## \$15,000,000 IS CWA PAY ROLL IN INDIANA SO FAR

100,000 Paid Sum for First Period; 300 Projects in Marion County.

First period of the civil works administration program brought more than \$15,000,000 in wage payments by the federal government to Indiana, it was announced today at CWA headquarters.

As scheduled, the first period closed yesterday.

Total pay roll for the eleven weeks ending Feb. 8, was \$13,827,863.45, a tabulation showed. Pay roll for the week following was estimated at \$1,275,000, making a total of \$5,102,863.45.

Expenditure for materials, equipment and tools was another \$2,500,000, it was estimated. Only \$100,000 of this came from federal funds, which purposely were for wage payments. The remainder expended was raised by local governmental units where improvements were made as CWA projects.

Over 100,000 Employed

The plan gave employment and cash wage payments to more than 100,000, most of whom were taken from relief rolls of the community where the work was done.

Largest single project was on the White river levee in Indianapolis, with 1,800 men employed. Other Marion county projects included:

West Michigan street, Warfield and Ravenswood levees; enlargement of the Twenty-sixth street bathing beach, Indianapolis park board's beautification program, including planting of 100,000 trees and shrubs; painting, repairing and re-decorating public school buildings; extension of Kessler boulevard, Sixteenth street and Lynnhurst drive. Projects here totaled 300.

Other State Improvements

Aviation received a big impetus through CWA, the airport division having approved plans for sixteen new airports and improvement of thirteen existing fields. Air marking for 400 towns and cities also was carried out.

Various surveys were financed, including health conditions, governmental activities, geographical and topographical. Hundreds of public health and hospital nurses were financed through the CWA funds.

Thousands of library books were put into shape by rebinding and governmental records brought up to date and placed in orderly files, the report showed.

## DRUG STORES ROBBED

Same Bandit Believed to Have Looted Two Places.

Police today sought a burglar who entered the Williams pharmacy, 2701 College avenue, early today and pried a pay telephone from the wall and took 60 cents from a cash register.

Later the same thief, according to police, broke into the drug store owned by Clyde Menaugh, 2945 Broadway, and stole miscellaneous articles valued at \$75.

## Card Party at Rhodius

A half ton of coal will be the first prize in a card party to be held at the Rhodius Park community house by members of the Rhodius Park Flower Club at 8 tonight. John Logue, president of the club, will act as host.

## LOTTERY POOL TICKETS SEIZED

Five Are Arrested in Raid on Cigar Store; Face Gambling Charges.

In a raid on a cigar store at 410 Indiana avenue last night, police seized 4,000 baseball lottery pool tickets and arrested five men on charges in connection with operating and maintaining a gambling house.

Police allege they found 300 books of tickets concealed beneath a staircase. More than \$37 in cash also was confiscated.

Those arrested were Isaac Miller, 21, of 717 South Illinois street, charged with maintaining a gambling house; John Hamilton, Negro, 36 West St. Clair street; Leon Bennett, Negro, 754 North Senate avenue; William Bailey, Negro, 2950 Paris avenue, and Roscoe Chambers, Negro, 851 Torbett street, charged with gambling and visiting a gambling house.

## CLEAN UP TWIN CITIES, ADVOCATES CUMMINGS

Bremer Family Aid Disappointing, Says Attorney-General.

WASHINGTON, Feb. 16.—Attorney-General Homer S. Cummings said late yesterday Minneapolis and St. Paul were "in need of a clean-up."

The attorney-general made the statement in connection with a discussion of the Bremer kidnapping case in which he said the justice department did not have confidence in segments of the local police force and that he was disappointed in the co-operation he had received from the Bremer family.

"You can quote me as saying," the attorney-general said, "that if any city needs cleaning up, Minneapolis and St. Paul are the cities."

## NOTED DRAMATIST DIES

Sewell Collins Passes Suddenly, But 'Show Goes On.'

LONDON, Feb. 16.—Sewell Collins, 58, American theatrical producer, dramatist and newspaper man, died suddenly at luncheon yesterday.

His wife, Margaret Moffat, true to tradition, played last night her usual role in the comedy "The Wind and The Rain" without revealing his death either to the audience or to the cast.

Mr. Collins, native of Denver and student at Notre Dame university and West Point, was first a cartoonist on the Chicago Tribune, then dramatic critic of the New York Journal. Later he was a war correspondent and magazine writer.
