

LAKES TO ADD BEAUTY SPOTS IN STATE HILLS

8 Reservoirs to Be Built
in Southern Indiana by
Forest Army.

Southern Indiana's arid woodland hills will be transformed into a land of lakes, according to plans announced today by Virgil M. Simmons, state conservation commissioner.

Eight lakes, ranging in area from eight to twenty-one acres, will be created in the state forest reserves in Brown county, Morgan-Monroe, Henryville and Harrison county. In announcing the projects, Mr. Simmons pointed out that the one drawback to the scenic beauties of southern Indiana has been the lack of water, there being neither rivers nor lakes among the hills there.

Bathing, Fishing Planned

"We will impound the water and form the lakes," he said. "The plans also include erection of bath houses, camp sites on the shore, boat piers and all the other equipment that goes with state parks."

"Our fish hatcheries will stock all lakes and we expect them to be fine fishing grounds."

Cost to the state will be little or nothing, Mr. Simmons pointed out, since the work of building dams to impound the water and other construction will be carried out by the civilian conservation corps.

Fire Towers Built

These camps, financed by the federal government, have 5,800 in attendance in the various locations this winter, he pointed out. Other work of the conservationists includes building fire towers, cutting fire lanes, trails and roads through the forests. There are thirty camps throughout the state. The reforestation program will mean setting out 25,000,000 seedling trees now being grown in thirty nurseries created by the campers, according to Mr. Simmons.

Shopping.

Money will begin flowing out of city banks with the velocity of a White river flood today as depositors receive Christmas club savings checks.

However, all of this money, amounting to about \$250,000, will be whizzing back into circulation as shoppers begin to whittle away at the gift list for relatives and deservng friends.

Four thousand frugal depositors of the Fletcher Trust Company, who had put penny by penny away for the big orgy of Christmas cheer, will receive approximately \$105,000. Members of the People's State Bank Christmas Club will get their dividends, amounting to approximately \$20,000, on or about Dec. 5. The Union Trust Company will distribute about \$8,000 in Christmas checks. Other city banks and saving organizations are preparing to open wide the dim recesses of the

STOP THAT COLD

THE FIRST DAY!

A cold once rooted is a cold of danger! Trust to no makeshift methods. A cold, being an internal infection, calls for internal treatment. A cold also calls for a COLD remedy and not a preparation good for a number of other things as well. Grove's Laxative Bromo Quinine is what a cold requires. It is expressly a cold remedy. It is internal and direct—and it does the four things necessary. It opens the bowels, combats the cold germs and fever in the system, relieves the headache and grippy feeling and tones and fortifies the entire system. Anything less than that is inviting trouble. Get Grove's Laxative Bromo Quinine at any drugist, 30c and 50c. Ask for it by the full name and accept no substitute on any pretext.—Advertisement.

money boxes to live the spirits of their many holiday depositors. Meanwhile department stores, in anticipation of the annual spending spree, have girded up their sales forces, brightened up their windows with intriguing offers and scoured the world for new and novel objects. While the sagacious buyer has cannily scouted the Christmas wares and ordered his presents, the open season for yuletide hunting begins officially with the release of Christmas savings checks on Dec. 1.

Negro Wounded in Fight
A fight that marred a Thanksgiving yesterday resulted in Joseph Clark, 27, Negro, 1231 Madeira street, receiving a serious bullet wound in the neck. He was taken to city hospital. Police held James Rice, 27,

of 1226 Madeira street, on a charge of assault and battery with intent to kill. One of the deepest holes in the world was drilled in 1926 in Orange county, California; it was sunk to a depth of 8,201 feet.
