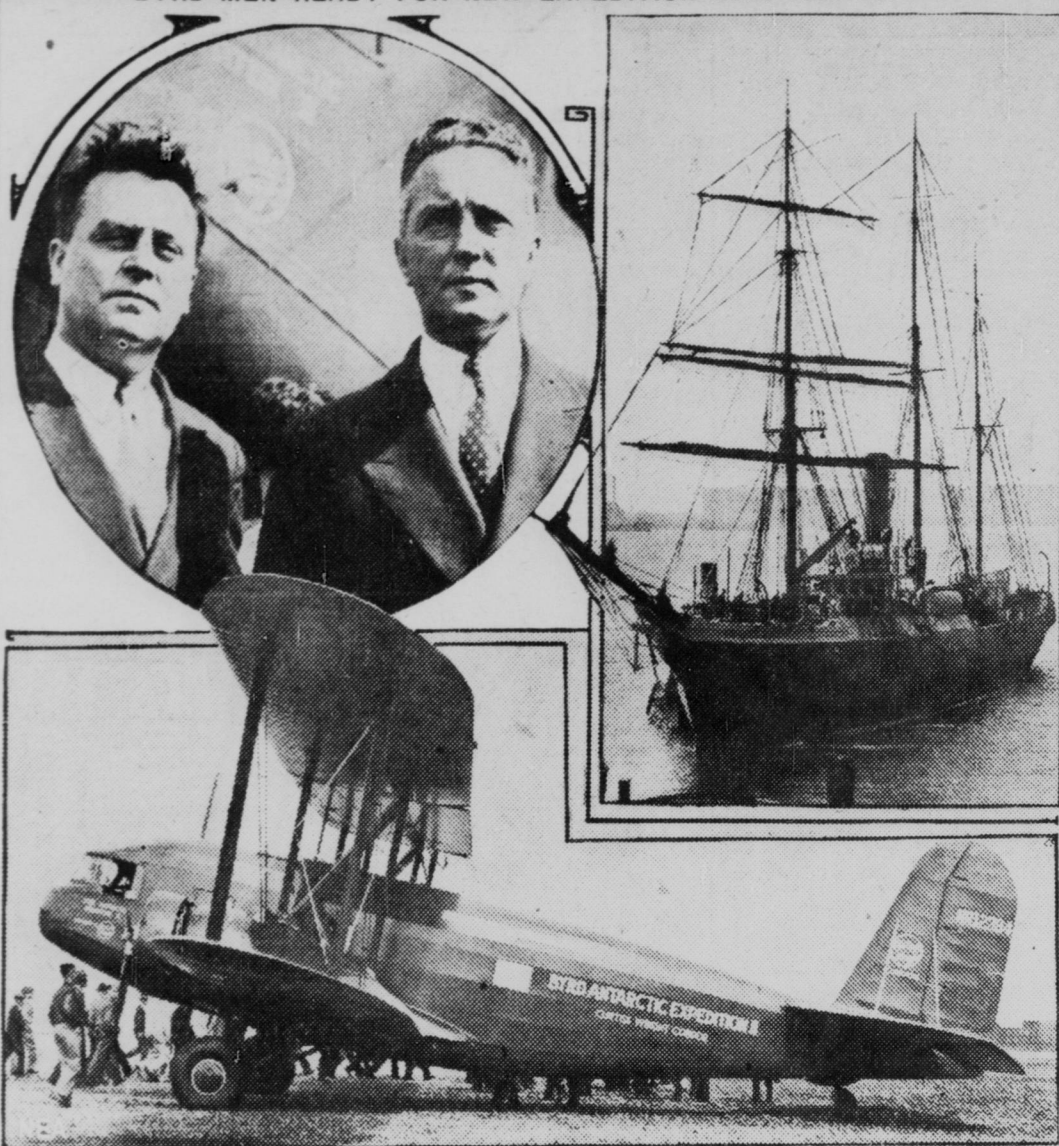

By United Press

NAPLES, Italy, Sept. 22.—Luigi Romano, 89, always had said that when his wife Angelina, 87, died he would do likewise.

She died recently and when children, relatives and friends had tired of crying around her bed, Luigi asked them to leave the room.

The old man stretched himself out on the bed apparently to make up for hours of sleep lost during his wife's death. When visitors tipped into the room to wake him up, he was dead.

BYRD-MEN READY FOR NEW EXPEDITION INTO ANTARCTIC

Rear Admiral Richard E. Byrd's second great expedition into the Antarctic was in the final stages of organization when these pictures were taken at Boston.

At upper left you see Chief Pilot Harold Gurne and Admiral Byrd as they discussed last-minute details for the two-year exploration trip.

At right is the Bear of Oakland, former U. S.

Coast Guard cutter which became famous for rescue work in the far north. The Bear will be the party's base ship, and is pictured as it was brought to dry-dock in Boston for minor repairs.

Below is one of two aircraft to be used for flights about the southern continent, and over the pole. This is a huge twin-motored Curtiss Condor capable of carrying men, instruments, supplies, and sled-dogs.

PLANE TRAVEL SAFETY CITED

Air Passenger Fatalities
Fewer Than Blamed
Auto Accidents.

Flying on regularly scheduled transport lines is twice as safe as driving or riding in a motor car in Missouri, according to figures compiled by C. E. McCollum, Transcontinental-Western Air local traffic agent.

McCollum cited the fact that there were only two air transport passenger line fatalities in the first six months this year, one for each 38,231,190 passenger miles flown, while motor cars in Missouri drove only 15,581,475 passenger miles for each passenger fatality.

It is seven times as safe to fly on transport air lines as it is to stay at home, McCollum added, citing

KENDALLVILLE MAN TO FINANCE FISH PONDS

\$3,000 to Be Spent in Building of Four in Home Soon.

Financing of four fish breeding and rearing ponds at Kendallville by Peter McCray, president of the McCray Refrigerator Company, Kendallville, was announced today by state conservation officials.

They will be operated under the fish and game division of the state conservation department. The four ponds will be constructed near Bixler lake at an approximate cost of \$3,000.

NIGHT AIR RACE ACROSS U. S. TO PASS OVER CITY

West-East Derby Entrants
Will Participate in
National Pageant.

Indianapolis is on the route of the transcontinental night flight derby to be started from Grand Central airport, Glendale, Cal., the night of Oct. 2, in connection with the national air pageant at Roosevelt field, N. Y., Oct. 7 and 8.

This will be the first similar flight at night. Pilots will depend on the lights and radio facilities of the federal airways system. The derby will be run in two legs with Wichita, Kas., as the half-way control point.

The route is Kingman and Winslow, Ariz.; Albuquerque, Amarillo, Wichita, Kansas City, St. Louis, Indianapolis, Columbus, Pittsburgh, Harrisburg, Camden and Newark. The itinerary used by Transcontinental-Western Air.

Competing ships will be handicapped, according to speed, by Lieutenant-Commander Frank Hawks, and the slower ships will take off from Glendale.

The pageant has posted \$3,000 in cash prizes for the event.
