Even an experienced cook smiles with pride when she produces a perfect roast. Miss Ruth Chambers demonstrated modern methods of cooking meat at the Times free cooking school at the Murat yesterday.

Rush It to Russia

Deadline Mailing Dates for Foreign Yuletide Presents Announced by Indianapolis Postoffice.

BY WILLIAM M'GAUGHEY
Times Staff Writer

ALTHOUGH you can send that Christmas present to your cousin in Milwaukee on Dec. 24, you had better start doing your Yuletide shopping early this year, if you want to send nuts to Charley's aunt in Brazil or rice to your laundryman's brother in China, in time for the gifts to hang on the Christmas tree.

The Indianapolis postoffice today announced a complete list of deadline dates for mailing packages to foreign ports in time for Santa Claus to bring them down the chimney on Christmas eve.

Nov. 25 is the final date for mailing articles to British India, Ceylon, Japan, China, Siberia and Aden.

If you have a remembrance to send to Minister Meredith Nicholson in Paraguay, you must mail it before Nov. 29. Also packages for Argentina, Bolivia, Chile, Persia, Uruguay and Sierra Leone, on the west coast of Africa, must be in the mail by that date.

Now that President Roosevelt has officially recognized the Union of Soviet Socialist Republics (Russia to you), it might be a nice friendly gesture to send Stalin a bright fountain pen full of red ink for him to use in keeping the minutes of the meetings of the Communist council, of which he is secretary. But the present must be in the mails by Dec. 5.

You also must plan to mail gifts to the following countries twenty days before Christmas to get them there in time: Austria, Brazil, Bulgaria, Cyprus, Czechoslovakia, Denmark, Ecuador, Egypt, Finland, Greece, Hawaii, Hungary, Latvia, Lithuania, Madeira, Nicaragua, Norway, Palestine, Peru, Poland, Portugal, Rumania, Salvador, Spain, Sweden, Syria, Trinidad, Turkey, and Yugoslavia.

Practically at our front door is Bermuda and Cuba. Drop your packages for these countries in the mail box before Dec. 15.

The postoffice has fixed seventy-two inches in length and girth combined as the maximum dimensions for parcel post articles. The postal rate, in general, is 14 cents for each pound or fraction of a pound.

One of the postal requirements is for the senders to make the necessary custom declarations to be affixed to the parcel at the time of mailing. Further information on this subject can be given at the parcel post station in the main postoffice or at the Illinois street station.

Due to the custom formalities which must be complied with in the various countries, postal authorities are unable to state definitely the exact time required to assure delivery of packages.

SLAYER'S PLEA DENIED

State Supreme Court Refuses to Rehear James Anderson Case.

Indiana supreme court today denied the petition of James Anderson, sentenced in Dearborn county in 1929 for the slaying of Sheriff Herman Lang, for rehearing. Anderson will be executed Dec. 8. The original date of execution was to have been Friday when he would be electrocuted with Charles Vernon Witt.

The Governor still has Witt's plea under advisement.

CONTRACTS FOR REDUCING FARM PRODUCE READY

2,000,000 Expected to Take Advantage of Offer by United States.

WASHINGTON, Nov. 22.—Contracts by which almost 2,000,000 farmers are expected to agree to reduce corn and hog production in 1934 will be distributed to county agents this week, farm administration officials announced today.

The administration seeks to reduce corn acreage 20 per cent and hog production 25 per cent in 1934. Benefit payments for every farmer who complies will begin immediately after contracts are accepted. They are expected to total \$350,000,000, of which \$180,000,000, to be distributed at once, covers two-fifths of hog benefits at \$5 per head and two-thirds of corn payments of 30 cents per bushel of average production on each acre removed from planting.

INTERNATIONAL HOUSE CLOSED AT UNIVERSITY

Action in Oregon Follows Decrease in Foreign Students.

EUGENE, Ore., Nov. 22.—University of Oregon's international house, which attracted nation-wide attention for several years, is closed. Decrease in numbers of foreign students attending the university, coupled with financial difficulties, is responsible. For the last few years students from many lands, representing several races, had lived there each year. American students always were kept in minority. It is expected the house may be reopened next year.

WHITE SHRINE TO MEET

Memorial Service and Dinner on Schedule Tomorrow.

White Shrine of Jerusalem No. 6 will hold its regular meeting in Castle hall, 230 East Ohio street, tomorrow night at 8. A memorial service for Mrs. Salome Binkley will be given and a pitch-in dinner will be served at 6:30. Mrs. Mary Koncke will preside.

The child population of England increased 40 per cent between 1851 and 1931.

MOTHERS' CLUB TO HOLD PARTY

Left to Right—Mrs. Carl Smith, Mrs. Lewis Grabhorn, Mrs. Earl Gordon and Mrs. Glenn Bertels.

Mothers' Club of the Brookside Free Kindergarten will hold a benefit card party Thursday afternoon at 1:30 and evening at 7:30 at the school, Sixteenth and Olney streets. Mrs. Gordon is president of the organization and Mrs. Smith, Mrs. Grabhorn and Mrs. Bertels are in charge of arrangements. Miss Ida Conner and Miss Virginia Stout are the kindergarten teachers.

DOCTOR, 73, HAS GIVEN STORK AID 6,000 TIMES

Connecticut Physician Started Forty-Six Years Ago.

NORWALK, Conn., Nov. 22.—For forty-six years Dr. Arthur N. Clark, now 73, has been right hand man to the stork in this town.

Known throughout eastern medical circles for his obstetrical work, Dr. Clark recently delivered his 6,000th baby. He has brought as many as three generations of one family in the world here.

His white beard is known to hundreds of children, who get their first pat of the back from him. He finds his chief recreation in the water, and a two-mile swim still is a common practice for him.

'TERRIBLE' PHOTOGRAPH AWARDED FIRST PRIZE

Picture of Son Mother Disliked Won Against 15,000.

KANSAS CITY, Mo., Nov. 22.—When Mrs. Russell Harris saw the pictures of her son, C. D. Russell, taken by a local photographer, she said one word.

The word was "terrible." A few days later the photographer, sure that the work was better than ordinary, told Mrs. Harris the picture had won a \$250 prize in a competition in which 15,000 other child poses were exhibited.

BRITISH LABOR LEADER LASHES 'SLAVE SYSTEM'

Workers Can Not Buy Back Goods They Make, Is Author's Claim.

The unequal ratio between production and consumption of world goods was attacked by Fred Henderson, British Laborite and writer, in an address before 600 persons in Eagles hall last night under the auspices of the Socialist party.

"The core of the present world situation is that the majority of people are not allowed to have or consume the majority of goods, which fact is economically necessary for an organized society. The result of the machine age has been a limitless supply of goods for human wants. Yet there is plenty in only a small number of homes. Wages are still based on the base costs of living. The capitalist system is breaking down because it fails to distribute buying power. The working classes have no opportunity to buy back the commodities which are produced.

slave system, in which the community lived off of the slave's labor. As long as means of production are privately owned the working class shall be burdened with this relationship of slave to master. The new power of production offers plenty to all. Either this must be accomplished through proper distribution or we are heading for disaster."
