The Hoosier organization, headed by E. Kirk McKinney, Indianapolis, has approved tentatively loans on 23,989 homes, and leads the list of all state corporations.

Reports Wells.

Executive committee of the Indiana Restaurant Owners' Association will meet tonight in the office of W. S. Akin, secretary of the association, Guaranty building, to act on NRA problems.

Francis Wells, Indiana NRA director, revealed that unless something is done to eliminate price-cutting and to provide a uniform "mark-up" on restaurant prices within a week, majority of Indiana restaurateurs, will be forced to desert NRA.

Under the present system, according to Mr. Wells, restaurant owners estimate that 35 per cent of their gross revenue is expended in labor costs and 56 per cent in food costs, leaving only 9 per cent for utilities, rent and miscellaneous, including profit to the operator.

A direct appeal to President Roosevelt, made by the restaurant association, has not been answered, it was learned from Mr. Akin.

Twelve Checks

of unusual value

Of all the services that we are privileged to render, we can most heartily commend our **One-Year Monthly Income plan.**

After the death of the insured we deliver twelve checks, one every month for a year. A favorite amount is \$100 monthly.

These ready dollars in that trying first year are beyond valuation. They furnish comfort and assurance; a chance to collect thoughts, revive courage and lay new plans.

The premium, paid once, twice or four times a year, runs about a nickel a day at age twenty, a dime in the early forties or a few cents more if you start later in life.

Larger amounts or longer periods can be arranged. A choice of policy forms is available. Premium referred to above is for "Endowment at Age 65."

Set up this safeguard for your home circle and they will never be caught unprepared. It will make an ideal supplement to your lump-sum insurance.
