

DISARM WORLD IS PLEA VOICED BY DR. CADMAN

Says Success of Parley Hinges on German, French Action.

Belief that only disarmament will avert another war was expressed last night by Dr. S. Parkes Cadman, pastor of the Central Congregational church, Brooklyn, N. Y., in his address at the Founder's day dinner of the Indianapolis Young Men's Christian Association.

More than 500 members of the association and workers in the health and happiness crusade to enroll new members attended the dinner. James M. Ogden, past president, presided and introduced Dr. Cadman.

"Germany is ready with manpower to march across the Rhine tomorrow, and France is watching Germany," Dr. Cadman asserted. "Unless France and Germany can be brought to an understanding of good will, I hold no hope for the disarmament conference."

Observations during a visit to Europe last summer provided the basis for his opinion.

The "new deal" in the United States will have little or no effect if the disarmament conference should fail, Dr. Cadman said.

The dinner was in tribute to Sir George Williams of England, who founded the Y. M. C. A. and was a close friend of Dr. Cadman.

BACK YARD GROWER BRINGS PRIZE HOME

Dahlias Win Blue Ribbons at World's Fair Exhibition.

By United Press

MASSILLON, O., Oct. 11.—Although Harold Shanabrook's hobby of raising dahlias is "strictly a backyard affair," he brought home three blue ribbons after exhibiting his blooms at the International Flower show of the Century of Progress.

Shanabrook sent only three blooms to the exhibit, and each won a blue ribbon in its class.

The most perfect of all the blooms measured thirteen inches in width and nine inches in depth. More than 25,000 dahlia blossoms were exhibited.

It generally is difficult enough to arrive at a grand slam contract, but when each partner's hand contains a suit with 100 honors and the opponents interpose a bid, the correct bidding becomes even more difficult.

CITY OBSERVES COLUMBUS DAY WITH PROGRAMS

Public Buildings Closed in Tribute to Discoverer of Americas.

The Nina, the Pinta and the Santa Maria and their famed commander, who first discovered the Americas 441 years ago, were commemorated throughout Indianapolis in a variety of Columbus day programs today.

A holiday is provided by law throughout the state and in compliance, public buildings, including the courthouse and statehouse, will remain closed, excepting only the gross income tax division in room 201 of the latter, which was to be open until 2 p. m.

In the pagan and story, the feats of the discoverer will be extolled at all the schools of the city.

One of the most elaborate programs, both of religious and patriotic services, was held at today at the Holy Name Catholic church and school, congregation and pupils of which are chiefly of Italian extraction, as was Christopher Columbus.

Monsignor Marino Priori, pastor of the church, who recently was elevated to the post of domestic prelate by the pope, will be guest of honor and speaker at a meeting of the Holy Name Society at the church tonight, where he will be presented with a gift by members of the society. His subject will be "The Bearing of Discovery Day on the Present Time."
