

FIVE HIGHWAYS OPENED AS OIL SPREADING ENDS

Three Other Roads Clear
With Completion of
Paving Work.

Five more newly oiled highways were opened for traffic during the week according to the bulletin of the state highway commission issued today.

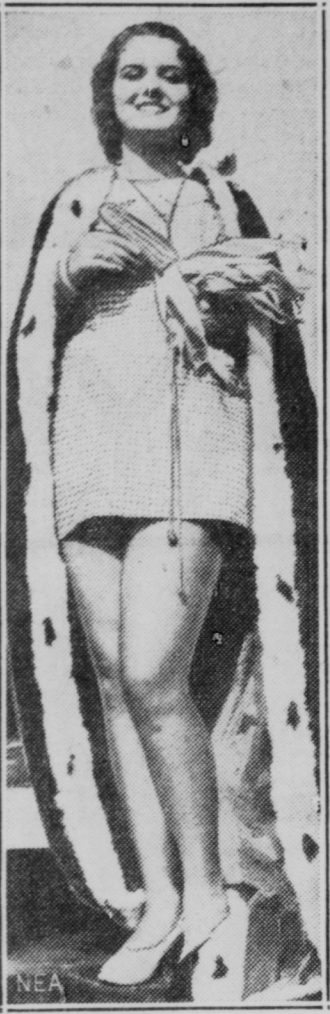

Detours were lifted with completion of pavement on Roads 3 and 5, between Road 18 and Warren. Several bridges were completed.

Road Oiling Detours
Road 3—From Westport to junction with road 46, open about Tuesday.
Road 5—From junction with 46 and 9 to one mile south of Shelbyville. Detour marked. Open Monday.
Road 37—Oiling shoulders from Bedford to Bloomington. Open Monday.
Road 45—From Bloomington to Monroe. Brown county line. Open Oct. 4. No detour.
Road 46—From Batesville to junction with road 29. Open Saturday. No detour.
From Greensburg to Columbus, open Oct. 5. No detour.

Construction Detours
Road 1—Bridge in Bluffton limited to ten-ton capacity, detour for heavy traffic only.
Road 15—Drive carefully over new pavement east of Illinois line, account unfinished shoulders. Bridge run-around at one-half mile east of Illinois line, one mile west of road 41 and two miles east of road 41.
Road 13—Bridge run-around at one-half mile north of Stratstown and five miles south of Elwood. Short detour in Elwood, account bridge washout, over city streets.
Road 14—Bridge run-around at five and six miles west of Rochester and six miles west of Ft. Wayne. Detour just west of junction with road 13, account unfinished bridge approaches, is three miles.
Road 21—Drive carefully over new pavement south of Peru, account unfinished shoulders. Detour from seven miles south of Peru to twelve miles west of Marion, account paving, is thirteen miles over fair gravel.
Road 24—Bridge run-around three miles west of Logansport.
Road 47—Drive carefully over new pavement from Montgomery county line to Turkey Run State Park, account unfinished shoulders.
U. S. Road 40—Drive slowly over new pavement between Shoals and Bedford, side from Bedford east, account unfinished shoulders.

INDIANA'S CORN CROP THIS YEAR BELOW NORMAL

Sept. 1 Forecast Indicates
Yield 28 Per Cent Less
Than in 1932.

By Times Special
LAFAYETTE, Ind., Sept. 22.—Indiana's indicated corn production on Sept. 1 was 72 per cent of last year and 86 per cent of the 1926-30 average, according to the monthly crop report issued today by the department of agricultural statistics of the Purdue university agricultural experiment station in co-operation with the United States department of agriculture.

The condition of corn on Sept. 1, however, was reported at 65 per cent of normal, a rise of 7 points above the Aug. 1 condition.

Oats Yield Poorly.

Oats yielded a poor crop, with many fields too short to cut with the binder, and the indicated production of 29,232,000 bushels is only 50 per cent of last year, while the barley crop, with a prospective yield of only twelve bushels per acre, is the poorest on record. Chinch bugs and dry weather practically destroyed the crop on many fields.

Buckwheat prospects indicate nearly an average yield, while the indicated production of potatoes is about one-half that of last year. Tobacco prospects are better than a month ago, with the dark type showing more improvement than burley.

Apple Crop Less

Production of apples is about 48 per cent of the 1926-30 average, with the peach and pear crops at about 45 per cent of the five-year average. Hay prospects did not change materially during August, and although the average for the state is above a month ago, pastures are very poor in most sections.

Condition of soybeans at 63 per cent of normal is 10 points above last month.

On reporters' farms, 74.6 per cent of the milk cows were being milked, compared with 75 per cent a month before, but the milk production was 19.3 pounds per cow, compared with 18.4 pounds last month.

DEER CAUSES ACCIDENT

Motorcyclists Crash Into Parked Car Watching Animal.

By United Press
WALLACE, Ind., Sept. 22.—A deer walking down a mountain side was the cause of serious injury to two youths. Walker Lindley, 16, and Joseph McGillis, 17, saw the deer while riding their motorcycle and failed to see a parked automobile into which they plunged.

BIT OF LIGHT MAY BE FROM LOST ASTEROID

Arizona Astronomer Reports Possible Clue to Zerlina.

By Science Service
TUCSON, Ariz., Sept. 22.—A tiny point of light, just visible in a strong telescope, has been picked up by Dr. E. F. Carpenter of the Steward observatory of the University of Arizona. It is believed to be the lost asteroid Zerlina, one of many hundreds of tiny, usually disregarded planets that swing around the sun.

When first observed, Dr. Carpenter's object was of fourteenth magnitude, far too faint for naked-eye visibility. Its astronomical location was right ascension 22 hours 16 minutes 16 seconds, declination plus 28 degrees 55 minutes 30 seconds. The discovery has been reported to Harvard college observatory, which is the American clearing house for astronomical news.

FT. WAYNE SCHOOLS ARE PRIZE WINNERS

Three Newspaper Contests Awards Go to Student Publications.

By United Press
FRANKLIN, Sept. 22.—Prize winners in the 1933 Indiana high school newspaper contest to be awarded at the annual convention of the Indiana High School Press Association at Franklin College Oct. 19-21, were announced here today by R. E. Blackwell, executive secretary of the association.

The Northern, north side high school, Ft. Wayne, won first place in the Class 1 division, for schools with enrollment of more than 1,000. South Side Times, South Side of Ft. Wayne, was second and the Spotlight, Central of Ft. Wayne, was third.

Good News for Women Who Suffer

Lydia E. Pinkham's Tablets Relieve and Prevent
Periodic Pain.

A Scientifically Prepared,
Clinically Tested Woman's
Medicine. No Dizziness. No
Ill Effects.

Most women still suffer more or less from periodic disturbances... cramping pains, sometimes so severe that they are forced to stay in bed... sick headache, nausea, backache, blue spells... general discomfort which interferes with their activities.

Perhaps they think there is no help for such conditions, but they are wrong.

Take Lydia E. Pinkham's Tablets three or four days beforehand and

notice the difference. They do far more than simply dull the pain temporarily. They help to correct the cause of the pain, and so prevent its return. If you take these tablets regularly, and if yours is not a surgical case, you may expect to obtain permanent relief. Clinical tests prove it.

These tablets are chocolate coated and pleasant to take. They will not cause dizziness or any unpleasant effects.

Ask for the new size... a convenient tin box which sells for 50c. The larger size is packed in glass bottles. Sold by druggists everywhere. Don't delay. Give these remarkable tablets a chance to help you as they have helped others.
