

REVEAL EXCESS PRICE PAID FOR UTILITY'S COAL

Public Service Company Head Admits 'Setup' at State Hearing.

That the Public Service Company of Indiana buys coal from its own mines under a contract often in excess of the market price was brought out at the public service commission rate reduction hearing which continued today.

Under questioning of Chairman Perry McCart of the commission, L. B. Schiesz, controller of the company, admitted that such was the case.

200 Acres Are Mined

It was brought out that the company has 3,250 acres of land at the Dresser plant, for which they are claiming valuation of \$647,000 because of mineral rights. They claim it contains coal.

Schiesz testified that only 200 acres is being mined. This is done under contract by the Walter Bledsoe & Company. The contract is with the Indiana Electric Corporation, another former Insull concern, and the Public Service Company pays \$2.05 a ton at the mine.

Denies Price Knowledge

Mr. McCart asked if the witness knew that it could be bought at Terre Haute mines for 90 cents a ton.

Mr. Schiesz said he did not. He also testified that the large power plant at Terre Haute is shut down and no stand-by plants in the smaller towns are being used.

The land tract and plants all are included in the "used and useful" property valuation of the company, however, it was brought out.

WIFE ADMITS FIRING SHOTS AT HUSBAND

Charge Woman With Assault With Intent to Kill.

Oliver Wright, alias Red Eye, 23, Negro, 450 West Thirteenth street, was in city hospital today with a bullet wound in his abdomen as result of a family quarrel.

Wright told police he was shot by his mother-in-law, Mrs. Bessie Frederick, 34, Negro, 1312 Fayette street. His wife, Mrs. Arthel Wright, 17, told officers she fired at her husband but did not know she shot him.

The wife said that while she was moving her furniture, Wright came by and threw rocks at her. She went in the house and returned with a revolver, she said, and fired two shots at him.

The wife was held by police for assault and battery with intent to kill. Charges of vagrancy were placed against Wright and his mother-in-law.

Indiana Man Finds Relief From Stomach Disorders

Mrs. V. C. Cripe, Box 195, Osceola, Ind., reports her husband finally secured relief from a simple home treatment after long suffering with stomach disorders. She says he is back at work again and since taking "The Udea Treatment" has not had a sign of pain and eats everything. They want all other stomach sufferers to know about his experience.

Mrs. Cripe advises all sufferers from stomach ills, gas pains, excess acid, belching, pains after eating, constipation, sour stomach, poor digestion, dyspepsia, gastritis, and other stomach disorders due to hyperacidity or faulty diet, to try Udea at once. Now we offer the same treatment which produced such splendid results for Mr. Cripe to all stomach sufferers on 15 days' trial, with money back if not satisfied. Also testimonials, a sworn affidavit of genuineness and a free book explaining the cause and treatment of various stomach disorders, including stomach ulcers. If you suffer, ask for the 15-day trial treatment today. If it fails to help you, we'll give you your dollar back. At Hartz's, Walgreen's, Hock's and other good druggists.—Advertisement.

Scalp Itched and Burned Continually. Cuticura Healed.

"I was troubled with my hair falling out and my scalp itched and burned almost continually. I then found there were small pimples on my scalp, and I would scratch which caused my scalp to become a mass of solid eruptions. My hair became discolored and before long my head felt as if there were a thousand needles in it.

"I tried everything, but I got worse. I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more and now I am healed and my hair is growing." (Signed) Charles Chapman, 2153 Delmar Ave., Granite City, Ill., Feb. 13, 1933.

TAMPICO STORM TOLL IS FIXED AT \$57,000,000

Dead May Reach 200 as Aid Is Rushed to Flooded Areas.

TAMPICO, Mexico, Sept. 28.—Damage in the hurricane and flood which devastated this port and nearby towns on Sunday night and Monday was estimated today at upward of \$57,000,000.

Interior Secretary Eduardo Vasconcelos arrived to take charge of relief work. He sought to check on the dead and injured, but it was feared it would be days before an official casualty list would be forthcoming, due to difficulty of communications with stricken villages and interior towns.

The dead, however, were expected to reach at least 200 and the injured thousands.

West Areas Flooded
One of the first moves of the secretary was to send the plane up again, loaded with food and medicine, to fly over small farms in the flooded districts inland, dropping supplies if unable to land. The area first aided was that flooded by the Panuco and Tamesi rivers, which destroyed hundreds of wooden cottages.

There has been no contact with these districts for days, and the damage and loss of life was feared high. The rivers were reported still rising and other spots so far above the floods may be inundated.

Looters Are Executed
The first executions of looters at Tampico occurred today (Wednesday) when two men caught in the act were shot by military authorities. The water situation was reported becoming acute, water being sold by the bucket.

The United Press correspondent stood by the river today and saw twenty bodies floating out to sea, justifying all predictions that the death list will be far in excess of that known now.

An official estimate said 14,000 persons were homeless in the Tampico district.

Home-Made Plane Crashes; 2 Die

By United Press
ANDERSON, Ind., Sept. 28.—Newman Conger, 19, and Woodrow Campbell, 18, both of Anderson, were killed instantly Wednesday night when the wings dropped off

their home-made airplane and it crashed into a woods five miles northwest of here.

The right wing crumpled when the plane was about 500 feet in the air. As the ship plunged downward,

the left wing also fell off, witnesses said.

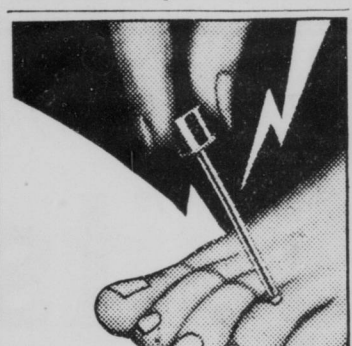

Conger was piloting the plane, which was made in a local garage four months ago. He learned flying at the Anderson airport and had taken the home-made plane up several times. He took Campbell up on a short passenger flight shortly before dark Wednesday night.

Conger played guard on the Anderson high school basketball team for three years.

CORN CROP IN STATE ADVANCING RAPIDLY

Moderate Weather in Last Week Aids Growth.

Indiana's corn crop was advanced rapidly in the last week by moderate weather, being beyond frost danger in the north and up to 80 per cent safe in other sections, it was reported today by J. H. Armstrong, meteorologist.

"I am so happy my skin is now clear"

• And it is all so simple.

It only seemed yesterday she felt discouraged and so conscious of a pimply skin . . . now to have it clear . . . why, of course she is very happy.

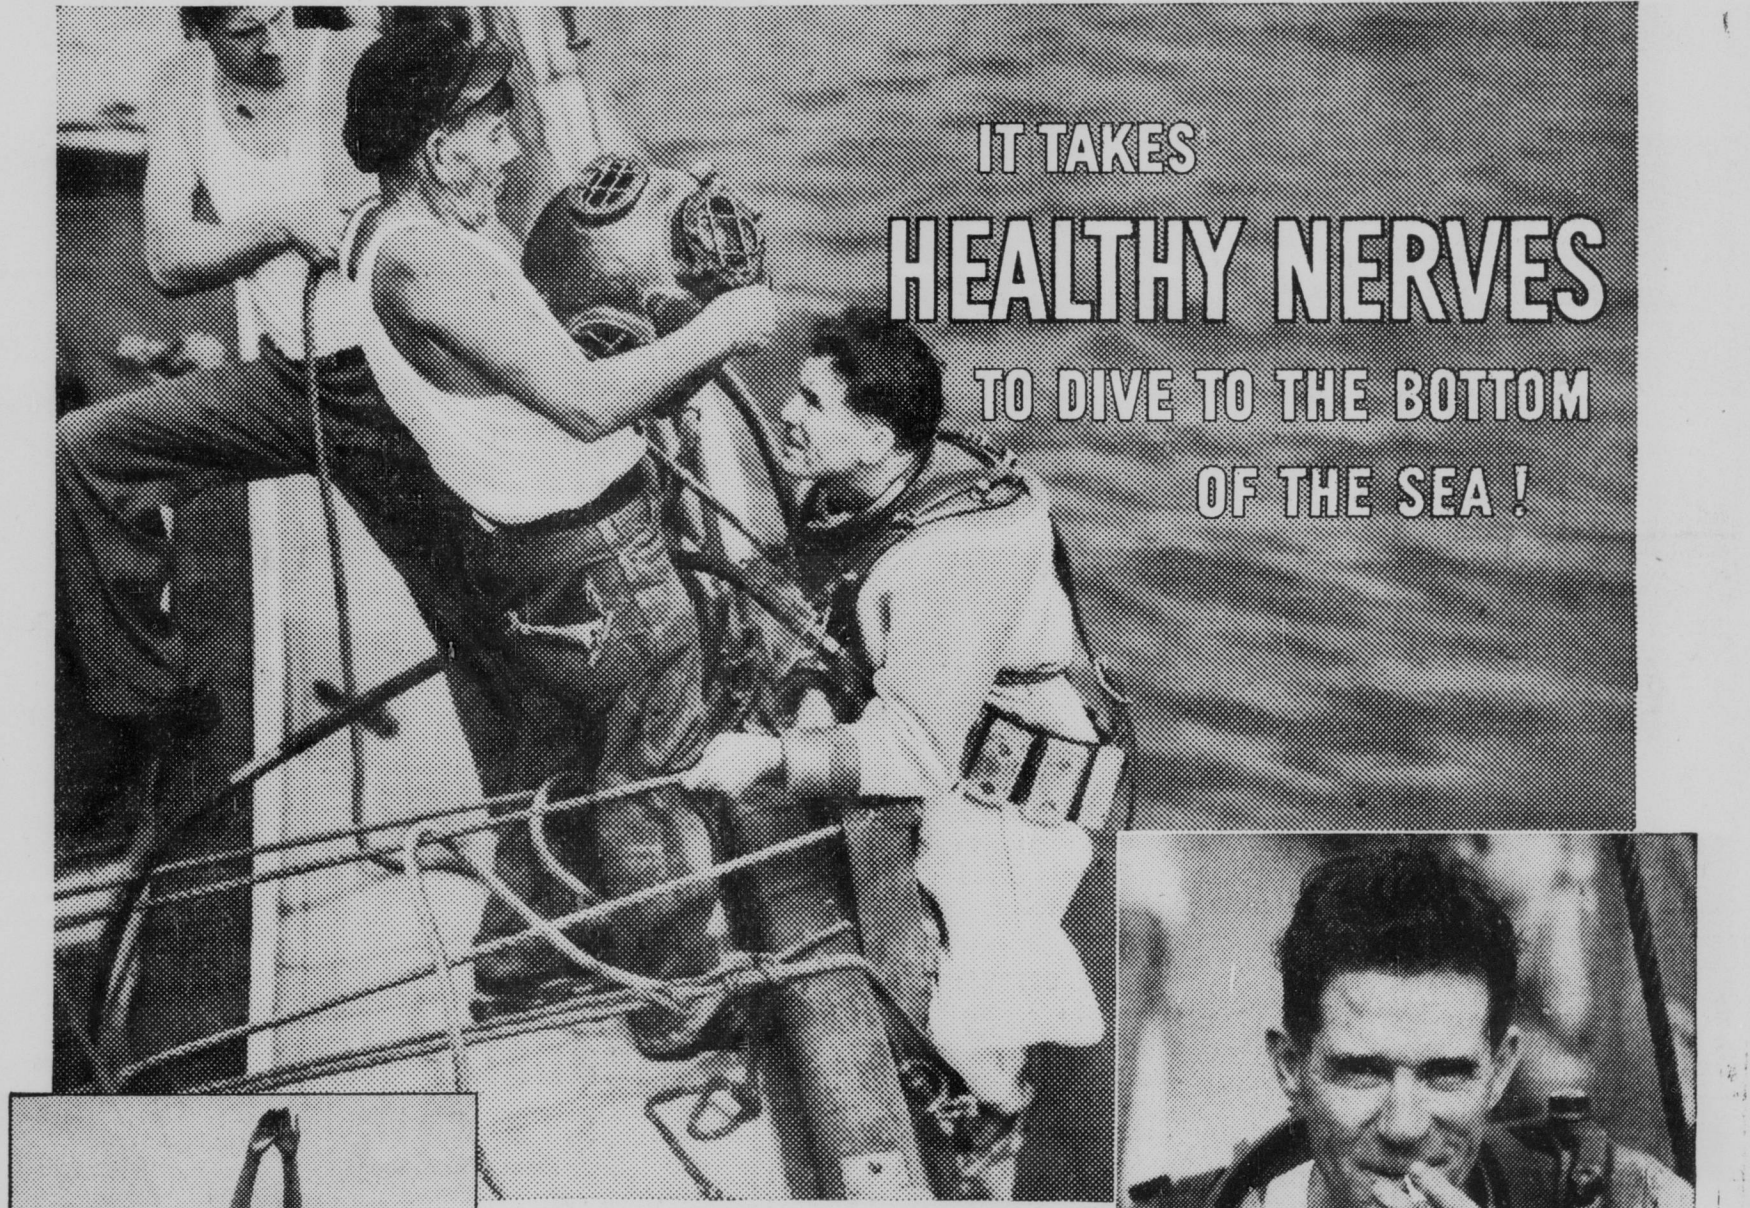

A friend had urged her to do as she had done . . . reasoned that the "trouble" probably came from within the body—the blood.

She followed her advice to take S.S.S. Tonic . . . what happened? First, she felt better. Then she replaced a tired-worn-out, down-turned mouth with a more cheerful and gradually her skin took on a clear, healthy tone. Then when she added powder and lipstick . . . what a difference! Do you wonder she is happy? No more open dates now.

You owe it to yourself and associates to try S.S.S. Tonic . . . a very old, acceptable, successful product. It will not interfere with any other medicine you may desire to take at the same time.

S.S.S. is obtainable in any drug store . . . it is liquid of course . . . never sold in tablet form.

We invite you to take a course of S.S.S. Tonic . . . its positive action, demonstrated by modern scientific methods, is your guarantee of satisfaction—its benefits will surprise you.

IT TAKES HEALTHY NERVES TO DIVE TO THE BOTTOM OF THE SEA!

• ABOVE—FRANK CRILLEY, champion deep-sea diver of the world, retired naval diver, holder of the Congressional Medal of Honor, the Navy Cross and other decorations, about to go over the side in a nerve-racking, deep-sea descent. His rescue work includes diving at such disasters as that of the ill-fated submarine F-4 off Honolulu, the S-4 at Provincetown, the Messina earthquake, and many others.

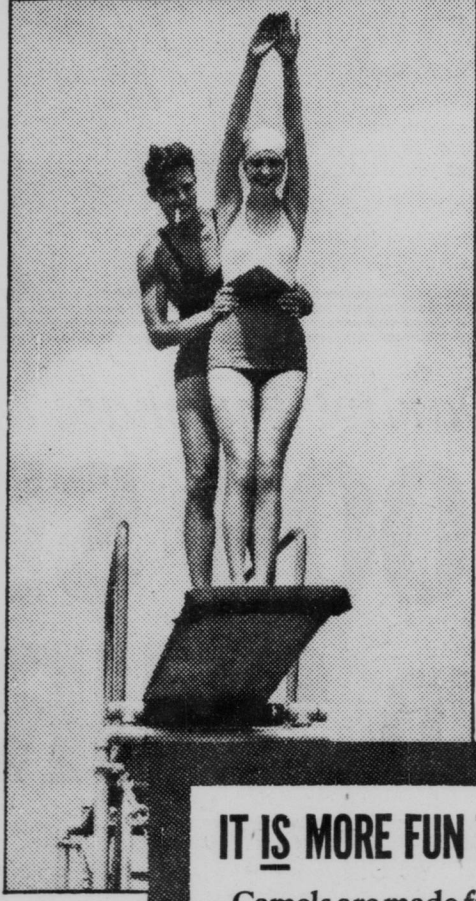

• LEFT—DIVING FOR FUN calls for healthy nerves, too! You can smoke all you want and never have jangled nerves, if you switch to Camels. And they taste better, too!

• ABOVE—HEALTHY NERVES are essential to a deep-sea diver. Frank Crilley, who has been an enthusiastic Camel smoker for many years, says, "Camels never upset my nervous system."

Steady Smokers turn to Camels

FRANK CRILLEY says, "Deep down under 300 feet of water, working feverishly under terrific pressure—no place for a nervous man! That's why a diver's nerves must always be in perfect condition. And that's why I smoke Camels and have smoked them for years. They are a milder cigarette and they taste better. But more important than that to me—they never upset my nervous system."

Camel's costlier tobaccos are milder, do taste better. They never get on the nerves. Men and women whose very lives depend on healthy nerves have discovered this. Your nerves will confirm it. Start smoking Camels today and learn the difference.

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. You will find Camels rich in flavor and delightfully mild.
