

CITY ON SEARCH FOR MORE JOBS IN RELIEF WORK

Officials Study Projects to Take 5,000 Off Charity Rolls.

After pleading vainly for additional funds for labor in the last several years, city and county officials today were in the embarrassing position of having their pleas answered by a deluge of workmen and not enough jobs for them to do.

With 5,000 heads of families taken from relief rolls this week and placed at cash wages jobs, including 1,000 men who started today on flood prevention work, local officials

tried to find ways to find tasks for another 5,000 men, who must be given work by Dec. 1, under the government re-employment program.

In selecting projects for these groups, the city and county are handicapped by the fact that the work must be completed within ninety days, and by the fact that funds for materials and supplies are limited.

This latter fact precludes any extensive new building construction.

The 4,000 men who started to work Monday will receive their first pay checks Saturday.

These checks, totaling between \$50,000 and \$60,000, the first cash wages most of the men have seen in more than a year, will be for the first four days' work.

The week following, the total pay roll will be about \$75,000, and by Dec. 1, when the full 10,000 men are at work, the pay roll should total \$150,000, or more, each week, it was estimated today by William H. Book, state unemployment relief commission director.

Under the program, unskilled laborers receive 50 cents an hour, for thirty hours a week; skilled workmen receiving \$1.20 an hour. The laborers are paid with funds provided by the federal government.

BUSINESS AWAITS MUCH OF NEW BARGE SERVICE

River Navigation on Modern Basis to Open in Spring.

By United Press KANSAS CITY, Mo., Nov. 22.—Midwest industry and commerce are awaiting impatiently the coming of spring and the commencement of federal barge service on the Missouri.

The Inland Waterways Corporation, federal operated barge service, will open its traffic office in early spring to help shippers prepare for the beginning of modern river navigation.

Improvement on the Missouri has reached the stage where it is now possible to "float" cargo from the Mississippi at St. Louis to Kansas City, where a new \$400,000 dock and terminal have been erected.

'BUY JAPANESE' DRIVE GETS EMPEROR'S AID

Imperial Household Will Conform as Much as Possible.

TOKIO, Nov. 22.—Emperor Hirohito has been given limited assent to the campaign to "Buy Japanese," according to the Nippon Dempo News Agency.

The imperial household, according to the agency, heretofore will use Japanese made woolen cloth and other all-Japanese products, insofar as possible, except certain wines and tobaccos.

Sword blades worn by members of the imperial household police also will be made by Japanese swordsmiths in future. Heretofore they have been imported.

PUPPET STUDY OFFERED

University of Vermont Adds to Its Curriculum.

BURLINGTON, Vt., Nov. 22.—Puppet shows, their construction and manipulation, are a new project sponsored at the University of Vermont.
