

DALE CHARGES IN PARDON ACTION TO BE PROBED

Justice Department Orders Frameup Charge Quiz by U. S. Attorney.

Request of the justice department for investigation of circumstances surrounding conviction of George R. Dale, Muncie mayor, and his police chief, Frank Massey, on federal liquor conspiracy charges, had not been received today by Val Nolan, district attorney.

Justice department officials announced in Washington Thursday Nolan was being asked to investigate Dale's charges, in seeking a presidential pardon, that his conviction was obtained through perjured testimony and a "frameup" on the part of the Muncie underworld.

Dale and Massey each were fined \$1,000 and sentenced to eighteen months in federal prison by Federal Judge Robert C. Baltzell last year.

The Muncie mayor has enlisted support of Senator Frederick Van Nuys in the pardon plea.

CAESARIAN OPERATION SAVES LIVES OF PUPS

Litter Saved After Chow Is Hurt Fatally by Auto.

By United Press
COLUMBUS, O., Sept. 22.—Five days before Lady Blue-Jack, thoroughbred blue chow dog, was expected to give birth to a litter of puppies, she died on a veterinarian's operating table from injuries received when struck by an automobile.

However, one of her three unborn puppies was saved when Dr. Carl V. McKenzie, just eight weeks graduated from Ohio State university's college of veterinary medicine, performed a caesarian section operation. Of the other two puppies, one was already dead when Dr. McKenzie operated, and the other one was too badly injured to be saved.

The doctor's wife, a graduate nurse, although veterinary books don't tell much about what one should do for premature pups, nursed the uninjured tiny chow through a cold which developed soon after the operation and threatened to prove fatal to him.

EX-RANGERS GUARD OIL FIELDS IN TEXAS

New Jobs Easy to Find After Administration Changes.

By United Press
LONGVIEW, Tex., Sept. 22.—Texas rangers, members of the old constabulary of the southwest, find employment waiting for them in the oil fields when a change in administrations ousts them from the state service.

Dozens of the southwest "mounties" are guarding properties of oil companies, a recent survey showed. Owners of the great pipe line systems and refineries received the ex-rangers with open arms.

Most colorful of the ranger figures in the east Texas oil field is Captain B. C. Baldwin, San Antonio. Under him is a battalion of pipe line patrolmen schooled in the same tactics he once taught his rangers.

Several former members of Capt. Tom Hickman's famed Company B rangers are among the oil company guards. Most prominent is M. T. Gonzales, former sergeant, who has seven former rangers and twenty men who have seen service as peace officers under his command.

BANQUET IS 'ALL DRY'

No Wine, No Liqueurs, No Champagne Rule for Affair in France.

By United Press
PARIS, Sept. 22.—One of the few totally dry banquets ever held here was when the delegates of the General Federation of Women's Clubs, on a world friendship tour of Europe, gave a party in honor of Theodore Marnier, charge d'affaires of the American embassy, and of Count Serge Fleury, attaché of the French foreign office.

The menu consisted of turkey and cranberry sauce, sweet corn on the cob, ice cream and ice water—no wine, no liqueurs, no champagne.

When J. S. Plummer, Lawrence, Ind., and Henry Newborn, Peacock Root proprietor, go fishing and return with tall tales, they believe in bringing the evidence with them. Here they are with seventeen small mouth bass hooked in one hour at Mikanna Lake, Wis.

Compliance Board Hears Part of NRA Complaints

Session Held Despite Lack of Confirmation of Personnel.

A few of the several hundred alleged cases of violation of the NRA were presented to the local compliance board meeting at the Chamber of Commerce Thursday by Francis Wells, Indiana representative of the United States department of commerce.

Meeting in a secret session in accordance with instructions from Washington, T. M. Overly, chairman of the compliance board, offered his resignation as chairman, it was learned, to give the board an opportunity to elect a new chairman if it so desired. The board rejected Overly immediately.

Confirmation of the present board still is being awaited from Washington. Several days ago Wells sent the names of the members to General Hugh S. Johnson for approval.

The board is not set-up strictly in accordance with the personnel as outlined by Johnson. Labor has protested that it was not sufficiently represented and as a concession, the board agreed to name another employee representative and a woman to represent consumers. Neither of these proposed new members has been named.

Wells does not consider the set-up of the present board permanent, until confirmation is received from Washington.

Following Thursday's meeting, Overly said that several cases of alleged violations had been adjusted satisfactorily. Wells declared that several hundred complaints which he will present to the compliance board are serious, having failed of adjustment by explanation or persuasion.

FREE WOMAN HELD AS FUGITIVE FROM HOME

Institution Heads Consent to Release as Mate Aids Fight.

Happiness came to Mrs. Helen Bigelow Stodghill, 24, of 1048 West New York street, when Municipal Judge Dewey Meyers today dismissed charges against her of being a fugitive from justice.

Charged with having escaped from an institution for mental cases in Wayne, Mrs. Stodghill embraced her 21-year-old husband as she was released in court today after the judge read letters from officials of the institution giving their consent to letting her remain with Stodghill.

The girl's mother told the police that her daughter never had been feeble-minded and had been sent to the home after a series of domestic troubles.

STANDARD ADDS DE LUXE STORE

Ninth World's Fair Unit Will Be Opened Saturday.

Another World's Fair food store located at 2319 East Michigan street will be opened formally Saturday by the Standard Grocery Company. A few months ago the first of

these de luxe stores was opened at 120 West Thirtieth street. So outstanding was the reception given this entirely new type of store that Chester Jackson, president, decided to carry on the spirit of progress for this city by planning a series of stores which he says will surpass any in this section of the country in beauty, cleanliness and convenience. The East Michigan street store is the ninth. Jackson also states that the Standard Company is building on a large plot of ground at Dearborn and East Tenth streets one of the finest and largest drive-in food stores in Indiana.

R. F. C. FUNDS TO AID BANKS

Deposit Guarantee Plans Formed at Session of State Board.

Plans for using R. F. C. funds to aid Indiana state banks to join in the federal deposit guarantee were worked out at a meeting of the state

commission on financial institutions Thursday night. Report on the possibility of Indiana banks borrowing R. F. C. funds was made by Robert Batton, Marion, president of the commission, and Fred A. Wleeking, deputy attorney-general. At a conference in Chicago Wednesday these two procured approval of R. F. C. officials for state bank loans. Such loans also will aid B banks to enter the A class, it was pointed out. By the arrangement the R. F. C. will take no preferred bank stock but capital debentures, they explained.
